AN OPTICAL ILLUSION

How an Ordinary Raft Made a Sensation on the Raging Missouri.

Captain Inkong, an old river man, crested quite a sensation by the peculiarity of the craft in which he once navigated the Missouri river. He was quite a sportsman, and on one of his hunting excursions his

"GOIN ON A RAG." skiff was stolen or got adrift, leaving him near a small town about 20 miles above his home. He disliked to walk that distance and concluded to make a raft and float down. He lashed together four small logs 5 or 6 feet long in the form of a square laid a piece of plank across and then placed a discarded nail keg in the middle. Then be got a newspaper, and lighting his pipe shoved off into the stream. Fluating swiftly along he passed in front of a negro cabin The old negro stood on the bank and hailed

"Wha's yo' goin, cap'n, on dat t'ing?"
"Goin to St. Louis!"
"Goin on dat kag?"

"Fo' Gord!" was all the astonished negro could say. The captain, rather wondering at the negro, looked at his feet and found appeared beneath the surface of the water, certed, however, he continued his voyage

and arrived home in safety.

This story reminds the Kansas City Times of the case of an ingenious man livg on L'Outre island, near Hermann, who has built a house which he thinks will avail as a roof. In case of high water he ties the the bosom of the avaricious stream, await auspices of the men's league. ing the subsidence of the water, when by a little maneuvering he settles at his old an-chorage, ready to descend and go to house keeping again when the water disappears

Dairy and Creamery.

Professor Dean of the Ontario Agri cultural college, speaking of the difference between cheese and evaporated -viz, water about 31 per cent; fat, 31 per cent; casein. 31 per cent, and about 7 windows. per cent of lactic soid, ash, etc., while the evaporated milk has also the milk sugar, which in cheesemaking passes off in the whey, and a varying amount of water and in some cases cane sugar."

Scientific cheesemakers at the experiment stations begin to be of opinion that cheese can be made without rennet and that this will be done in course of time, though how they are not prepared to say.

The truth about acrating milk seems to be this: If you want it to get cream from for butter making, do not aerate it, as this makes the cream hard to get out of the milk. Milk that is clean does not need aeration for butter making purposes. But if you well the milk and want to get the best prices for a pare, sweet article without any food flavors or cowy odors, then aerate it.

Dairy Instructor Ball advises all creameries to put in apparatus for pasteuriz-ing or sterilizing the cream before they churn it. This is done in Danish creameries and constitutes one reason why Danish butter is considered the best that

Mix together the bulky and concen-trated foods in proper proportion.

The co-operative creamery system is entirely successful in Denmark. There are over 1,000 such creameries in that country at present, each with a membership ranging from 10 to 100.

Danish farmers start a creamery by forming themselves into an association and borrowing capital on the joint security of the members. Then they build tie creamery and set it going. No member is allowed to leave the association till it is free from debt. An executive committee is appointed, consisting of chairman, secretary, treasurer, auditor and directors. A general manager is hired, and he and the executive committee transact all the business and run the creamery without any meddling on the part of the stockholders.

HAD A FINE TIME.

At about 7:30 o'clock last Friday evening one of the jolliest crowds of young people that Stayton affords made its appearance at the home of Mr. John Kerns on First street, and loaded themselves into several of Mr. Thomas's backs, and the crowd of about forty made their way three miles out on the Mehama road to Mr. Ware's large farm house. It was about 8:45 when an alarm was turned in which aroused the occupants from their reverie with much surprise, and they found a crowd of young folks waiting to be admitted.

After wraps had been taken off and all were comfortably seated genbecome discouraged, would be restored to eral conversation followed, after good health if they would only give which games, charactes and music conversation followed, after were indulged in.

The "Bow and Arrow Heart" game caused much merriment. Mr. Lafe Thomas carried off first prize and Mr. Ell. Smith the booby prize.

We must not forget to mention that Joe Kerns and his winning ways were present and just why all the ladies wanted to get into his back was a question.

Earl Huntly and his comical ways were there, too, and we all knew it. But Fred Landreth is the boy who believes three is a crowd. There's Temp, too. Well all who know her can better imagine than I can tell

We cannot forget to mention the cultured voices of Misses Minnie Magers, and Nellie Starr.

We went for a good time and we had it, notwithstanding Charley Stayton had one of the best looking crowds in his back.

So thoroughly did the young folks enjoy themselves that it was hard work for the drivers to make the crowd believe that the time was at hand to return home. The hours passed away so quickly that few thought of leaving. It looked for a while as if the only way was to walk home or go without the crowd.

On the way home every song that any one thought of was on the program, and the selections of music were so charming that the watch dogs along the road arose from their slumhacks stopped at the respective homes leaving nothing but the keg to show upon what he was viding. Not at all disconeral invitations were extended to stop in for breakfast.

JUBILEE SINGERS!

Zan Edwards famous colored jubilee him, whatever freak the river may take. Zan Edwards famous colored jubilee On the top of an ordinary log house he has singers will give a strictly firstclass constructed a flat boat, which also serves musical concert entertainment at the First Presbyterian church on Tuesbouse to the trees and moves his family up on board. There they are gently rocked on day evening, January 14th, under the

They will dress in true plantation costumes, as in days of slavery. They will introduce jubilee and plantation songs, depicting scenes from the Sunny South, as they appeared in the days of slavery.

There are 7 people in the company, cheese and evaporated milk is chiefly singer. You will miss a rare treat if this-the former contains but three or you do not hear them. Admission, four of the original compounds of the milk 25e; children, 15c. See posters in store

BUDS, Society buds, young wo-men just entering the doors of soci-ety or wo man-hood, require the wisest care. To be beautiful and must have perfect health, with all it implies — a clear skin, rosy checks, bright eyes and good spirits. At this period the young woman is especially sensi-tive, and many

pain, headache, backache, and mervous troubles, which continue through life, have their origin at this time. If there be pain, headache, backache, and nervous disturbances, or the general health not good, the judicious use of medicine should be employed. Dr. Pierce's Favorite Prescription is the best restorative tonic and nervine at this time. The best bodily condition results from its use. It's a remedy specially indicated for those delicate weaknesses and derangements that afflict we menkind at one period or another. You'll find that the woman who has faithfully used the "Prescription" is the picture of health, she looks well and she feels well.

In catarrhai inflammation, in chronic displacements common to women, where there are symptoms of backache, dizziness or fainting, bearing down sensations, disordered stomach, moodiness, fatigue, etc., the trouble is surely dispelled and the sufferer brought back to health and good spirits.

" WOMAN'S ILLS." Mas. W. R. BATES, of Diluorth, Trumbull Co., o Ohio, writes: Ohio, writes:

"A few years ago I took Doctor Pierce's Pavorite Prescription, which has been a great benefit to me. I am in excellent health now. I hope that every woman, who is troubled with 'women's lila,' will try the 'Frescription' and be benefited as I have been."

CASTORIA

for Infants and Children.

MHIRTY years' observation of Castoria with the patronage of millions of persons, permit us to speak of it without guessing. It is unquestionably the best remedy for Infants and Children

the world has ever known. It is harmless. Children like it. It gives them health. It will save their lives. In it Mothers have something which is absolutely safe and practically perfect as a child's medicine.

Castoria destroys Worms. Castoria allays Feverishness.

Castoria prevents vomiting Sour Curd.
