—the bad habits and early vices of young men and their disastrous consequences. Young men and old men, those who suffer from nervous debility and exhaustion, the wasting away of the vital strength and power from hidden drains or intemperately bad habits can readily find relief for body and mind by writing the World's Dispensary Medical Association, of Buffalo, N. Y. The employes and Specialists who treat at a distance by correspondence or at the Invalids' Hotel and Surgical Institute of Buffalo, all this class of diseases. Those who suffer from low spirits, irritable temper, a "broken-down" nervous system, and such distressing symptoms as backache, dizziness, shooting pains in head or chest and indigestion, sexual excesses or abuses, all the result of exhausting diseases or drains upon the system,—will find a permanent cure after taking the special prescriptions sent them from the Invalids' Hotel and Surgical Institute. This association of medical men have prepared a book written in plain but chaste language, treating of the nature, symptoms and curability, by home treatment, of such diseases. The World's Dispensary Medical Association, Proprietors of the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., will, on receipt of this notice, with no cents (in stamps for postage) mail, sealed in plain envelope, a copy of this useful book. It should be read by every young man, parent and guardian in the land.
