Stuart, of Texas, to be judge of the United States court for Indian Territory; Ernest P. Baldwin, of Maryland, to be first auditor of the treasury; Thos. THE SENATE CONFIRMS

In Executive Session Cleveland's Nominations.

WASHINGTON, March 20.—The senate has confirmed following nominations: Isaac P. Gray, of Indiana, minister to Mexico; Josiah Quincy, Massachusetts, assistant secretary of state; James B. Eastis, minister to France; Patrick A. Collins, Massachusetts, consul to London; Robert A. Maxwell, of New York, fourth assistant postmaster general; Wade Hampton, of South Carolina, commissioner of railroads; Wm. McAdoo, of New Jersey, assistant secretary of the navy, and some military appointments.

WHO THEY ARE

John E. Risley, nominated for minister to Denmark, is a brother-in-law to Senator Voorhees and a lawyer of high standing in New York. His appointment is said to be altogether due to business influence, having been recommended by the bank and shipping interests of New York.

Theodore Runyon, the new minister to Germany, is one of the prominent figures in New Jersey Democracy, and a man of pronounced ability. For many years he was chancellor of the state and has twice been its candidate for governor. Early in the war he took charge of a regiment of New Jersey troops, and served with distinction as an officer in command. At present he is practicing law in New York.

UNDER THE ELECTRIC CURRENT.

Dramatic Scene During His Speech to the Court.

NEW YORK, March 20.—Carlisle W. Harris, a young medical student, was today sentenced to be electrocuted during the week beginning May 8, for the murder of his wife, Helen May Potts. The court room was crowded and there were many wet eyes during Harris's speech. Among the most dramatic points in his speech were where he denounced Dilworth Choate, a newspaper man, and District Attorney Wellman; where with tears streaming from his eyes and sobs convulsing his frame he turned to thank his counsel, Lawyer Howe, saying he was a poor man, and could never repay his devotion, ending by handing him an envelope, which he said contained the dearest possessions of his life, Helen's last gift to him, a pair of cuff buttons. Harris spoke one hour and forty minutes. He made no sign as the recorder hurriedly pronounced the date for his execution.

COAL TRUST STILL FIGHTING.

The Minnesota Legislature—Case in the Courts.

ST. PAUL, March 20.—The coal combine fight grows warmer. It is now a battle between the legislature and the courts. This morning Judge Egan, of the circuit court, ordered detention of the sergeant-at-arms of house, and had Representative Walsh before him and demanded possession of the letter books of the coal combine. Walsh refused. The house ordered release of Walsh and sergeant-at-arms by court. The order was complied with. It is believed the matter will be taken to the supreme court.

ENGLISH INTEREST IN HAWAII.

The Royalist Party Satisfied With Cleveland's Plan.

WASHINGTON, March 20.—Hawaiian matters were discussed at the Saturday cabinet meeting. The result took the form of two typewritten pages of additional instructions to Commissioner Blount. The most that can be made out of it is that additional instructions were made necessary in the light of the last news from Hawaii. It is believed the reports indicating increased activity on the part of English have prompted a change in the previous instructions so as to offset any inroads that may be made upon the influence maintained up to that time by the American representatives at Honolulu. It is reported that the instructions which Blount was expected to convey to Minister Stevens, contemplated the withdrawal of the Boston's battalion from their station on shore and an explicit disapproval of Minister Stevens' act in establishing a temporary protectorate.

ENGLISH INTRIGUES.

English intrigues in Hawaii may cause a change in the administration's policy. There was a raising of eyebrows in official circles over the dispatches which told how the royalists were looking for support from the English interests, and how Major Wodenhouse, the British minister was seeking to discredit the provisional government. His meddling is natural enough, for he is along has been in favor of the queen. It does not seem to have occurred to some officials here that there was any meddling by another Englishman, Davies, the guardian of Princess Kalaulani, in coming to Washington on his self-appointed mission. He has been given plenty of unofficial encouragement here, and has shown his delight at the apparent unfriendliness of Cleveland's administration to annexation. Davies is the agent at Honolulu of the Canadian Pacific railroad. It was he who secured the rejection of the treaty negotiated by Blaine, but his present intrigues are not so dangerous as those of the British minister in Honolulu, and the administration seems to recognize this.

KALAUANI SATISFIED.

