PENDING LABOR TROUBLES.

Big Strike at Vice President's Mine.

WILL STAND BY HIS MANAGER.

The Political Situation on the Tariff.

Labor Arbitration.

BETHLEHEM, Penn., Nov. 29.—The conference between President Wilbur of the Lehigh road and the Arbitration board began at noon. It is still on. A report is received, to the effect that Chairman Clark says the strike will be declared off before night.

Stevenson's Mine.

BLOOMINGTON, Ill., Nov. 29.—Vice-President Stevenson waited this morning for a delegation of business men who promised to call on him in behalf of the men on strike against reduction of wages in a coal mine in which Stevenson is interested. They did not come. The vice-president said the operation of the mine is in the hands of Manager Graham and whatever he does will be sanctioned by Stevenson.

A Practical Question.

BOSTON, Nov. 29.—The Nonantum Worsted Co., which has been in operation for 14 years, notified its 800 hands that the reduction of tariff as proposed by the new law will necessitate a reduction of wages or stoppage of mills.

Postal Deficit.

WASHINGTON, Nov. 29.—The postmaster general's annual report shows that the deficiency for the year which ended June 30, 1893, was \$5,177,171 instead of \$1,552,423 as estimated by Wanamaker. Instead of a surplus there will be a deficit of \$7,830,000 for the current year. It is estimated the gross revenue for the year ending June 30, 1894, will be \$84,427,745; and expenditures \$90,469,485. There are 610 free delivery offices. It suggests that postal notes be abolished and the charge for money orders reduced. The requirements of the railway mail service will call for an increase of six to seven thousand men. It recommends an appropriation to provide for the widows and orphans of railway mail clerks killed on duty. The department last year carried 301,000,000 pounds of second-class matter, an increase of 14 per cent. The Columbian postage stamp is only one million dollars instead of two and a half millions as estimated by Wanamaker.

THE MESSAGE.

The cabinet meeting was a long one, lasting about three hours. The president's message was the main subject under discussion. The president expects to have his message ready to send in by Monday noon. It is expected to be a lengthy document.

FREE LUMBER.

TACOMA, Nov. 29.—Statistical records furnished by the expert Victor H. Beckman of the Puget Sound Lumberman show if lumber is placed on the free list and the present duty of \$2.50 per thousand feet is cut off, the lumber industry on the Pacific coast states representing a capital of fifty millions will suffer because of the cheap Chinese and Kanaka saw mill labor of British Columbia, also that the Pacific coast lumberman in the United States regardless of affiliation generally oppose the placing of lumber on the free list.

INCOME TAX.

WASHINGTON, Nov. 29.—The ways and means committee will today devote its attention to the internal revenue schedule of the new tariff system. The whole income tax question is opened up anew and it is now possible the tax may be of such a sweeping character as to include all individuals of incomes of \$5,000 per annum and over. The Republicans are already preparing for a vigorous fight on the new tariff bill.

BENJAMIN'S VIEW.

INDIANAPOLIS, Nov. 29.—Ex-president

NOTHING LIKE

SWIFT'S SPECIFIC is totally unlike any other blood medicine. It cures diseases of the blood and skin by removing the poison, and at the same time supplies good blood to the system. Don't be imposed on by cheap imitations, which are said to be just as good, if not better. No medicine so many have performed as many wonderful cures, or relieved so much suffering.

"My blood was badly poisoned last year, which got my whole system out of order—no appetite and constant source of suffering, no enjoyment of life. Two bottles of Swift's Specific cured me. There is no other remedy for blood disease."

"JOHN GAVIN, Dayton, Ohio."

Treatise on blood and skin diseases mailed free.

SECOND EDITION.

Two Cases of Insanity.

Yesterday Dr. Jeffreys was called to East State street by a report that a Mrs. Bridger had swallowed a dose of "Rough on Rats." She was only drunk. Today Chas. Bridger, her husband, was arrested by Deputy Sheriff Wrightman at 11 a. m. on a warrant charging him with insanity. He is about 65 years of age and has a family. The time set for his examination before the county court was 2 o'clock.

BRIDGER COMMITTED.

