INTERFERENCE WITH LABOR.

Three Thousand Men on the Union Pacific

ORDERED TO STOP EARNING BREAD

The Island of Zante in the Greek Archipelago Destroyed.

CHICAGO, Ill., April 17.—Specials from Omaha and Denver say a strike has been ordered among the boiler makers, pattern makers, blacksmiths and molders in shops along the entire line of the Union Pacific system, to take effect at noon. The trouble has arisen concerning a reduction of standard time of working days. Last year the company agreed to so reduce the working force as to permit work nine hours a day instead of eight. The company began violating its agreement in January, and the men have been unable to bring about a restoration. Fully 3,000 men are involved in the shops at Omaha, Denver, Salt Lake, Cheyenne, Ogden, Portland, Kansas City, Rawlins, Laramie and Round House points.

STRIKE SPREADING.

OMAHA, Neb., April 17.—Six hundred men, employed in the Union Pacific shops here struck at noon. The men who went out were machinists, boiler makers, blacksmiths, molders and pattern makers.

SCORES OF DEAD ENGINES.

WICHITA, Kan., April 17.—All freight trains at Newton and Purcell division of the Santa Fe and on the Wichita & Western have been abandoned for lack of engineers. There are twelve dead engines at Newton, 17 at Arkansas City, 19 at Purcell, and the road has no means of making repairs necessary to put them in service.

FROM HEADQUARTERS.

KANSAS CITY, Mo., April 17.—All boiler and engine makers and blacksmiths employed by the Union Pacific road at Armstrong, near here, went on a strike at noon. This means a strike has been ordered on the entire system, as men here acted under orders from the head of the order at Omaha.

GO OUT AT DENVER.

DENVER, April 17.—The shopmen of the Union Pacific here are ready to go out as soon as they receive orders from Omaha. They number 200.

IN OREGON.

PORTLAND, April 17.—Sixty men in the Union Pacific shops in this city struck at noon today.

Earthquakes in Greece.

ATHENS, April 17.—The island of Zante, principal one of the Ionian group, was visited by a most destructive earthquake this morning. A great part of the city of Zante is destroyed. So far 20 bodies are taken from the ruins. It is feared many more are still buried. Hundreds are injured. Most of the inhabitants fled to the plains back of the city, where they wander about, beseeching the loss of relatives and property by the recent earthquakes.

WHOLE ISLAND DEVASTATED.

The shock occurred at 7:30 a. m. The church of St. Dionisius and the government offices were thrown down. Advice from the interior show the whole island is devastated. Many villages are destroyed. It is thought the loss of life is very great. News of the disaster comes in very slowly, as communication with the interior of the island has been greatly interrupted by the destruction of many telegraph lines. The full extent of the calamity cannot be estimated at present. A warship will be dispatched from Piræus with clothing and medicines for the sufferers.

Japan and China.

SAN FRANCISCO, April 17.—Advice via the China, from Hong Kong, via Yokohama and Honolulu, are:
One solitary remnant of 70 fishing boats, recently carried away from Otaru, Japan, in a gale, has turned up. One of the boats drifted ashore March 6th. There was no one in it. Of the other 69 boats no news has been received.

The Koi Maru, the steamer owned by the Hokkai Steamship Company, sailed from Otaru March 15, and the following day foundered in the Yakijiri sea and 72 persons were drowned.

Two thousand houses were destroyed by fire at Kawages, Japan. Many people were also injured but no lives were lost.

The Japanese naval department is making preparations for the construction of four new men-of-war.

SHERMAN THE DICTATOR.

The Iron Will of the Single Gold Monarch.

(CLEVELAND'S SECRETARY CALLS HIM IN.)
Our Country's Treasury Reduced to Half a Million.
Carlisle and Sherman.

WASHINGTON, D. C., April 17.—Secretary Carlisle absolutely declines to outline his future financial action, preferring to await the arrival of the emergency before indicating what he will do. He had this morning an extended interview with Senator Sherman. An order for one and a quarter million dollars of gold engaged for export tomorrow reduces gold in the treasury to about \$500,000.

