City Guest - This road seems very narrow. How do two wagons pass? Farmer's Boy - Well, mum, when a man comes drivin' along, I gives him half the road, and we put on a trot, but when I see a woman comin' I gaily rally takes down the fence bars and dodges into a field. - Good News.

Know What He Wanted. "Now, madam," said the guide at the World's fair, "what is it that you would like to see first of all?" "Oh, I dunno - let's see. Tommy, dear, what would you like to see first?" "The popcorn counter, ma," said Tommy. - Harper's Bazar.

Letter From Cyrus W. Field, Jr. Several times this winter I have suffered from severe colds on my lungs. Each time I have applied Alcock's Porous Plasters, and in every instance I have been quickly relieved by applying one across my chest and one on my back. My friends, through my advice, have tried the experiment and also found it most successful. I feel that I can recommend them most highly to any one who may need fit to try them. CYRUS W. FIELD, JR.

MASONIC.

W. H. Harris Nominated by the Prince of Wales to Represent Illinois Masons.

Walter H. Harris, last deputy grand director of ceremonies of the grand lodge Ancient and Accepted Order of Freemasons of England, has been nominated by his royal highness the Prince of Wales, grand master of England, as a suitable brother to represent the grand lodge of Illinois near the English grand lodge. This fact has been communicated to Grand Secretary Loyal L. Munn by the grand secretary of England, and the nomination now awaits the approval of the grand master of Illinois. The English grand lodge, this fact has been communicated to Grand Secretary Loyal L. Munn by the grand secretary of England, and the nomination now awaits the approval of the grand master of Illinois. The English grand lodge, this fact has been communicated to Grand Secretary Loyal L. Munn by the grand secretary of England, and the nomination now awaits the approval of the grand master of Illinois.

W. H. HARRIS.

Illinois recognized the grand lodge of Canada and forbade its membership to recognize the members of those lodges. As they owed allegiance to the grand lodge of England, the latter took exception to the grand lodge of Illinois and withdrew its representative. Those three lodges have since come under the Canadian grand lodge, and the lodge of Illinois at its last session in October rescinded its action, and there is now no reason why the two bodies should not exchange representatives. The grand master of England, recognizing that fact, has signified his pleasure to exchange representatives, and the grand master of Illinois has suggested the name of a brother to represent the foreign body near the grand lodge of Illinois.

Connecticut has over 15,000 Masons. From present indications they will pass the 10,000 mark shortly if they have not already done so. The estimated income that ought to be derived from the Masonic temple, Chicago, is about \$400,000. Of this amount about 80 per cent is provided for in the leases now in force.

The temples devoted to Masonry in China are recognized as structures of very imposing character. They are referred to by tourists with exclamations of delight and by craftsmen with feelings of pride and pleasure.

In Holland a fellowcraft man must wait a year ere he receives the degree of Master Mason. This may be wise, yet it may be otherwise. It would not do in this country.

Bro. Josiah H. Drummond and Bro. Henry L. Palmer have each been elected grand commander of the New Mexico jurisdiction four times for terms of three years.

The Scottish Rite in England exhibits the greatest amount of vitality. The Earl of Lathom is its S. G. commander, and it has \$100,000 assets.

A constitutional amendment making all the officers of the grand lodge of Michigan elective was carried in that body - yeas, 400; nays, none.

In Massachusetts there are about 4,000 Masons of the Cryptic rite.

RED MEN.

Good Reports From Connecticut and Maine, Haymaker Notes. The tongue of good report says the tribes and councils in Connecticut are flourishing, and the gains for the fiscal year are promising to be substantial.

Eight new tribes are in process of construction in the Maine reservation. Pokahoket tribe, Keene, N. H., will hold a council of sorrow in memory of departed members of the tribe on the 20th of hot moon.

Pennsylvania has over 4,500 Haymakers and is therefore entitled to 10 representatives in the national association. A state having 3 associations and 800 members can have a state Haymakers' association. What's the matter with the boys of Indiana and New York?

