

Frankford's Miracle.

Samuel Hart, a Paralytic, Astonishes People by Walking.

The Story of a Man Whom Physicians Had Given Up—Once a Cripple and a Paralytic, Now as Spry as a Boy—His Recovery a Remarkable O. e.

The wonderful experience of Samuel J. Hart, of Frankford, has set the whole twenty-third ward talking. Mr. Hart and his wife conduct a dry goods store at Frankford avenue. He is about 70 years of age, is a pioneer in the Frankford district. He fought for the Union bravely throughout the war with Colonel Gray's gallant regiment, the Twenty-eighth Pennsylvania Vol. uniers, and is a leading member of 17th J. Kearney Post No. 55, G. A. R. He also belongs to the Shakamaxon Tribe, of the Improved Order of Red Men, the Knights of Pythias, and numerous other organizations. Here is the story he told a reporter of his wonderful cure which has startled Frankford.

"Six years ago while I was working at my trade as a carpenter, I fell down stairs and fractured my skull, sprained my spine in two places and sustained other serious injuries. I was picked up for dead, carried home and laid for 15 months utterly unconscious of my surroundings, in fact I was out of my mind. Then I had my skull trephined at the Hahnemann hospital," here Mr. Hart exhibited a small portion of his own skull which he carries as a pocket piece, "and I began to improve, but my spine gave me a great deal of trouble and eventually resulted in locomotor ataxia. First I found that I could not walk without two canes, I became so bent that I felt like a living interrogation point. Although I was under treatment by a skilled physician I grew rapidly worse.

"On February 14 last," continued Mr. Hart, "I was suddenly seized with locomotor ataxia. Both my legs below the knees were numb and completely paralyzed and I had a painful sensation about the hips. I fell and was confined for about five months in an invalid chair. Besides the paralysis of my lower limbs, I suffered excruciating pain in my back and legs, could not sleep soundly, my nerves were completely upset and my appetite went back on me, I would frequently go several days without food. Once I tried to raise myself in the crutches but I fell helpless forward and would have struck the floor had not the doctor seized me. He told me never to try to walk again. Then I was seized with frightful convulsions which came on at intervals.

"One day last June I happened to read in a newspaper a remarkable cure, effected by Dr. Williams' Pink Pills for Pale People, of a man up in Maine suffering from locomotor ataxia. I told my wife about it, and we both agreed that it would do no harm to try the pills and we got a supply. Before I had finished the first lot I was able to leave my invalid chair. The life blood again coursed through my once dead legs, and I put the chair up in the garret. It has been there ever since, I have steadily improved ever since and my legs are now as good as new. My form is more erect and I walk with the same spry motion that I had when I was 25 years old. Let me give you an instance of my activity."

He picked up a cane, held it a slight distance with both hands apart and hopped through it and back again with the agility of a school boy. "That is something that very few young men can do," he said with a touch of pride in his tone.

"I suffer no more pain in my limbs," he resumed, "but my fractured skull gives me some trouble. I have severe pains in the head, beyond these I am a well man, and I ascribe my recovery entirely to Dr. Williams' Pink Pills for Pale People. Again I repeat, because the pain in my head, I feel like a young man."

Samuel J. Hart, of Frankford, Philadelphia county, Penna., declares that the above statement is correct in every particular. X Samuel J. Hart. Certified to before me this 21st day of Aug. 1894. GEORGE L. HATTEBERRY, Notary Public.

Dr. Williams' Pink Pills for Pale People are now manufactured by the Dr. Williams' Medicine Co., Schenectady, N. Y., and are sold in boxes (never in loose form by the dozen or hundred), and the public are cautioned against numerous imitations sold in this shape at 50 c. a box, or at less price for 25 c., and may be had of all drug stores or direct by mail from Dr. Williams' Medicine Company.

THE CAPITAL JOURNAL.

(DAILY AND WEEKLY.)
BY HOFER BROTHERS.
SATURDAY, MAY 4, 1896.

MR. IDLEMAN'S OPINION.

THE JOURNAL nor the people of Oregon care very much for Mr. Attorney-General Idleman's opinions, except so far as they are entitled to respect as being helpful in promoting good, economical government in Oregon.

