HEAVY NEW YORK FAILURES.

Call Loans Jump Twenty Per Cent.

MORE NEW YORK FAILURES.

Great Excitement on Wall Street—Three Old Firms Fail.

New York, May 4.—Shortly after opening the market, was thrown into a panic by the announcement of the failure of Henry Allen & Co. and B. L. Smythe & Co. The liquidations were enormous, especially in such stocks as these firms were supposed to be interested in. Great excitement prevailed as block after block came up.

A. H. King & Co., a firm which under various names has been in business 40 years, failed yesterday. Liabilities amount to a quarter of a million dollars.

JUMP 20 PER CENT.

Just before 3 o'clock call loans jumped to 20 per cent, adding to the general demoralization. The scene on exchange was very wild. Crowds gathered around the trading posts of active stocks, waving their arms and yelling themselves hoarse in their attempts to sell going and coming brokers. Messengers ran as if Satan was after them. Nobody thought of walking, and the gravity of the situation was accentuated by the pale anxious faces of struggling brokers.

READY FOR DEPORTATION.

The Collector Says there are 4000 Ready to Go.

PORTLAND, May 4.—Collector of Internal Revenue Weidner stated today that 1,000 Chinamen registered up to date in his district, comprising Oregon and Washington. Fourteen thousand refused to comply with the laws. There has been much increase since the photographing clause in the regulations was suspended. The collector is awaiting instructions from Washington before he takes any steps to deport these unregistered.

THE BURSTED RESERVOIR.

Great Floods on the Miami River in Ohio.

LEWISTON, May 4.—The great Miami river has its source in the Lewiston reservoir which broke yesterday. Estimates of reservoir loss are \$180,000. Loss to Logan county in displaced bridges and washed out roads \$120,000. Farmers lose fences and crops. Water is still spreading over the country around Lewiston. As soon as the level is reached the river will rise rapidly. People between Degraf and Sidney are watching anxiously for the result. The high water mark of the past will be more than reached. Low ground will be in great danger. The warning had been ample, however, and no loss of life is anticipated.

Medical Student Must Die.

ALBANY, N. Y., May 4.—Governor Flower denied an application for clemency in the case of Carlisle W. Harris, a young medical student of New York convicted of poisoning his young wife, whose trial recently attracted so much attention in the New York papers. He will be electrocuted next week.

A Fatal Fall.

OREGON CITY, Or., May 4.—This morning about 9 o'clock as George Tamblin was working about the diggers, no one being around, he slipped and fell either 14 or 30 feet to the solid cement floor beneath, crushing his skull and dislocating his neck.

Failed in His Contract.

CHICAGO, May 4.—William Turkington has begun an attachment for \$100,000 against John Pierce, of Sioux City, Ia. Pierce is a real estate man, worth \$1,000,000. It is claimed he contracted with the plaintiff for the erection of a building in this city to cost \$100,000 and failed to carry out the contract, hence the plaintiff seeks to recover.

University Falls.

LEBANON, Ohio, May 4.—The National Normal university has made an assignment, liabilities \$75,000 to \$100,000; assets nominally the same. The institution is an old one, and the first of its kind in the United States. It is now full of pupils. The failure is the result of maturing old obligations.

German Parliament to Be Dissolved.

BERLIN, May 4.—Chancellor Caprivi announced this afternoon that the emperor has signed a rescript dissolving the reichstag, only awaiting the rejection of the army bill to promulgate it.

Sunday Closing.

CHICAGO, May 4.—At a meeting of the national world's fair commission yesterday the Sunday closing question came up in the shape of a report from the judiciary committee, on a resolution offered by Ethbrook, of Iowa, asking that the Sunday closing question be referred to the local directory. The judiciary committee reviewed all previous actions on the subject and found that the question is settled unless the commission hereafter lawfully takes the order modifying the former rules. The committee was therefore against the adoption of the Iowa man's resolution. The report will be discussed tomorrow.

A large number of the national commissioners favor opening the gates on Sunday, and it is hardly probable an effort will be made to amend the former rule by striking out the clause. There is some talk to the effect that the local directory may take the matter out of the hands of the national commission and open the gates.

It is said tickets are ready for use on Sunday next and all preparation have been made to open the gates without countenancing until it is too late for legal interference.

Going to the Fair.

NEW YORK, May 4.—The admirals and senior officers of the visiting squadrons will start for Chicago at 9:10 p. m. today. The party will number about eighty. There will be very few United States naval officers as the trip is intended for the foreigners. The party will be the guests of the New York Central Railroad company and the Wagner Palace Car company from here to the world's fair city. They will be entertained by the City of Chicago two days and will return to this city on a special train furnished by the Pennsylvania railroad.

Four of the American ships have sailed away according to the program. They were the Charleston and Concord and San Francisco and Yorktown. Afterward the Reina Regenta went to the Brooklyn navy yard to have her hull cleaned. The caravels are still anchored off 94th street and the business of boatmen in that vicinity is quite lucrative. There will be a general disembarking of the international fleet next week.

Opposition to Home Rule.

LONDON, May 4.—This city was the scene yesterday of an unusual demonstration. Eight hundred brokers, headed by leaders bearing Union Jack flags and wearing Union Jacks of paper in their hats in token of their devotion to the cause of union and in opposition to Irish home rule, marched in procession from the Stock Exchange to the unionist meeting at Guildhall. Upon reaching Guildhall the brokers sang "Rule Britannia" and cheered loudly for union, for Lord Salisbury and other unionist leaders. A crowd assembled evidently not in sympathy with the brokers, and lent variety to the cheers by occasional hoots.

Lady Managers in Tears.

CHICAGO, May 4.—Mrs. Potter Palmer, president of the board of lady managers of the world's fair, announced at the opening of the meeting of the board this morning, that she would be compelled to resign if the ladies did not quit quarrelling and behave in a more dignified manner. The meeting was very interesting and many of the members were in tears before it was over.

Ground for the Soldiers' Home.

ROSEMBO, Or., May 4.—The commissioners of the soldiers' home have purchased of the Brown estate, about one mile west of Roseburg, 40 acres of land for \$5000. The plans have been submitted. W. J. Bennett, the architect, is working on plans. As soon as completed the contract will be let for an \$8000 building.

Cuban Insurrection Continues.

MADRID, May 4.—There is considerable excitement over the reports of another insurrection broken out in Cuba. It is believed that the last dispatch was colored to allay existing fears.

Light Attendance.

CHICAGO, Ill., May 4.—Cloudy cold weather caused a very light attendance at the world's fair today. Only about 3,000 entered the grounds during the forenoon.

FROM OHMAWA.

It is said that John White, who was bridge watchman so long at Lake Lehigh was found dead on a railroad track in England lately. He was a native of Wales and stated when he left here, that he was going to St. Louis to work. He had quite a sum of money with him and was probably on his way to see his brother, in the old country, and was robbed and murdered in England. And still it rains. The clerk of the weather has evidently gone off on a "Bust."

One more week of this kind of weather will knock out the prune crop. The silver prunes are past redemption now.

No Clemency Needed.

An Eastern Oregon jury found a woman guilty of cutting a set of harness to pieces and in consequence she occupies a room in the Salem penitentiary. A good chance for executive clemency.—Eugene Guard.

This has reference, of course, to the Richardson woman. People here who understand the case, think that this woman got a light sentence, and think she should serve her time. No executive clemency is needed in the matter. Simply because she is a woman makes no difference in the eyes of the law, and in this particular case the people of this community have no sympathy to waste.—Heppner Record.