Deputy Chief President William E. St. John of Knightville, Me., has organized another Haymakers' association in that state and promises the fifth one at an early date.

Deputy chief sachems often make mistakes in lecturing chiefs and brothers of tribes whom they visit. Those who are in attendance should be commended for by their presence it shows that they have not forgotten the duty they owe their tribe.

Knights of Honor.

The Knights of Honor of New Jersey are to celebrate the twentieth anniversary of the order by a day parade and an evening picnic at Caledonian park, Newark, June 30.

The Knights of Honor of Utica, N. Y., are doing yeoman service in the good cause. Since Jan. 1 Mohawk Valley lodge 1,615 and Utica lodge 1,979 have initiated and have on the way 40 new members.

Bro. I. Melinger, financial reporter of San Francisco lodge, San Francisco, commented at the close of the last term 19 years' consecutive service in said office and during that time has not been absent from a single session of the lodge.

For the five weeks ending April 15, 1,904 applications were received by the supreme reporter, of which Massachusetts contributed 128.

Tennessee reports a loss of 402 members for the biennial term just ended. The next session of the grand lodge will be held in Nashville in October, 1894.

National Provident Union.

The congress of the National Provident Union will take place in Boston June 12. It will probably be the largest assemblage of that body ever gathered. Many important matters bearing on the future welfare and development of the organization are to be brought before it for action. It is expected that President McCabe, in his annual message, will recommend to congress some measures that if adopted will make some radical changes in the time and way of paying tax calls. It is also very probable that a \$500 bond may be adopted, a many women would be likely to desire in advance to that amount, as well as man or small income or persons who are already insured in other ways.

June 15 to Be Observed as Memorial Day. Notes of the Order.

Grand Sire Campbell has issued his proclamation for the observance of memorial day, naming June 15 for that purpose and requesting all subordinate lodges under the various jurisdictions that have suffered loss of membership by death to engage in suitable exercises in memory of deceased members.

Odd Fellows' headquarters in Chicago during the World's fair are at 105 Van Buren street.

If you contemplate going to the World's fair, you had better make your arrangements to go in September during the occasion of the grand demonstration of the Independent Order of Odd Fellows.

The entire order of the Independent Order of Odd Fellows pays for relief the sum of \$5,770.40 every working day of the year.

Pennsylvania expends for relief considerably over half a million dollars each year. The Keystone State leads in this respect.

Many a lodge has been killed by old fogeyism. A lodge must either keep up with the procession or drop out.

Grand Secretary George D. Dillard of the grand lodge of Mississippi has been appointed United States minister to Ecuador by President Cleveland.

The order is enjoying unusual prosperity at the present time in all lands where it is established. In view of its glorious record, the good it has accomplished and is doing, all good men should unite with it and help to disseminate the principles of this noble order.

Incredible as it may appear, it is a fact that in some New York lodges smoking is permitted during the sessions.

In some jurisdictions the degree teams are called to meet on Sunday. While there is no law prohibiting the rehearsal of teams on that day, it is against the principle of the law, which prohibits any lodge, camp or degree lodge to hold any meeting on Sunday except for funeral purposes.

There are 9,180 Rebekahs in Pennsylvania, an increase of 630 for the past year.

KNIGHTS' OF PYTHIAS.

Remarkable Growth of the Order in Philadelphia - Spear Points. The growth of the Pythian Order in Philadelphia and throughout the state has been remarkable. Except the grand lodge of Philadelphia was the first to be instituted in the country outside the District of Columbia. It was instituted on April 23, 1867. The ceremonies, which were conducted by the grand lodge officers of the District of Columbia, were held in the hall of the Old Mechanics' Fire company, on Brown street, below Fifteenth. Within four months the new lodge had a membership of about 800, and a charter was granted for a second lodge - Keystone No. 2 - which was instituted July 15, 1867. The grand lodge of Pennsylvania was instituted Dec. 18, 1867, at American Mechanics' hall, corner of Fourth and George streets.