His opinions in upholding the defunct railroad commission, which is serving without bonds, is knocked in the head by his opinion that the living Soldiers' Home commission cannot perform a legal act because three of its members failed to file bonds. The railroad commission costs \$20,000 and can serve in most important matters without bonds. The soldiers home commission gets no salaries and cannot even get its expenses paid. The genius of a free people can only have contempt for such legal hair splitting.

The Salem Statesman, a newspaper very friendly to Mr. Idleman, says:

"Attorney-General Idleman has given his opinion that the soldiers' home commission was not a legal body until the oaths of its members were filed with the secretary of state and that what was done by them as a board before that time must be done over again. There is very little importance attached in the public mind to the opinions now filed by the attorney-general. If they suit the officers to whom they are given they will be accepted; if not they will be ignored, hence such opinions are no criterion of what is likely to be done."

THE JOURNAL printed, Friday, an item from a Tillamook paper that endorsed Mr. Idleman. It is the only newspaper article so far in support of that official's position on the railroad commission. It is from the pen of a brother lawyer and is on the general principle that everybody ought to bow down and respect an official or a court, because of its official position, which is not a good American proposition.

THE JOURNAL at first criticized the appointment of Hon. Geo. E. Chamberlain as attorney-general. But when that gentleman aggressively took the side of the people in the famous railroad commission case, THE JOURNAL sustained him and two years ago supported him for the office and he was elected, although a Democrat, and his party was 10,000 in the minority. Attorney-generals are elected to be the attorneys of the people; not of the firms and corporations.

REAL LEADERS, NOT DUMMIES, WANTED.

The Eugene Guard, a fair, intelligent and progressive Democratic paper says: "The Republican clubs throughout the state are sending full representations to the meeting in Portland later this month. The managers who are in sympathy with the Dolph single standard gold idea, deprecate any expression of political views by the delegates, asserting that clubs exist only to elect the ticket nominated, then the bosses can annihilate party policy. In other words delegates can meet in Portland, sit around like nutshells, elect a few delegates, express no opinion on the financial and other national questions and then go home feeling like idiots. If such a program is carried out, a revolt similar to that experienced at the last legislature may be expected. Times have come when leaders, who do not represent the views of the people, can gain no support through sycophancy and party prejudice."

It excited somewhat of a sensation in Chicago the other day when the city treasurer turned over to his successor \$30,000 for interest which the public funds had earned during the two years of his term of office. This is the second time only, in the history of Cook county that the outgoing treasurer has ever made any showing of like nature, the interest earnings having usually been obtained as part of office. Such a thing has never been permitted to occur on the Pacific coast.

You "must" conform to the Oregonian's single-gold standard or your identity is lost in that paper.

Children Cry for

Pitcher's Castoria.

THE FRUIT LAW.

We publish today the rules and regulations of the State Board of Horticulture, so far as is deemed necessary to meet the requirements of the law as a legal notice. Parties interested would act wisely to keep the copy. There is no need of alarm. The section requiring caution is deemed as imperative as any portion of it and reads as follows:

"SECTION IX.—The powers conferred in the two preceding sections of this Act shall be exercised only in great and imminent danger to the fruit interests of the State, and with the utmost caution and regard for the rights of individuals affected, consistent with the safety and welfare of the fruit interests of the whole State."

The law has already had a marked effect in causing the cleaning up of old, long neglected orchards, which means safety and protection to new plantings adjoining.

NOT A FAIR STATEMENT.

THE JOURNAL publishes a list of the clerks employed one way and another by the last "conglomerated mass of heterogeneous matter," by courtesy called a legislature. The number is 198—six more than was ever employed by any legislature in Oregon.—Salem Post.

There were 62 clerks employed on senate committees, 58 on house committees, 25 on joint committees and 4 on special committees. That makes exactly 149 committee clerks. The other 37 persons counted by the Post to make its "198 clerks" were the regular officers and customary clerks and pages employed in every legislature of nearly every state in the union. It is not fair to count doorkeepers and sergeants-at-arms, and their assistants, needed to handle the immense crowds that thronged the lobbies of the legislature during the senatorial contest, as "clerks." They were indispensable and it is not fair to count them in as clerks.

Henry Willard is coming back to wreck and bankrupt the Northern Pacific railroad once more.

RIVER NEWS.

The Willamette is again raising the gauge at the O. R. & N. dock registering six feet above low water mark this morning.

