SEDGWICK CORPS NO. 1. Sedgwick R. C. No. 1, the first corps on this coast is still in the field, and desires to make herself heard.

In this age of women's lodges, it is not our purpose that the corps should take her place in the background. Founded on the noblest principles, we mean to stand by our colors, though all else should fall. Although fighting against many odds, we are constantly adding new members to our roll, and are enabled to help many needy veterans and their dependent ones.

If you were all a member of the corps ladies wending their way homeward, each with a smile of contentment on her face, you have but to ask them to receive the reply: "We have been to the sewing society." These meetings are held every second Thursday, at the homes of the members, where they piece quilts, etc. That the organization has an efficient corps of officers, is made manifest by the promptness with which they attend the meetings, and the manner in which they perform their work.