To Cripple Cleveland.

BUFFALO, April 17.—The city hall was under guard all last night to prevent the city mayor from taking action under a bill passed last week by the legislature for appointment of new police and excise commissioners. Injunction preventing such action was served on the mayor and other officers this morning. Lieutenant Governor Sheehan denies the purpose of the bill is to cripple the Cleveland Democracy.

Crushed to Pulp.

CHICAGO, Ill., April 17.—While a party of soldiers were setting up a 14 ton gun as part of the government exhibit at Jackson park this morning, the gearing broke and Private Warwick was crushed to pulp. Private Kern was fatally hurt.

Mine Fire.

HARRINGTON, Pa., April 17.—A fire is raging in the Crystal Ridge Colliery near here. Five men are said to be in the mine.

DOMESTIC INFELICITY

Causes a Banker's Wife to Suicide at Baker City.

BAKER CITY, Or., April 17.—Mrs. J. H. Parker, wife of cashier of the first National bank of this city, committed suicide last night by taking an overdose of morphine. Domestic infelicity was the cause. A police broke open a bedroom door and found the deceased lying on the floor in her nightclothes. Death had resulted several hours previous. She threatened to take her life yesterday morning, if her husband did not return home. He had not been home for several days. Deceased leaves a daughter, by a former husband, who is attending school at Oakland.

FARMER KILLED.

Yesterday a locomotive of train No. 2 of east bound Union Pacific passenger train ran into and killed J. J. Cavan, a farmer living three miles west of Huntington. Deceased was deaf and was struck just as the engine was making the curve. Deceased leaves a wife and several children all grown.

REAL ESTATE TRANSFERS.

Pacific Land & Orchard Co. to Henry T. Metcalf, 1 4, East Salem Fruit Farms, \$1200.
S. R. Jessup and wife to D. M. Leitzel, 1 10, Sunnyside, \$600.

ABSOLUTELY PURE

FOREIGN NEWS BUDGET.

An Ex-King's Reconciliation to His Queen.

The Duke of Southerland's Will Case—The Royal Family of Kan- akas Approve Cleveland's Course.

SERBIA'S YOUNG RULER.
VIENNA, April 17.—The events at Belgrade explain ex-King Milan's reconciliation with his wife, Queen Natalie. Both had intended to return to Belgrade, if necessary, to advise their son in his difficult situation. Alexander proved cool and firm enough to carry out the coup alone. Dorkitch, the new prime minister, on pretense of a holiday, went to Paris a fortnight ago to consult with Milan, while ex-Queen Natalie was instructed to sound the czar and see whether Russia would approve the meditated change. Garaschann and Pachitch, the Serbian radical leaders, and a number of the chief officers of the army were taken into confidence, and while the regents were kept in absolute ignorance, everything was prepared for the coup. The regents have themselves to blame, as, failing to get a parliamentary majority, they entered to govern the country by force. Alexander's new ministry is judiciously chosen. The chief danger in the present situation is that Russian instigation, and probably promises of assistance, may revive a feeling for revenge, and precipitate a quarrel with Bulgaria.

HONOLULU, April 8.—The steamship Alameda, which arrived here yesterday, brought, among her passengers, Paul Neumann and Prince David Kawanauka, the deposed queen's envoy to Washington. Neumann stated he had enjoyed the trip to Washington. "I went there," he said, "in the interest of the queen to prevent, if possible, any injustice being done. I favored the appointment of a commissioner to examine into the state of affairs before judgment was pronounced and I have secured my point. I have brought back no assurance to the queen, but I believe her best assurance lies in the fact that Mr. Blount was appointed and has been sent here."

Commissioner Castle said that there was no denying that reaction had set in in the United States to a certain extent against annexation, but he saw no reason to infer that Cleveland was hostile to the annexation policy.