After examination by Dr. Henderson Chas. Bridger was committed to the asylum. Facts drawn out show excessive use of intoxicants, makes violent threats and is destructive at times.

HENRY HANKEY.

A German farmer of Lewisburg was examined by Drs. Richardson and Smith. He suffered from an injury to his head several years ago. His wife and daughters left him several weeks ago. He is 53 years old and answered all questions very coherently. He is seeking a divorce. He has had some family trouble but all appearances are perfectly sane. The examination continues as we go to press.

STREET FLOODED.

Court street from Church east is covered with a foot or more of water. Church street and the west end of Willson avenue, are also covered with water.

STATE HOUSE NOTES.

All the state house offices will be closed on the 30th.

State Treasurer Metcalf will take Thanksgiving at home. He is glad to take a rest.

GOVERNOR PENNOYER IS STILL UNDER THE WEATHER.

He goes to Portland today as usual and will celebrate with his family. He said: "I had a good Thanksgiving turkey on The Thanksgiving day. I may help eat a chicken tomorrow. If the news comes from the Sandwich Islands that the queen is restored all of Cleveland's friends will want to eat turkey buzzard."

Private Secretary Munly will take his turkey with the babies, and Mrs. Munly.

State Supt. McElroy will go to Junction City on Thanksgiving day.

Chief Justice Lord and Judge Bean of the supreme court will keep the day at home with their families. Judge Moore and family are invited out.

WATERY NOTES.

Fine hens at \$3.25 per dozen. Call at once, Davidson's market 94 Court St.

THE COUNCIL DEADLOCK.

The city council has been at a deadlock a number of times in the past few months, Mayor Gatch being under the painful necessity of casting the deciding vote on more than one disagreeable occasion. Among other propositions on which the council is a tie is the bonding of outstanding warrants. The city council meets again tonight to act if a quorum can be obtained. Mayor Gatch was seen today and says he is in favor of funding all warrants outstanding in February last when the charter went into effect, except such as were issued for street improvements that are as seemed to abutting property. He thinks it would be a measure of economy to do so, but does not believe that warrants other than those drawn on the general fund should be included in the funding ordinance. He has been misrepresented as to his position on this and is ready to sign a proper funding ordinance whenever it is passed. This it is understood is the record he and his friends are willing to make and stand by.

PERSONAL GOSSIP.

Three bracelets owned by Queen Victoria contain pictures of 23 of her grandchildren.

Verdi, the composer, although 80 years of age, spends two hours every day after dinner horseback riding.

Among the senators who unconditionally surrendered is Mr. Faulkner of West Virginia. The lady is a charming West Virginian, and the marriage is set for January.

When the czar goes on such a visit as that to Denmark, about 800 large trucks go with him, and one of the largest is filled with presents, which he distributes with great liberality.

The Rev. Dr. McGlynn, who is in New York, is in better health than he has enjoyed for years. Every time he appears on the street he is fairly besieged by warm friends wherever he goes.

Late pictures of Lobengula indicate that a broad brimmed hat and about enough feathers to make a small feather duster are de rigueur on state occasions, according to Matabele etiquette.

The income of Henry Labouchere from Truth is estimated at \$30,000 a year. He is a good story teller and has an inexhaustible fund of anecdotes. The only danger that apparently threatens him is his inordinate love of tobacco.

SALEM KINDERGARTEN.

There are now forty children enrolled at Miss Ballou's kindergarten and the interest in the work is growing. After lunch and games each child got a clay pipe and put in half an hour blowing soap bubbles. The helpers now are Mrs. Watson, Mrs. Ogle, Miss Parmenter, Miss Conover and Miss McKinnle. Mrs. P. S. Knight, assisted by Miss Ballou, conducts the training class. Teachers, students and children do the work together. Mrs. E. S. Philbrook has charge of the classes in drawing. The day before Thanksgiving was spent in drawing a mammoth colored circle to show the helpfulness of co-operation when little hands work together. There will be no kindergarten or mothers' class this week.

GEN. RUSK'S HABITS.

