

Nervousness

Cannot be permanently cured by the use of opiates and sedative compounds. It is too deeply seated. It is caused by an impoverished condition of the blood, upon which the nerves depend for sustenance. This is the true and only natural explanation for nervousness. Purify, enrich and vitalize the blood with

Hood's Sarsaparilla

and nervousness will disappear. Hood's Sarsaparilla will give vitality to the blood and will send it coursing through the veins and arteries charged with the life-giving, strength building qualities which make strong nerves. MOTHERS recovering from the illness attending childbirth, or who suffer from the effects of disorders, derangements and displacements of the womanly organs, will find relief and a permanent cure in Dr. Pierce's Favorite Prescription. Taken during pregnancy, the "Prescription" **MAKES CHILDBIRTH EASY** by preparing the system for parturition, thus assisting Nature and shortening labor. The painful ordeal of childbirth is robbed of its terrors, and the dangers thereof greatly lessened, to both mother and child. The period of confinement is also greatly shortened, the mother strengthened and built up, and an abundant secretion of nourishment for the child promoted. If **THE MARRIED WOMAN** be delicate, run-down, or overworked, it worries her husband as well as herself. This is the proper time to build up her strength and cure those weaknesses, or ailments, which are the cause of her troubles. Dr. Pierce's Favorite Prescription dispels aches and pains, melancholy and nervousness, brings refreshing sleep and makes a new woman of her.

Mrs. Abigail Lusk, of Lovins, Jefferson Co., N. Y., writes: "I had been suffering from weakness and falling of the womb for several years, or since the birth of my youngest child. I consulted all the physicians around here and they gave me up and said there was no help for me. At last, almost discouraged, I began taking Dr. Pierce's Favorite Prescription and took five bottles. It is three years since and I have not had any return of the trouble. I feel very grateful, and do not think I should have been alive now if I had not taken your medicine."
