GOV. KOLB'S MESSAGE.

He Issues a Revolutionary Document.

GOVERNOR TILLMAN'S BIG MAIL.

Southern Plantations Becoming Game Reserves.

BIRMINGHAM, Dec. 5.—R. F. Kolb, who claims to be the governor of Alabama, completed his message to the legislature, which he signs as governor and which will be transmitted to that body today.

He farther says: "I farther advise those collectors who value the cause I represent, and which will assuredly prevail, to delay all payments of state taxes into the treasury until an impartial hearing has been had of our complaint under a fair and honest contest at law."

When it is remembered that the tax collectors in 38 out of 60 counties in the state are Kolbites, it will be seen that if they take his advice the Kolb government will find strong support and that Alabama is threatened with anarchy.

The revolutionary conditions of our state government must be the subject of your continued and most anxious contemplation. The plans of the usurpers, so alarming to you, are abating in nothing to reduce you to subject and final submission to their unbridled will and passions."

COLUMBIA, S. C., Dec. 5.—Benjamin Ryan Tillman is no longer governor of South Carolina. At 1:30 p. m. yesterday he was succeeded by his chief lieutenant, John Gary Evans.

"Gentlemen of the general assembly: After obtaining the will of the people in three separate election, I am here today to assume the governorship of the proudest state on the globe.

"It is unfortunate that the foundation of our social and political institutions is unity of the white people. This condition was thrust upon us by the emancipation and enfranchisement with one stroke of an unfortunate, ignorant, unfit-to-govern race of slaves, placed in power by the bayonet, forced in power by the bayonet, forced to govern their former masters.

"We are fast coming to the plight which Ireland is in. Our great plantations are becoming merely hunting reserves of the wealthy, and the laborer year by year is being ground to poverty and servitude. The party that was true to us is the party we look to in the future, though it has suffered defeat from one extreme of the land to the other and today out a Democratic state is left north of the Mason and Dixon line; South Carolina has led in every great moral and political reform and it remains for us to set the pace for the nation which will ultimately bring relief to the entire people."

The Republican party could get along quite as well without Stivers' lies in the United States senate. West Virginia threatens to send him.

The activity of congress is an indication that when the people speak up loud enough they can even be heard in Washington.

The child was 7 years old and had been sick for two weeks with malignant diphtheria and had been pronounced beyond all aid. Immediately after the first application of the remedy the child began to show marked improvement and in three days was out of all danger.

The R. P. Co. has reduced the salaries of many of its agents at the smaller stations, and to make up for it allows them a small commission on the sale of tickets. This is done evidently to force such agents to act in the capacity of "expeditors" and thus check any tendency of trainmen to carry passengers below regular rates for their own benefit.

Heat of Congress, of Lake, does not expect to get a reorganized appropriation bill through the legislature of this session. It is expected that the re-organizing act will be passed.

Athletes.

One and all bear with us to Alcock's Porous Plasters as invaluable for their purposes.

James Robinson, the athletic trainer at Princeton college, Princeton, N. J., says:

"I have found it imperative to have pure and simple remedies on hand in case of cuts, bruises, strains, sprains, colds, rheumatism, etc. Shortly after entering upon my profession, I discovered such a remedy in Alcock's Porous Plasters. I tried other plasters, but found them too harsh and irritating. Alcock's Porous Plasters give almost instantaneous relief, and their strengthening power is remarkable. In case of weak back, put two plasters on the small of the back at 4 in. intervals. You will be capable of quite severe exercises. In 'sprint' and 'distance' races and jumping, the muscles and the feet and legs sometimes weaken. This can invariably be relieved by cutting the plaster in narrow strips, so as to give free motion and applying on muscles affected."

Brandreth's Pills rectify the secretions.