NEW YORK, March 20.—The Princess Kalaulani and party arrived Saturday night from Philadelphia and Washington. The princess and party will remain in the city until next Wednesday, when they will return to England on the steamship Majestic. Theodore Davies, who throughout has acted and spoken for the princess, said: "We only came here to secure recognition, and then ask the American people to look into these Hawaiian matters. The appointment of a commission by the president to go to Hawaii and formally investigate the matter of the proposed annexation is the very thing we want. There are 14,000 votes in Hawaii, and of these not over 4000 would be thrown in favor of annexation. You in America go by popular vote, and we are satisfied to do the same in Hawaii."

Republicans Will Oppose.

WASHINGTON, March 20.—Republicans think an effort to re-organize the elective offices of the senate will be made at this session, and are preparing to resist it. A prominent Republican leader stated that members on his side of the chamber were discussing the situation, and would organize a solid opposition. The Democratic senators say they have not decided on their course yet, and some of them are disposed to let it go over until December rather than have a fight now.

A Child Mother.

BRIDGEPORT, Conn., March 20.—Lizzie Bishop, aged 12, who was married a little less than a year ago to Henry Hinkley, gave birth last Sunday evening to triplets, two girls and a boy. Each girl weighs eight pounds and the boy seven and a half. The child mother is doing well; so are the triplets.

Regular Army Shooting.

CHEYENNE, Wyo., March 20.—Saturday afternoon William Unger, a private in the seventeenth infantry, at Fort Russell, was shot and killed by George Jones, a prisoner under his charge. One hour later Jones was shot and killed by Sergeant Myers and Private Robinson while resisting arrest. Jones was under arrest charged with having stolen a saddle from the post. He was put to work on the post grounds, and killed Unger while the latter was on guard duty.

A BATTLE FOR A TRAIN.

Train Robbers Handled Without Ceremony.

JELICO, Tenn., March 20.—Four desperadoes attempted to take the Louisville & Nashville southbound train Saturday, twelve miles south of here. Conductor Brown called on Sheriff Burnett and Deputy Dall who happened to be in another car to preserve the peace. The officers responded, and a pitched battle ensued in the smoking ar. When the smoke lifted, Sheriff Burnett was found dead, the deputy shot in the head, and one desperado fatally wounded. Dall was then overpowered and thrown from the train, but managed to grasp his gun and he wounded one and effected the arrest of another, permitting two to escape. Although internally injured, and suffering great agony, Deputy Dall took the prisoners to Careyville. At this place the wounded desperado was thrown on the platform to die while the other was taken on to jail at Jackboro. He will not live to see daylight, as the people are greatly excited, and declare that crime must be put down in a quick way.

Abbots of the Benedictine Order.

NEW YORK, March 20.—Summonses were served last week on all the abbots of the Benedictine order in this country to visit Rome on the second Sunday after Easter. The notices were sent by Cardinal Dugan. The occasion is the cornerstone laying of the college of St. Anselm. All the visitors will be given an audience with the pope. Abbot Hilary, of New York, is making up the party. The summonses are said to have been delayed, so there is short time left in which to make necessary arrangements. The abbots will leave New York on the steamer Aller April 4. The Benedictine order was founded in this country in 1846 by a rich abbot, Boniface Wimmer, at Westmoreland, Pa., and is now one of the strongest in the Catholic church in America. Representatives from all parts of the world will be gathered together at Rome on this occasion.

Mutineers Arrived.

SAN FRANCISCO, March 20.—The barkentine Tropic Bird arrived Saturday from Tahiti, with five mutineers of the bark Hesper. They are Thomas St. Clair, Herman Sparf, Thomas Green, Hans Hansen and E. Larsen. They were sailors on the bark Hesper, and last February, while at sea, decided to mutiny, kill the officers and some of the crew, and go on a piratical cruise. St. Clair chopped the mate to pieces with a hatchet and threw the body overboard. The captain with the assistance of the other officers and sailors, quelled the mutiny and put the conspirators in irons. He put into Tahiti, and landed the mutineers before proceeding on his voyage. They were brought here on the Tropic Bird, in charge of two French soldiers, and were turned over to the United States marshal.

Did Not Want to Return.

NEW YORK, March 20.—Fourteen Austrian emigrants, all men, who arrived on Sunday on the steamship La Bourgogne, were forcibly taken back to the steamer yesterday to be returned to Europe. They had been declared contract laborers and debarred. They were going to Joliet, Illinois, to work in an iron mill. When they were told to get ready to go aboard the barge that took them to the steamer, many of them wept, some clung to posts, and force was used to release their hold. They were carried bodily to the barge.
