THE DURRANT TRIAL.

Still Have Only Eight Sworn Jurors.

THE NORTHERN PACIFIC FIGHT.

By Associated Press to "The Journal."

WASHINGTON, Aug. 22.—The acting secretary of the Interior has decided that there are no means whereby the work of the U. S. mineral commissions of Montana and Idaho can be continued in office after September 15, when the appropriation becomes exhausted.

A Receivership Farce.

TACOMA, Aug. 22.—City Attorney Wickersham is not satisfied with appointment of E. S. Alexander as receiver of the bank of Tacoma in which thicetly had \$226,664 17 on deposit when it closed its doors and applied this morning for his removal and appointment of S. McD. Arkley, deputy city controller, in order that the city's interest may be properly protected.

Durrant's Trial.

SAN FRANCISCO, Aug. 22.—The trial of Theodore Durrant, for the murder of Blanche Lamont, was resumed this morning. The usual large proportion of veniremen were excused upon various pretexts from serving on the jury. At noon recess no new juror had been obtained to complete the jury. The sworn jurors still number only eight.

The Ninth Man.

SAN FRANCISCO, Aug. 22.—The ninth juror was secured in the Durrant case this afternoon, in the person of Warren Dutton, a retired merchant.

Waller's Release.

PARIS, Aug. 22.—A semi-official note was issued today saying it is incorrect that the United States government has demanded the release of John F. Waller and payment of indemnity, on account of his sentence to 20 years imprisonment by a court martial in Madagascar, where Waller was formerly United States consul.

The Northern Pacific Railway Fight.

SEATTLE, Aug. 22.—Before Judge Hanford of this city and Judge Gilbert of Portland, the actual fight of the Northern Pacific railroad company, through Brayton Ives, its president, and Col. Pettit, of New York, its general counsel, to oust the receivers of the the Northern Pacific was commenced this morning in this city. So great was the demand for admittance that the hearing was transferred from the federal court to the superior court room. Argument is confined mostly to the question as to whether Judge Jenkins had jurisdiction at the time of the appointment of receivers. The court will first determine the question of jurisdiction before taking up the charges. If it is found that Jenkins had no jurisdiction it will be necessary for the court to name new receivers. Should it be held that Jenkins had jurisdiction, the charges against the receivers may be tried here or may be sent back to Judge Jenkins for investigation.

Lynchers Bound Over.

ELLENSBURG, Aug. 22.—Justice Boyle today denied a motion for the discharge of Linder and Linke, arrested for complicity in the Vinson lynching and held them without bail.

National Republican Convention. CHICAGO, August 22.—The Journal's Washington correspondent says:

San Francisco is making a very determined effort to capture the Republican national convention. The representatives of the San Francisco papers here are booming the town for all they are worth. Colonel J. S. Van Antwerp says:

"There is no reason why the convention should not go to San Francisco. The only objection offered is by certain newspapers and a lot of political shouters, who say the journey will be too long. There is no merit in either objection. If the morning papers do not get the full report the afternoon papers will, and what they lose the morning papers can pick up. The public will, therefore, be promptly acquainted with the proceedings. As for the second objection that is even more worthless. Political shouters do no good for any candidate, as was plainly shown in the last Chicago convention, which had several thousand shouters from New York in favor of Hill. The expenses of the delegates themselves would be no greater than they were when they went to Minneapolis. The railroads will make such advantageous terms and the people of San Francisco will be so lavish in their hospitality as to make the expense for each delegate even less than it was in Minneapolis, or even Chicago. Chicago does not care for the convention this year, I am told by leading men from that city, Minneapolis does not want it, and there is no reason in the world why San Francisco should not have it."

Silver Democrats.

WASHINGTON, Aug. 22.—Senator Harris, of Tennessee, who is one of the leaders in the movement to secure a free silver platform and candidate at the Democratic national convention, said today that he did not believe in wasting much time on free silver in the next congress, and also was of a like opinion as to suggestions of an international monetary conference. The silver democrats' fight, he said, would be for the control of the next national convention. Speaking of this in connection with the recent silver conference, he said:

"We hope to have a central organization at every county seat and every voting precinct in nearly every county in the United States. With such an organization, if it shall be completed, will be able to bring into action at the proper time the entire free silver sentiment of the country. If successful we will control the action of the national convention. If defeated, speaking for myself, I shall submit to the will of the majority."

Nebraska Democrats.

OMAHA, Aug. 22.—Chairman Smythe of the Democratic state central committee called the state convention to order at 2 o'clock and the call was read amid great enthusiasm. There are 500 delegates nearly all strong silver men. The financial plank of the platform will favor free coinage of silver at 16 to 1, without waiting for the consent of the other nation, and declares that all paper money should be issued by the government and be full legal tender for all debts.

Down on Cameron.

WILLIAMSPORT, Pa., Aug. 22.—The Republican county convention was held here when three delegates to the state convention were chosen in the interest of Chairman Gilleson. Resolutions were adopted opposing the election of J. Donald Cameron as senator, because of his money views.

A Cloakmakers Strike.

NEW YORK, Aug. 22.—Thirteen hundred cloakmakers have struck. This makes a total of eight thousand workers on a strike belonging to the several branches of garment trade in the Hebrew section of this city. The demand is for an increase of wages.

THE OHIO DEMOCRACY.

The Final Outcome of the State Convention.

SILVER MEN ARE DISSATISFIED.

The Brice Delegates Score a Good Point.

