AN OLD MAID'S SOLILOQUY.

"To take or not to take it, is the question—
Whether it is better to end this earthly career
A spinster—braving the smiles of those who would insist
That lack of lovers caused my lonely state,—
Or take the remedies my sisters take,
And see my eyes grow bright as tho' I bathed
In the immortal fount De Leon sought
In vain in Florida's peaceful shades.
I oft have heard my married sisters say [tion
That good old Dr. Pierce's Favorite Prescrip-
Would bring back color to a faded cheek—
Restore the health of one who fain would die
To rid herself of all the pain she feels."

The aforesaid spinster took the remedy—and forthwith took a husband also, having regained her health and blooming beauty.

Thousands of women owe their fresh, blooming countenances to the restorative effects of Dr. Pierce's Favorite Prescription. It is a positive cure for the most complicated and obstinate cases of leucorrhea, excessive flowing, painful menstruation, unnatural suppressions, prolapsus, or falling of the womb, weak back, "female weakness," anteversion, retroversion, bearing-down sensations, chronic congestion, inflammation and ulceration of the womb.

The other departments of the fair give promise of being superior in every respect to any held in recent years. From one of the officers of the society who is always fully informed on what is going on, the JOURNAL receives this information:

"From the facts which have come to my knowledge I am satisfied we are going to have a very fine exhibition of stock from different parts of the country. We shall have horses and cattle from Dakota, Minnesota and California, and of course from Washington and Montana."

The big posters for advertising the fair have been printed and are in the hands of Secretary Gregg, who will send them out soon and have them put up in all parts of the Northwest.

Largest Holstein Yield on Record.

34 lbs. 9 oz Butter in 7 Days.

Eds. Country Gentleman—We have just finished a good butter record at our dairy, for the details of which we ask space in your columns.

As will be seen by the following: The cow Natsey 2265, H. H. B., has just made an undoubted record of 34 lbs. 9 oz. of unsalted butter in seven days, which beats Lady Baker's record of last year by 3 ounces, and which, we believe, is the greatest seven days' record ever made by a Holstein-Friesian cow.

The following table gives the weights of each day's production of milk. The cream was churned in two separate lots:

1890.	Milk lbs.	Butter.
June 28	81½	
" 29	79	
" 30	80	
July 1	79	
	319½	18 lbs. 13 oz.
July 2	79	
" 3	79½	
" 4	71	
	229½	15 lbs. 12 oz.
		34 lbs. 9 oz.

Total—548 lbs. 12 oz. milk made 34 lbs 9 oz. butter; 15½ lbs. milk to 1 lb. butter.

The test was unsatisfactory in one respect. Through an unavoidable accident in handling the cream of the first four days, about one quart of it was spilled and lost; this would have added at least seven or eight ounces of butter to the record. This, however, is our misfortune, and we only claim the actual product of butter.

The cow was fed ground corn and oats, wheat bran, cottonseed meal, oil meal, alfalfa and green clover—all the alfalfa and clover she would eat. She had no drink except what she obtained from the water troughs in the yards. We will not take the space here to publish all the affidavits of those who had the cow in charge. Suffice it to say that we have them in due form in our possession, and copies may be had by any one desiring them.

Natsey 2265, H. H. B., was bred by M. S. Veeman, Marssum, Friesland, calved March 5, 1881, and was imported by Thos. B. Wales, Esq., July 21, 1882. She was sold to H. A. Morse of Genoa Bluffs, Iowa, who sold her to H. A. Brown of Marengo, Iowa, and then Mr. Wales bought her again and sold her to us at the Chicago sale Nov. 14, 1889. In June last year, Mr. Wales tested her and she made 31 lbs. and 9 oz. of butter from 473 lbs and 15 oz. milk. He says that "the circumstances of the test were unfavorable, and was quite positive that she could surpass Lady Baker under equal conditions." Her advanced registry number is 646. She is a magnificent animal, and one of the strongest and heartiest of cows we have ever seen. We propose next year to have her make a year's record, and would have done so this year had we been prepared.

Speaking of Lady Baker she is also in our herd, and will be tested again this fall. We also have her son Judge Baker 11884, H. F. H. B., A. R., by Trotwoods Pride 217, H. F. H. B., her daughter Lady Baker 2d 2473, H. H. B., A. R. 841, by Dalrymple 612, H. H. B. Butter record 18 lbs. 6.4 oz., and Baker Lady 16039, H. F. H. B., a daughter of Lady Baker 2d, by Elbert Boy 1874, H. H. B. EHRICH & WHITE.
Colorado Springs, Col., July 15.

A Sensible Precaution.

Though disease cannot always be conquered, its first approach can be checked. But not only is the use of a medicinal safeguard to be recommended on the first appearance of a malady, but a wise discrimination should be exercised in the choice of a remedy. For thirty years or more Hostitter's Stomach Bitters has been the reigning specific for dys-pepsia, fever and ague, a loss of physical stamanin, liver complaint and other disorders, and has been most substantially indorsed by medical men as a health and strength restorative. It is indeed a wise precaution to use this sovereign fortifying agent and alterative in the early stages of disease, for it effectually counteracts it, if the malady belongs to thus large class to which this sterling medicine is adapted. Not only is it efficacious, but pure and harmless.