Celebrated Will Case.

LONDON, April 17.—A celebrated will case came up in the probate court today. In 1889 the late Duke of Sutherland married a second wife against the bitter opposition of his son and heir. The result of the disagreement was a will as favorable as possible to the second wife and after the duke's death his son began a suit to set aside the will. In the course of the litigation complainant's counsel secured from the court an order for access to certain papers held by the widow. In the court this morning counsel asked for an attachment against her for contempt of court on the ground that she had burned some of the papers called for in the order. The court cited her to make answer Tuesday.

From Ohili.

VALPARAISO, April 17.—There was an explosion supposed to have been caused by dynamite, near the Moneda. Santiago. The government has given orders that none of the details shall be made public.

In all the morning papers here and in Santiago there is printed a report that the United States government refuses to surrender the refugees harbored by Minister Egan in the legation of the United States.

As Esquimaut.

OTTAWA, April 17.—A dispatch states that the Esquimaut fortifications, which are to be constructed jointly by the Imperial and Canadian governments, are to be built by the Dominion authorities

Coming to Fight.

LONDON, April 17.—Stanton Abbott, the light-weight champion of England, who goes to America to fight Jack McMcAuliffe, the American champion, has sailed on the Paris.

LONDON, April 15.—The Cunard steamer Campania had her final trial trip Saturday. She attained the maximum speed of 23 5 knots, or fully 23 miles per hour. This is the greatest speed ever attained by any steamship and justifies the hope that she will be able to make the run from Fastnet to Sandy Hook in five days and a half.

A Bloody Butchery.

AUBURN, N. Y., April 17.—John Johnson, known as the Blue Nigger from Clyde, run amuck in the broomshop of Auburn prison this morning, armed with a sharp knife, used in cutting broom corn. He first attacked Charles Peck, a fellow convict, leaving him dead in his tracks. He next fatally stabbed Daniel Britten, a convict, and severely wounding several others. He was finally captured and confined.

MARKETS.

PORTLAND, April 17.—Wheat valley \$112.4 @ 1.15. Walls Walls, \$1.05. @ 1.00.
SAN FRANCISCO, April 17.—Wheat, May \$1.25.

FOR RENT.—One good dwelling at No. 17 Court street, opposite Cottage. Call at Osburn's Backet store.

Don't forget Grant's lecture tonight at the Y. M. C. A. on Evolution.

PHYSIOGNOMY.

A steely blue eye is often the sign of a merciless disposition.
Double lips are unfavorable, indicating a tendency to grossness.
Short, thick curly hair is an indication of great natural strength.
Large, widespread nostrils show ample lungs and good health.
Long, projecting teeth are often found in persons of good disposition, but rarely of marked ability.
A well arched forehead, with one slight perpendicular wrinkle, belongs to a wise and discreet character.
Noses turned down and inward at the tip are always close, penurious, often ill humored and satirical.
Eyes with weak eyebrows and very long eyelashes betoken a feeble constitution and melancholy mind.
The upper eyelids should cover from a fifth to a third of the iris, more indicates cunning; less, imprudence.
Regular, even noses are generally associated with well balanced though probably not strong characters.
Positive character in a face discloses positive power, but its lack does not always signify the opposite.
Noses turned up at the point and sinking in at the top are inclined to ease and pleasure, though at the same time they may be gifted with eloquence and imagination and are almost always benevolent.—St. Louis Globe-Democrat.

THERE IS HOPE

For every one who has blood trouble, no matter in what shape or how long standing, provided some of the vital organs have been so far impaired as to render a cure impossible. S. S. S. goes to the root of the disease, and removes the cause, by expelling the poison from the body, and at the same time it is a tonic to the whole system. However bad your case may be, there is hope.

FOR YOU.

Cured me of a most malignant type of chronic blood trouble, for which I had used various other remedies without effect. My weight increased, and my health improved in every way. I consider S. S. S. the best tonic I ever used.