Friends of the late General Rusk, Harrison's secretary of agriculture, desire correcting a statement published in a Salem paper, to the effect that Uncle "Jerry" would have lived longer if his habits had been better. The Milwaukee Sentinel of recent date said: "The general's correct habits of life are serving him well now, his physicians say. He has never used tobacco or drunk tea or coffee. His complexion, as all who know him well remember, was as clear and fresh as an infant's and this severe illness found him with his vitality unimpaired." That is a well known fact of history.

TOO MUCHLY MARRIED.

Deputy Sheriff W. B. Bradford, of Washington county today brought Mr. Baker, a photographer from Hillsboro, to serve two years in the penitentiary for polygamy. He had a wife in Washington, who came down to Hillsboro and disturbed his domestic felicity in a manner that has brought about this unpleasantness. Mr. Baker will now have his picture taken free of charge.

A HAPPY MAN.—W. A. Templeton, of Meeker & Co's hop house, left this morning for a Thanksgiving family reunion at his farm home near Hal-

ley. He closed up deals the past week for 1500 bales of hops, and expects to enjoy his turkey with an unusual relish.

AN ERROR.—THE JOURNAL was in error when it stated that the caucus of Republicans that nominated Wm. Eng-

land for councilman in the second ward was held at the office of S. T. Richardson. It should have read Dr. Richardson.

OLD AND YOUNG.—All like a fine

doll. It is an eternal source of happiness in the house. For this reason Osburn's Racket Store has just imported the grandest shipment ever brought west. Don't fail to let the little folks see them.

THANKSGIVING OBSERVANCE.—All

banks and public offices will be closed tomorrow, and nearly all places of business will be closed in the afternoon. Many will close at 10 a. m., to give opportunity for attending services.

HEAVY RAINS.—They will come in

Oregon at this season, and if you have no umbrella you are sure to have a wet spot all over you. The largest variety and the best prices now to be had at Osburn's Racket Store.

PENSIONERS.—One applicant for a

pension was examined today before the Salem board, composed of Drs. Byrd, Jeffries and Brooks.

THANKSGIVING HEADQUARTERS.

Royally Liberal Efforts of the Salem School Children.

Supt. Anderson and the principals and teachers of the Salem schools, under him have collected a royal Thanksgiving day collection for the poor or needy of this city. Every child this morning took his gift to the schools and there are several dry loads at the East school alone.

The city board of charities has charge of the collection and its distribution. A city headquarters has been opened next door to the First National bank, and all the people of Salem, whether they have means or not will have a good dinner tomorrow for the asking.

There are live pigs, chickens and other "game," clothing, groceries, meat, matches, shoes, underclothing. Geo. W. Johnson, the clothier, and others have placed firewood at the disposal of the board.

Call on W. L. Wade or J. B. Stump, at the store room next door to the First National bank, or let them know and all who are in need will be liberally supplied by delivery wagons.

Report the needy to the above named gentlemen and leave none to suffer.

Sugar has gone down another half cent, and now if you want some order at once. Clark & Eppley, Court street. Overcoats at cost at the Woolen Mill Store.

J. G. Wright has the genuine Swiss cheese, fresh oranges, lemons, cranberries, raisins, nuts, and all reasonable delicacies.

Greyling at Davidson's market. 2t

Oregon people are now eating Iowa eggs. This is a slam on Oregon hens. A reform is needed.—Albany Democrat.

It is not a slam on the hens. We are a friend of the hen. It is a slam on the people of Oregon that they do not keep better hens, more hens, and take better care of their hens.

How's Your Liver?

Is the Oriental salutation, knowing that good health cannot exist without a healthy liver. When the liver is torpid the bowels are sluggish and constipated, the food lies in the stomach undigested, poisoning the blood; frequent headache ensues; a feeling of lassitude, drowsiness and nervousness indicate how the whole system is deranged. Simmons' Liver Regulator has been the means of restoring more people to health and happiness by giving them a healthy liver than any agency known on earth. It acts with extraordinary power and efficiency.

NEVER BEEN DISAPPOINTED.

As a general family remedy for dyspepsia, Torpid Liver, Constipation, etc., I hardly ever see anything else, and have never been disappointed in the effect produced. It seems to be almost a perfect cure for all diseases of the stomach and liver.

W. J. McNamee, Salem, Ore.
