Great Cure in Turner

Running Sores After Typhold Fever, Dood Health Restored by

1000 Sarsaparilla

The effects of serious illness upon the physical system are often most disastrous. The disease frequently leaves impure germs in the blood which develop, sooner or later, in some distressing form. The true way to avoid these troubles is to see that the blood is made pure, rich and free from disease germs, when the patient is recovering, by using Hood's Sarsaparilla.

"in December, 1889, I was stricken down with typhoid pneumonia. My case was truly a very critical one. Indeed, 90 days elapsed, when it settled in my right side and breast. Running sores dis-charged very profusely. Through long suffering I became very much re-duced in flesh, while my hands and limba were very much swollen. It was a hard were very much swollen. It was a hard

Struggle For Life,

and after passing under the care of eleven different doctors I concluded that I could not get well, but decided to take some thing to stimulate my system. I accordand commenced to get some relief from it. That was a year after my trouble broke out. I continued to use the medicine, and after taking six bottles I am well and hearty." J. O. BROWNING, Turner, Ore.