SPRINGFIELD, O., Aug. 22.—At 10:30 yesterday the chairman of the state committee, H. A. Smalley, called the convention to order. Senator Brice was introduced as presiding officer of the convention, and made a speech in which he maintained that the Democratic party had fulfilled its pledges by repealing the Sherman law, McKinley law and the federal elections law; and urged upon the party in Ohio to stand on the national platform of 1892 on currency. He eulogized Cleveland as the greatest statesman of his time.

Following is the majority report on resolutions adopted in committee, 19 to 2: "The Democratic party of Ohio, in convention assembled, points with satisfaction and pride to the wisdom and a tion of that party for the last two years, and the results accomplished, according to its promises, to-wit: The repeal of Republican legislation known as the Sherman law, as un-American, the federal election law and McKinley law, whose repeal have resulted in returning prosperity to the country to such an extent that even Republicans are obliged to recognize the same. We congratulate President Cleveland that his efforts in the repeal of these vicious laws, and his upholding of the credit of the country have been successful. We congratulate Senator Calvin S. Brice for the earnest and effective support he has given the president in these matters. When we consider the fact that the Democratic party received from the Republicans in 1892 a bankruptcy treasury, that it inherited from them a vicious currency and tariff laws, which had prepared and finally produced the panic of 1893, we insist it is entitled to the thanks of the people for the courage with which it attacked and repealed these laws. We reaffirm the following portion of the seventh plank of the platform of the last national Democratic convention: 'We hold to use of both gold and silver as standard money of the country and to the coinage of both gold and silver without discrimination against either metal, or charge for mintage, but the dollar or unit of coinage of both metals must be of equal intrinsic and exchangeable value or be adjusted by international agreement or by such safeguards of legislation as shall insure the maintenance of the parity of the two metals and an equal power in every dollar at all times in payment of debts; and we demand that the paper currency shall be kept at par with and redeemable in such coin.' We insist upon this policy as especially necessary for the protection of the farmers and laboring classes, the first and the most defenseless victims of unstable money and fluctuating circumstances. We call the attention of the people to the methods and practices of bossism by which the Republican party in this state has been managed in the last few years; and for examples, point to its history in Hamilton county and to the final culmination of the same in Zanesville convention; and we ask the people by their votes this fall to put their condemnation on such practices. We denounce the last legislature as corrupt and unworthy of the confidence of the people, and we submit to voters whether they wish to perpetuate this condition of affairs by placing the Republicans again in power. We view with alarm the large increase of indebtedness throughout the state by counties and municipalities as authorized

zed by the last legislature and the increase in the last few years in the tax rate, and we demand economy in expenditure and conservatism in the increase of debt."

The question being on substituting the minority report for the majority report, the result was: 274 ayes, 446 nays. The report on credentials as amended was then adopted. The report of the committee on permanent organization continuing, the temporary officers was adopted. A rule was adopted limiting any debate to twenty minutes on each side with a view of preventing a protracted debate on resolutions.

Balfour on Bimetallism.

LONDON, Aug. 25.—In the house of commons, first lord of the treasury, Right Hon. A. J. Balfour, replying to Sir John Long, the liberal member of Dundee, who asked whether he would advise the government to invite an international conference on silver, said: "I am and always have been in favor of international agreement, but I have not the right to pledge my colleagues, and I do not believe an international agreement would result from an international conference."

THE AMERICAN MISSION

Attacked By Chinese Near Foo Chow.

A CHAPEL AND SCHOOL WRECKED.

A Strong Anti-Foreign Feeling Among the Populace.

HONG KONG, Aug. 22.—Another outrage has been committed near Foo Chow. The American mission has been attacked by a large and infuriated mob, armed with various weapons. The chapel and school were wrecked and four native scholars were fatally wounded, while the foreign teacher escaped. There is a strong anti-foreign feeling in Foo Chow, which is spreading among the populace, who are parading with cries of "Drive out the foreign devils."

A LATER ACCOUNT.

LONDON, Aug. 22.—A dispatch to the Times from Hong Kong this afternoon confirms the attack upon the American mission near Foo Chow, and reveals a dangerous state of the populace of that city. According to the Times' dispatch the American school was situated just outside of the west gate of Foo Chow. The dispatch adds: "The situation at Ku Cheng is unchanged. Captain John S. Newell, of the United States cruiser Detroit, and Dr. Hart, have gone there from Foo Chow." More anti-foreign placards and pamphlets are being distributed at Canton.

PROBABLY INCORRECT.

WASHINGTON, Aug. 22.—Officials of the state department said today that it was probable that the riot near Foo Chow was the one reported to the state department several days ago as occurring at Yung Fu, not far from Foo Chow.

LATEST FROM CHINA.

LONDON, Aug. 22.—A special dispatch from Shanghai says Chinese soldiers situated at Tsin Tsin revolted yesterday and assembled outside the gates of Li Hung Chang's yamen, clamoring for arrears of pay. Later they attacked shops in the city and killed 10 persons.

Stagerobbers Abroad.

OREGON CITY, Aug. 22.—The Wilhoit stagerobbers are still abroad in the land. Two men answering their description were at Peobles farm house Tuesday evening, about two and a half miles north of where the stage was held up last week. One of the men was tall, with a light moustache, and the other was short and heavy set and wore a mask hiding his features. They went into the house and demanded supper, which was given them. The people of that section were tardy in informing the authorities, but a sheriff's posse was sent out in pursuit of the men as soon as the news was received. The Oregon City and Wilhoit stage went out yesterday morning with several passengers, but as no one came in from that direction yesterday evening, no report has been received of any possible hold-up. In fact hold-ups in that section are becoming of such usual occurrence that people do not take any interest in spreading the news. Even the \$50 reward offered by Sheriff Maddeck does not seem to inspire them with a desire to look behind the bush for a stagerobber.
