The effects of serious illness upon the physical system are often most disastrous. per cent, and have refunded the bal-The disease frequently leaves impure germs in the blood which develop, sooner or later, in some distressing form. The true way to avoid these troubles is to see that the blood is made pure, rich and free from disease germs, when the patient is recovering, by using Hood's Sarsaparilla. "In December, 1889, I was stricken down with typhoid pneumonia. My case was truly a very critical one. Indeed, 80 days elapsed, when it settled in my right side and breast. Running sores discharged very profusely. Through long suffering I became very much reduced in fiesh, while my hands and limbs were very much swollen. It was a hard

Struggle For Life, and after passing under the care of eleven different doctors I concluded that I could not get well, but decided to take something to stimulate my system. I accordingly got a bottle of Hood's Sarsaparille ingly got a bottle of Hood's Earsaparills and commenced to get some relief from it. That was a year after my trouble broks out. I continued to use the medleine, and after taking six bottles I am well and hearty." J. O. BROWNING, Turner, Ore.

LOSES HIS WIFE AND FORTUNE.

An Important Decision by the Supreme Court.

SAN FRANCISCO, Dec. 14 .- Fortune hunters will be greatly pleased with the decision which was rendered by the supreme court in a case appealed from Sonoma county. The action was brought by Aaron Barnes, Sr., an olderly man, against his wife, Jessie Burk Barnes, to upset some deeds to property given by him to her and to annul the marriage and secure in Missouri. \$20,000 damages. In the lower court the demurrer to the complaint was Lebanon, went to Portland Friday, to sustained, and when the old man visit her parents Mr. and Mrs. Raiston failed to file an amended complaint, in Portland. They were see m; anied judgment was given to the woman, as far as Albany by Mr. Kirk; atrick, The supreme court affirms the lower court.

It appears that the plaintiff, the husband, was looking for a wife for in this city. some time. He wanted a woman who was "worthy and moral." He found the defendant, and considering her such a woman, entered into an agreement with her. On his part he promised to deed her the property in went to Coburg Friday to attend the litigation. On her part the defendant bedside of their grandfather. He died promised to marry Barnes and "live on Saturday morning. with him the remainder of their joint lives."

The marriage took place, the property was deeded to the woman, and the prefers Oregon mist to eastern snow. two lived together for several years. The wife than ran away, and the husband brought the suit now decided in the state's righest court.

Barnes found the woman was not what the stomach, and tests be thought, but "immoral and un- of cases, long ago worthy." worthy."

The Supreme Court disposes of the contention that the defendent did not fulfill her part of the contract by declaring that she did. The marriage it self, it is stated, furfilled the contract, and it was not bound upon her to live with him "during the remainder of their joint lives," because that was contained in the marriage contract itself. Concerning the other and more important allegation, the Court said:

though concealed, does not invalidat marriage. Public policy pronounces otherwise, and opens marriage as a gateway to repentance and virtue. Therefore in the case at bar the marriage, which is the very highest kind of consideration, was the consideration for the convayance of the property. There is no ground for setting aside the conveyance or for any other redef asked."

CASTORIA

for Infants and Children.

MOTHERS, Do You Know that Paregorie, Bateman's Drops, Godfrey's Cordial, many so-tailed Soothing Syrups, and

most remedies for children are composed of opium or morphine? Do You Know that opium and morphine are stupefying narcotic poisons?

Do You Know that in most countries drugglets are not permitted to sell narcotics without labeling them poisons?

Do You Know that you should not permit any medicine to be given your child unless you or your physician know of what it is composed?

Bo You Know that Castoria is a purely vegetable preparation, and that a list of its ingredients is published with every bottle? Do You Know that Castoria is the prescription of the famous Dr. Samuel Pitcher.

That it has been in use for nearly thirty years, and that more Castoria is now sold than of all other remedies for children combined? Do You Know that the Patent Office Department of the United States, and of

other countries, have issued exclusive right to Dr. Pitcher and his assigns to use the word "Castoria" and its formula, and that to imitate them is a state prison offense?

Do You Know that one of the reasons for granting this government protection was because Castoria had been proven to be absolutely harmless? Do You Know that 35 average doses of Castoria are furnished for 35

courts, or one cent a dose? Do You Know that when possensed of this perfect preparation, your children may be kept well, and that you may have unbroken rest?

Well, these things are worth knowing. They are facts,
