

GOLD AND SILVER

A Bonanza Every Day of the Year.

COULD YOU FIND A GOLD MINE?

But Menckle Rich Wooley Kind of Silver.

A man who cannot find a gold mine and bring the gold into his daily stock of wealth, is very glad to strike a silver mine.

The man who strikes the One Case Mine has got a gold mine of silver for \$5 a year. But if he is not so situated as to get a golden harvest of news by daily mail, or to get mail boxes or show signs of wealth, he can strike a silver mine and be made happy.

OUR WEEKLY NEWS.

Oregon must announce the use of more silver. We must do all in our power to have capital invested in any form of undeveloped silver mining proposition. All silver that is struck should be sold at once, pay the miner and the owner at once, buy and send silver papers, send a silver quarter for three months, a silver half for six months, or a silver dollar for a year of the weekly central market.

(DAILY AND WEEKLY)

WHAT IS HAPPENING.

When the Oregonian and the Capital Journal are together, they will deliver a powerful blow to the enemies of the people. While these papers are at work to their respective gold standard, they are maintaining a friendly, unobtrusive, government and people's journal. The people should be well informed of the progress of government and the progress of the people. The people should be well informed of the progress of government and the progress of the people.

THE LEGISLATURE.

The Oregon legislature will convene at Salem Monday January 15. Senator Vandenberg and Representative Johnson are expected to be present. The legislature will convene at Salem Monday January 15. Senator Vandenberg and Representative Johnson are expected to be present.

THE SILENT REVOLUTION.

It is pleasing to note that great minds naturally rise in the same way. In the case of the Oregonian and the Capital Journal, they are perfectly in line with the progress of the people.

HOW THEY DO IT.

When a representative of a business Oregonian country was to have a few words to give a number of prominent Oregonians here to understand that he was a silver man and against the gold standard. He was to speak to the other day and Saturday night on the occasion of company with other Oregonians. He expressed himself in a straight gold man and opposed to any silver man for money. How then is it possible to be in the position of the majority and on silver as he is still being against as a silver Republican and against gold. He is an intelligent young man, and if he represents the views of a majority of the country he should be well served by the Oregonian and the Capital Journal.
