Some Reasons Why the Movement is Peculiarly Appropriate--Chattanooga Patriotism.

overheard one say of her, "By heaven she's painted!" "Yes," retorted she indignantly, "and by heaven only!" Ruddy health mantied her cheek, yet this beautiful lady, once thin and pale, and suffering from a diry, hacking cough, night-sweats, and spitting of blood, seemed destined to all a consumptive's grave. After spending hundreds of dollars on physicians, without benefit, she tried Dr. Fierce's Golden Medical Discovery; her improvement was soon marked, and in a few months she was plump and rosy again,—a perfect picture of health and strength. This wonderful "Golden Medical Discovery," now world - famed as a remedy for consumption, which is really lung scrofuls, is not only an acknowledged remedy for that terriby fatal malady, when taken in time and given a fair trial, but also for all forms of Serofulous, Bkin and Scalp Discases, as White Swellings, Feverscres, Hip-joint Discase, Salt-rheum, Tetter, Ecrems, Holds, Carbundes, Erspleias and kindred nilments. All scaly, crusty, itching, troublesome eruptions yield readily to its curative powers. It invigorates the liver, enriches the blood and promotes all the bodily functions. It is the only liver, blood and lung remedy, sold by druggista, under a positive guarantee that it will do all that it is recommended. Correspondence St Louis Globe-Democrat CHATTANOGA, Tenn., July 21 .-The Chicamauga National park bill has passed the senate and house. President Harrison's known frieudliness to the measure makes the signing of the act a question of only a few days. It is doubtful if congressmen realized the magnitude and the importance of the project when they voted for it. Certainly the people generally do not know The details of what is contemplated have received little publicity. By the bill just passed there is appropriated \$125,000. This, it is under stood, will be sufficient for immediate purposes. But it is expected that other appropiations will be made from time to time. Details of the Park Which Will Glorify American Valor.

First the legislatures of Georgia

There is no other battlefield of the late war which has undergone such slight change as that of Chickamauga. The country roads are just where they were twenty-seven years ago. The pine trees look about as they did then; and they are the identical trees that stopped the bullets in '63 as is attested by the

tion of forest. Even the fences are what I conceived to be my duty, on the same lines. The bill just passed provides for esty and sincerity of purpose. I the purchase and the preservation certainly have no apology to make in its present condition of the battle- for anything that I did and I expect field of Chickamauga. Besides the well-preserved conditions of these fields, there is another fact about the battles fought upon them which makes this movement peculiarly appropriate. Chickamauga is notable for the widely representative character of the troops who were there. It is certainly not treason to anybody that such men should meet as we have done here, to keep alive the memories of our past, and rekindle anew in our breasts that attachment for each other that always exists between men who heroically suffer for a common cause. I am sure that I voice the sentiment of every man here with that beautiful badge of honor on his breast when I declare that there is not in the heart of a single confederate soldier any where a single sentiment other than that of loyalty to the flag of the republic-not a single lingering particle of hate or malice toward a single man who wore the blue, and that does not imply that our duty to a restored union should actuate us to be always beging somebody's pardon and ac knowledging to the world that we and our comrades who consecrated this field with their blood were trai- G.