The growth of the order continued until today there are 94 lodges in Philadelphia, of which 10 are German, and the total membership is about 12,000.

Champion lodge, Columbus, O., is booming, as she has been ever since she was instituted. The page rank was conferred on 14 candidates at a recent meeting, and six applications were received, among which was that of Governor William McKinley, Jr.

The prospects are that Ohio will have a home for aged members of the order and orphans. There are now 600 lodges in that state, with a total membership of over 45,000. The order has now between \$75,000 and \$100,000 which can be used in endowing the home in view.

Johnstown, Pa., will have a new lodge at an early date. The average increase in the order throughout the country has been at the rate of 10,000 members for the last 10 years. Last year alone there was an increase of 55,000 in the total membership.

Facts Concerning the Degree of Honor. Notes of Interest. The degree of honor occupies almost the same relation to the Ancient Order of United Workmen as do the Daughters of Rebekah to the Odd Fellows. The membership of the degree comprises both ladies and gentlemen, and no insurance is attached. In the state of Wisconsin, however, it is intended to attach a beneficiary as soon as the degree is large enough. There are six lodges in that state at the present time.

Minneapolis has an A. O. U. W. employment bureau in charge of R. A. Dally, secretary, headquarters being in the Guaranty Loan building. It is conducted entirely in the interests of the order.

Oregon has enough degree of honor lodges to form a grand lodge, which is to be consummated soon.

Ten new degree of honor lodges were instituted in Nebraska last month, and more are on the way.

The liquor clause in the examination paper to applicants is exciting much criticism from many members of the order and a few officers. It is thought by some to be too exacting, drawing the lines too closely. The subject was stirred into discussion by the rejecting of an applicant because he "drank two glasses of beer a day."

The Minnesota grand recorder's salary is now \$5,000, with \$800 for clerical services and \$500 for postage and incidentals.

Mystic Shrine.

The prerequisite for reception into the Order of the Nobles of the Mystic Shrine in the United States is that the applicants shall be Knights Templars, according to the requirements of the grand encampment of Knights Templars for the United States and as has prevailed previous to the organization of the imperial council. A Mason of the thirty-second degree Ancient Accepted Scottish Rite is also made a prerequisite, thus making the prerequisite for joining the Order of the Nobles of the Mystic Shrine a Knight Templar or a thirty-second degree Mason of the Ancient Accepted Scottish Rite.

Among the promoters of the principles of the Order of the Nobles of the Mystic Shrine in Europe was Her Adam Weishaupt, a Rosicrucian and professor of law in the University of Ingolstadt, in Bavaria. He first revived the order in that city in May, 1776. Its members then exercised a profound influence during as well as before the French revolution, when they were known as the Illuminati.

Masonic temple, Order of Mystic Shrine of New York has a membership of over 4,100 and at one time had over 2,000, which has been divided with other temples. It is a trip will be made by Masons temple to California and the real Mason via the Mediterranean sea.

HEART DISEASE 30 YEARS.

GRAND ISLAND, NEB., April 26, 1895. Dr. Miles Medical Co., Elkhart, Ind.

GENTLEMEN: I had been troubled with HEART DISEASE FOR THE LAST 30 YEARS, and although I was treated by able physicians and tried many remedies, I grew steadily worse until I was completely prostrated and confined to my bed WITHOUT ANY HOPE OF RECOVERY. I would have very bad attacks of dyspnea, and I would feel as if I could not breathe, and I would feel as if I was dying. I was so weak that I could not get up, and I was so nervous that I could not sleep. I was so miserable that I was almost driven to despair. I was so weak that I could not get up, and I was so nervous that I could not sleep. I was so miserable that I was almost driven to despair. I was so weak that I could not get up, and I was so nervous that I could not sleep. I was so miserable that I was almost driven to despair.
