OUR SATURDAY NIGHT.

always interesting. It is a different only arouse the usual cry against proposition to each human being and no two will answer alike. If we were to say the object of life was to live well, it would be disproved by of caring for the unfortunates of the fact that most people do not live by any means well, either from the standpoint of morals or comfort. If we say to lead useful lives the answer is just as incomplete because more are useless than useful, if we take the thousands of millions on the globe. We must consider them all if we speak of the human race modern religious civilization, we cannot admit that there is any longer any chosen race. So what we live for brings up the whole coutroversy of the existence of the entire human race.

must involve an infinite purpose. We are more than the animal. But how do you prove this? Because we progress. We pass beyond inof architectual art and as the Greeks
