ONE MILLION DAMAGES Claimed Against the Standard Oil Company. GRAVE CHARGES OF CONSPIRACY. Senator Roach of North Dakota Demands an Investigation. Standard Oil Company. TOLEDO, April 14.—Today City Senator Read, in behalf of the city of Toledo, will file a petition in the courts here, praying for an assessment of \$1,000,000 damage against the Standard Oil Co. Grave charges of conspiracy are made. It is alleged the Standard Oil Co. some time ago owned the Toledo Commercial, and published therein articles greatly to the city's discredit, and it was unable to dispose of its bonds.

PHYSIOGNOMY. Fine hair generally betokens native good taste and intelligence. The typical monkey face may be seen almost any day on the streets or at the matinees. Strong eyebrows betoken mental but physical power; when shaggy, lack of culture. A very short upper lip indicates liveliness of disposition, though not always kindness. Smooth, fine hair, of whatever color, always shows some degree of taste and refinement. The perfect forehead ends with almost horizontal eyebrows, clear, heavy and well defined. A month without lips, a mere slit in the face, belongs to a cold hearted, selfish character. Parallel, oblique wrinkles in the forehead are always signs of a weak, suspicious mind. A red complexion is bad, indicating coarseness of temperament, if not a tendency to drink. Disproportion of any kind between the upper and under lip is always an unfavorable sign. Combateness is indicated by a swelling of the head just above and a little behind the ear. Eyes with long corners and thick lids that cover half the pupil are always indicative of talent. The eyes should be distant from each other exactly the breadth of one eye; a greater distance indicates stupidity; a less, low cunning. People of good sense, delicacy and refinement have eyelids that are sharply defined and shade at least half the upper part of the eye.—St. Louis Globe-Democrat.

WASHINGTON, April 14.—The subject of the proposed investigation of Senator Roach of North Dakota, was precipitated in the senate this morning by Senator Roach himself. He said he was perfectly willing investigation should proceed. He had desired an investigation but yielded to the advice of older senators. More Nominations. WASHINGTON, April 14.—The president has sent the following nominations to the senate: L. H. Manull of Arizona, surveyor general of Arizona; I. Q. C. Lamar of Mississippi, recorder of general land office; Richard H. Alvey of Maryland, chief justice; and Martin F. Morrison of District of Columbia, and Seth Shephard of Texas, associate justices of the court of appeals, District of Columbia.

Who-Lamar Is. WASHINGTON, D. C., April 14.—Lamar, who is made recorder of the general land office, is the eldest son of the late Justice Lamar of the supreme court. He acquired some knowledge of the methods of the interior department when he was private secretary to his father while secretary of the interior. A Greaser Killer. PHOENIX, ARIZ., Apr. 13.—Pete Spruce, of Sentinel, yesterday killed another Mexican, making in all five in the last ten days. All were killed in self-defense. False Report. DETROIT, April 14.—A dispatch from Ypsilanti states there is no truth in the report that the village of Saline was wiped out by a cyclone. Several More. ST. LOUIS, April 14.—Several more deaths are reported today as the result of Tuesday's storm. Affairs in Servia. BELGRADE, April 14.—Servia is now under her king. For many months past the situation in Servia has been critical owing to abuse of power by regents and state officials. Affairs had become so bad the king determined to take the reins in his own hands. As a matter of fact the king had not yet attained a majority. According to Servian law he does not become of age until he is eighteen years old, and as he was born August 14, 1876, he will not be 18 for considerably over a year.

WHISPERS ABOUT WOMEN. Mrs. Blaine will spend the summer in Europe, and will be accompanied by her youngest daughter, Hattie. Miss Lucy Cabanis is a caterer and florist at Jackson, Miss., and serves as a woman's exchange to Mississippi housekeepers. Miss Mary Conant, living near Rochester, has managed her father's farm ever since his death, some four years ago, and made it pay well. Miss Julia Bryant, the daughter of William Cullen Bryant, the poet, has given 1,000 volumes from her father's library to the trustees of the Tilden trust in New York city. The "Lobster Woman" is the latest Paris wonder. Mme. Virginie Brisson is the woman's name, and for hands and feet she has exact counterparts of the claws of a lobster. Mrs. Robert Dunlap, who shines in Gotham's society, is prepared for a summer in the hottest climate. She has more than 1,000 fans, among the number some fine old Egyptian and Assyrian specimens.

log to be sold at less than two cents per mile. This rate will have no bearing upon the tariff from points west of the Missouri river. FRIEIGHT RATE WAR. The Southern Pacific Will Fight the Steamship Route. SAN FRANCISCO, April 14.—J. C. Stubbs, third vice-president and traffic manager of the Southern Pacific company, announces that on account of ocean competition his road will make further reductions in freight rates as soon as he can get permission of the freight-rate committee, which will be within 15 days. A new schedule of rates went into effect yesterday, which are considerably lower than the old rates, but the rates of the Columbia Steamship company in conjunction with the North American Navigation company, via the Panama railroad, are still lower. Stubbs proposes to meet their rates, and will make a big cut under a new all-rail schedule. This is taken as a declaration of war between the Southern Pacific and the Columbia Steamship company. The only points in California which will get the benefit of the reduced rates of the freight war are the terminal points—San Francisco, San Jose, Oakland, Stockton, Sacramento, Marysville, Newhall, Los Angeles and San Diego. All other points in the state will be charged the old rates.

