The great W. S. Cleveland ministers and Emma Thursty's concert company, two first-class entertainments, are enroute for Salem.

Senator Dolph is addressing his constituents on the interests of Oregon in all the leading Eastern Oregon towns, and is not in the language of the would-be smart exchange, "up in Alaska, living on blubber and climbing over icebergs and getting many a hard fall."

A. M. Holmes, of McCoy, was in the city today. Mark Baily, Jr., son of Prof. Baily, of Eugene, a Harvard man of '90, is in the city enroute for Eugene.

BASEBALL NEWS. A League Game at Salem the 29th—Other Items. In a hotly contested game the Salems worsted the Farmers & Mechanics at Portland, score 7 to 1.

The amateurs game Sunday between the Bakers & Strangs and St. Paul nine did not come off, visitors failing to show up. The amateur games have the good effect of stimulating interest in baseball generally while producing young players who may develop into baseballists.

A letter received by Manager Minuto sets July 29th as the date for the Seattle League club to play the Salems. That will give the people of Salem and surrounding towns a good opportunity to see playing world looking at. The Bonquet City boys are almost a league club themselves, having but a few players who do not measure up to league standards.

With the present transportation facilities, fine weather and the growing interest in baseball, there can hardly help being an immense attendance at the fair ground park July 29th.

OREGON ALL RIGHT.—Last winter the Oregonian was laboring for the repeal of the mortgage tax and usury laws, it could not deplore sufficiently the mossbackism of Oregon that was driving money out of this state and building up the cities of Washington where more liberal laws allowed money to be invested more freely, etc., to the great advantage of the citizens of Washington and loss of Oregon. It now appears that these statements were all mythical. Washington is the paradise of the moneylender has nearly as many exploded booms as there are cities in that state. Times are reported very very dull in many places and all business men say that collections are slower there than in Oregon. A recent commercial report shows that there have been fewer failures in Salem than in any city of its size on the coast.

FOR GOD'S SAKE.—Two armenian "christians" worked the town Saturday, carrying letters from some English bishop stating their greatness of destitution, but that his letter was not to be used in England. It was evidently written not for home consumption, but for suckers in the United States. After a hard day's work gathering shekels the greasy hungarian evangelists were found by a reporter in front of a saloon smoking cigarettes and inquiring for the first boat to Portland.

Mistake the Artist. An economical old Salemite was banging around a Chloa raw this morning trying to find a place where he could get his buckskin filed at a reduced rate. One particular place that emitted ear-piercing sounds he tried several times to get into.

"No file saves holes," said a Chloa dude who came out of the place in lavender calico pants. He was the manager of Mongolian opera just imported from Kow Daug and the old man had mistaken the music of the Chinese fiddle for the music of saw filing.

Wonderful Results. For four years my wife suffered with large tumor bunches on the glands under the arms, and general debility of the whole system. She became so poor in health that we were on the verge of despair regarding her recovery. Physicians did not seem to understand her case; at all events she never derived any benefit from their treatment. She finally concluded to try Hood's Sarsaparilla. The immediate effect was so marked and satisfactory that she continued to take it, and this is the result she has gained in weight and is stronger and in better health than she has been for years. The bunches under her arms have diminished, and we believe Hood's Sarsaparilla will be too much for them in time. J. J. Noncoss, 226 Commercial Street, Boston, Mass.
