Wheat Stealing Case. OREGON CITY, May 9.—The action of J. F. Anderson, of Howell Prairie, Marion county, against the Portland Flouring Mills Company is up for trial in circuit court here. Mr. Anderson seeks to recover for 5000 bushels of wheat that he delivered into the possession of Loughmiller & Co. at Switzerland station in 1893. The grain came to the mills in this city, owned by the Portland Flouring Mills Company. Anderson claims he dealt with Loughmiller & Co. as agents of the Portland Flouring Mills Company, and the defendant denies that they were his agents. Last fall the action was begun for wrongful conversion of property, the wheat having been left with Loughmiller & Co. for storage, but a nonsuit was then granted after the trial had proceeded half a day.

IS AGAINST TOBACCO Church Officers Forbidden the Use of It. M. E. CONFERENCE ACTION The Clergy and Laity to Be on Equal Footing. CLEVELAND, O., May 9.—When Bishop Ninde called the Methodist Episcopal general conference to order this morning, but few delegates were in their seats. G. Louthor, of the Southwest Kansas conference, introduced a resolution recommending the members to practice absolute abstinence and that all Sunday school superintendents and Epworth League presidents be forbidden the use of tobacco. A resolution was introduced by Merritt Harburt, of Wilmington conference, recommending the constitution to be amended to recognize the Delty, in preambles the words "Trusting in God." Secretary Monroe read a communication from the Methodist Episcopal church south, regarding the federation of the two bodies. A resolution was introduced providing that changes in the constitution could be made without a two-thirds vote of the conference and a three-quarter vote of annual conferences. It was referred to the committee. Senator Harlan introduced the following: "Resolved, That the second restrictive rule be so changed as to admit equal representation by the ministry and laity in general conference."

A BANKER IS FOR SILVER Proposes Unrestricted Coinage of Gold and Silver And Predicts Better Conditions as a Result. WASHINGTON, May 9.—Senator Stewart today presented the senate a document prepared by Wm. P. St. John, president of the Mercantile National bank, of New York, proposing a national platform for the independent party of 1896. It proposes that the mints be opened to the unrestricted coinage of gold and silver alike; demands protection in the interest of the southern cotton mills against Asiatic competition; pronounces for the referendum and initiative system; condemns Clevelandism utterly.

Referring to the effect of the various declarations in the proposed platform, Mr. St. John says as to the first: "Some would acquiesce in free coinage if they could foresee freedom from a panic on its adoption. If \$300,000,000 bank clearing house certificates can allay a panic in Wall street, the prospect of \$300,000,000 United States coin certificates is likely to stifle any panic that would arise."

SHIP BURNED AT SEA

The British Bark Centaur Destroyed by Fire.

INDIANS TO BE RETURNED

The Creeks Are to Be Sent Back to Canada.

HONOLULU, May 1, per Steamer Mariposa.—The British bark, Centaur was burned on April 17 and deserted at sea, when burned almost to waters edge. The captain and crew of twenty-two travelled eight hundred miles in nine days in two open boats. The Centaur sailed from San Francisco, laden with wheat valued at \$70,000.

WASHINGTON, May 9.—The senate today passed the bill for the deportation to Canada of the Cree Indians, who fled into Montana at the time of the Louis Riel raid. At Dubois, Idaho, it created quite a flurry by asking the immediate consideration for a joint resolution providing hereafter no bonds be issued by any officer until the president had communicated to congress the necessity for bonds and the amount of issue and until congress shall authorize the payments of bonds issued. "That is quite important," interposed Hill, "and ought to go to the committee." "No," said Dubois "let us have a vote of the senate." Sherman suggested this involved an important change in the law and objected to the immediate consideration. Then I would like a vote Monday," said Dubois. The consideration of the river and harbor bill was resumed.

A CANNIBAL MASSACRE.

A Wholesale Raid on Traders and Missionaries. SAN FRANCISCO, May 9.—Steamer Monowal brings news of a wholesale massacre of traders and missionaries by the natives of the islands of Manning Straits and Solomons. The Malayta savages butchered a whole boat's crew of men from the brig Rio Loge, at Rubiana. Two French and one American trader were slaughtered. The murders were followed by acts of cannibalism. A small trading schooner owned by a French trader was attacked and the owner, his American assistant and eight peaceful natives were lured ashore and beaten to death. The trading station was sacked. Two English missionaries could not be found and it is supposed they were also murdered. The mission on Toman island has been abandoned as a result of the atrocities of the natives.

A Denial.

DETROIT, May 9.—The Evening News today publishes an interview with Don M. Dickinson, replying to the strictures of Senator Vest and other free silver men as to the alleged corruption of the late Democratic state convention by the office holders. The 16 to 1 men never had a majority of the delegates elected and talk of the use of money is "pure and unadulterated slander and libel." If any money was used, says Dickinson, it was in behalf of the free silver syndicate, organized and existing outside of this state. He further said the Chicago convention will not favor the policy of free coinage at a ratio of 16 to 1.