Four Men Drowned. EUREKA, Cal., April 14.—Four men, strangers here, were drowned in attempting to cross Klamath river, near Gold Bluff. The bodies of two were found, also valises containing letters addressed to James Waddle, from relatives at Golden City, Missouri. The names of Charles, Ira and Eva Waddle, and Sadie Collier, Jessie Fell and T. J. Ridgeway are mentioned in the letters. Fatal Quarrel. JANEVILLE, Wis., April 14.—Nat Gibson killed his wife and Mrs. Hearn and then set fire to the house, which burned, together with the dead bodies. The tragedy resulted from a family quarrel in which Mrs. Hearn, a neighbor, acted as peacemaker. A posse is in pursuit of Gibson. Situation at Antlers. WASHINGTON, April 14.—Captain Guthrie, sent to report on the condition of affairs at Antlers, I. T., has made a report to the war department. He regards the situation as serious. It is believed more troops will be sent to the scene. An Agreement Probable. NEW YORK, April 14.—The conference between the committee of the clothing manufacturers and their locked-out men last night continued till long after midnight. It is understood the basis of an agreement was practically agreed on. A meeting will be held this afternoon to perfect arrangements.

Oregon City Bonds. OREGON CITY, April 14.—At a special meeting of the city council an ordinance for the issue of bonds for \$20,000 to fund the floating indebtedness of the city was ordered published. The bonds proposed to be issued will run 20 years at 5 per cent interest, payable semi-annually. It is expected they will be sold about May 1. Burned at the Stake. EUPALIA, Fla., April 14.—J. D. Barnett, keeper of a store near the line of Quilam and Clay counties, was murdered by Ed. Oiny, a negro. A posse of blacks and whites pursued Oiny, captured, tied and shot him to death. They piled fence rails on his body, saturated them with oil, set them on fire, and consumed the corpse. Now Servia's King. BELGRADE, April 14.—A bloodless coup d'etat was effected here last night, and King Alexander I, the youthful ruler of Servia, who had heretofore governed the country through regents, today rules in his own name.

THE AMERICAN FLAG No Longer Waves Over the Hawaiian Islands. THE NATIVES MAKE NO OUTBURST. Other Important Foreign Dispatches of the Day.

Stars and Stripes Lowered. HONOLULU, April 6.—Associated Press correspondence: The stars and stripes which for two months have floated from the government building have been hauled down, and the remaining forces from the United States cruiser Boston have been sent aboard. Nothing indicative of American authority remains in Honolulu save Minister Stevens and Commissioner James H. Blount, of Georgia, the latter of whom sits in his easy chair at the Hawaiian hotel cogitating, no one knows what. Probably no more distasteful task ever fell to the lot of a gallant American seaman than was imposed upon Lieut. Draper of the United States marine corps of the Boston, who has been stationed at the government house since the provisional government assumed power, when on April 1st, in the presence of a crowd, numbering probably 2,000 persons, he blew the notes of retreat from his bugle and "old glory" sank from the sight of the throng and was replaced by the hybrid colors of the Hawaiian monarchy, which still remains the flag of this land.

The Dock Strike. LONDON, April 14.—The danger of a failure of the dock-laborers' strike at Hull bids fair to lead to a general strike of the members of the Dock-Laborers' Union at all the principal points in the kingdom, greatly delaying the loading and discharging of cargoes. The Dock-Laborers' Union of Liverpool has made a demand on the members of the shipping federation to discharge all non-union men and for an advance in wages. It is believed that this is the prelude to a similar action by dock-laborers elsewhere. The general belief is that the shippers' federation will not grant the demands and will make a test of strength with the union. Work is proceeding at Hull with non-union men. Visiting Queen Victoria. FLORENCE, April 14.—King Humbert, accompanied by the royal suite, arrived here on a visit to Queen Victoria, who is spending several weeks at Villa Palmieri. Prince Ferdinand of Bulgaria and his mother, Princess Clementine, have also arrived in Florence. An Eminent Musician. VIENNA, April 14.—Hans Richter, the celebrated conductor of orchestral concerts, has resigned the position of director of the Court Opera theater in Vienna, and accepted the offer to take charge of the orchestral performances at the Chicago world's fair.

In the Reichstag. BERLIN, April 14.—If Ahiwardt keeps his word, the reichstag will have a session today. In the reichstag yesterday Ahiwardt announced that tomorrow he would present the documents which he recently promised to produce, implicating high officials and ex-officials in alleged corrupt conduct. The Brussels Strike. BRUSSELS, April 14.—Disorderly demonstrations were renewed today. The strikers paraded the streets and twice came into conflict with the police. The strikers threw stones and bottles at the police and resisted orders to disperse. Several persons were hurt. Brokers Failed. LIVERPOOL, April 14.—Samuel Williams & Co., cotton brokers, have failed. The liabilities are \$250,000. Hood's Cures. In saying that Hood's Sarsaparilla cures, its proprietors make no idle or extravagant claim. Statements from thousands of reliable people of what Hood's Sarsaparilla has done for them conclusively prove the fact—HOOD'S SARSAPARILLA CURES. prebended here is Japanese interference, either in behalf of or at the application of Japanese subjects or Hawaiians themselves. WASHINGTON, April 14.—It is said in hauling down the United States flag at Honolulu Blount followed the instructions given him before leaving here to the letter; that the reason for keeping the fact that he was empowered to do so a secret is that it was to prevent possible disorder in the islands and keep any other foreign country from stepping in unexpectedly. Must Serve Time. PARIS, April 14.—The court of cassation has rejected the appeal of Charles de Lesseps from the sentence of a year's imprisonment imposed on him as a result of his conviction of having corrupted the ex-minister of public works, Balthus, to support the Panama lottery bonds bill, the sentence also including the payment of costs and of damages demanded by civil parties to the proceedings. The one year's imprisonment was to run concurrently with the five-year sentence previously imposed on Charles de Lesseps upon his conviction of having defrauded Panama shareholders. Charles de Lesseps has no recourse now from escaping from punishment, excepting the clemency of President Carnot.