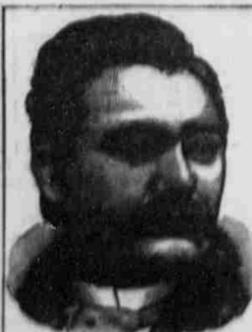

Steamer Elmore laid at Independence last night and came down to Salem this morning, arriving here about 5:30 a. m. She took on a lot of miscellaneous freight and proceeded on "the metropolis" at 6 a. m.

Passenger Steamer Altona will be up from Portland this afternoon bound for Independence. She will remain at Independence Sunday and will leave her dock in this city for Portland at 7:45 a. m.

Steamer Eugene arrived at Salem yesterday afternoon from Harrisburg. She took on a load of flour at the Salem Flouring mills and left for Portland at 6 o'clock this morning.

TRAIN LATE.—The north-bound overland, due at Salem at 5:30 a. m. did not reach the Capital city until 7:30 o'clock this morning.

A LARGE TRAIN.—An extra freight passed through Salem last evening, for Portland, having twenty-eight cars of cattle for the Portland market.

TIRED, WEAK, NERVOUS, Could Not Sleep.

Prof. L. D. Edwards, of Preston, Idaho, says: "I was all run down, weak, nervous and irritable through overwork. I suffered from brain fatigue, mental depression, etc. I became so weak and nervous that I could not sleep. I would arise tired, discouraged and blue. I began taking Dr. Miles' Nervine and now everything is changed. I sleep soundly, I feel bright, active and satisfied. I can do more in one day now than I used to do in a week. For this great good I give Dr. Miles' Restorative Nervine the most credit.

It Cures."

Dr. Miles' Nervine is sold in a quantity of 25 cents, and in a bottle of 50 cents. It is a purely vegetable preparation, and is sold by all druggists. Beware of cheap imitations.

Spring Cleaning

Is such a trial that men say "Let the house take care of itself." But the conscientious wife feels bound to risk health and strength in this annual struggle with dust and dirt. She is altogether too liable however, to let her bodily house, most important of all, "take care of itself." The consequence of her feverish anxiety over extra work is depletion of the blood, the source of all life and strength, manifested in that weak, tired, nervous condition too prevalent at this season and very dangerous if allowed to continue. What every man and woman needs in the Spring is Hood's Sarsaparilla. It keeps the blood vitalized and enriched, and thus sustains the nerves and holds all the bodily functions in strength and regular action. With its help you will not feel that intense exhaustion, and your natural activity in the morning. Therefore we say, besides cleaning your house, be sure to take Hood's Sarsaparilla to

Cleanse Your Blood

With Hood's We'll Conquer

"Now that house cleaning is upon us, I know that with Hood's Sarsaparilla to help, we'll pass through that trial all right." Mrs. HELEN HISSERD, Tully, New York.

"I take Hood's Sarsaparilla every spring, and it is the only medicine I use through the year. It enables me to do my house cleaning and farm work all through the summer. It helped me very much for palpitation of the heart. I think Hood's Sarsaparilla is the medicine for everyone, and all who take it will never be without it. I have also used Hood's Pills and they are the best I ever tried." Mrs. F. H. ANDREWS, South Woodstock, Conn.

Hood's Sarsaparilla

"My nerves were in such a condition the closing of a door was sufficient to throw me into a spell of trembling which would last for hours. This was after a severe attack of the grip, which shattered my health. I could not sleep, my food distressed me, and I had darting pains through my shoulders and back. At the suggestion of a friend I tried Hood's Sarsaparilla. After taking one bottle, my food no longer distressed me, and my nerves were quieted. Have taken three bottles and I am cured. The asthma trouble, from which I have not been free for years, has entirely disappeared. Hood's Sarsaparilla has done wonders for me, and I am glad to recommend it highly." MRS. LUCINDA RUTSELL, North Dartmouth, Massachusetts.

"My health has been poor for a good many years before I began to take Hood's Sarsaparilla. Finally I decided to take Hood's and can honestly say that it has done me more good than any and all other treatments. I was troubled with dyspepsia, food distressed me, and I had but little appetite, was weak and nervous. In fact my trouble bordered on nervous prostration, from which I had previously suffered. I took Hood's Sarsaparilla last summer and it did me ever so much good. It does not seem as though I am the same person. My appetite is greatly improved, I am less nervous, have more strength and a can eat heartily without distress. Such a condition was unknown to me before taking Hood's Sarsaparilla." Mrs. C. C. CLAY, Barre, Vt.
