

# Cripple

The iron grasp of scrofula has no mercy upon its victims. This demon of the blood is often not satisfied with causing dreadful sores, but racks the body with the pains of rheumatism until Hood's Sarsaparilla cures.

# Made Well

Running sores broke out on my thighs. Pieces of bone came out and an operation was contemplated. I had rheumatism in my legs, drawn up out of shape. I lost appetite, could not sleep. I was a perfect wreck. I continued to grow worse and finally gave up the doctor's treatment to take Hood's Sarsaparilla.

When a little one is expected in the family his lovingly the parents plan together for his future well-being. They sometimes even forecast his education and career. Does this seem too early to anticipate while the child is yet unborn? It isn't. The child's destiny has already been partly mapped out by Nature according to the disposition and habits of the parents. The best plan a mother can make for the future happiness of her own child is to maintain her own cheerfulness and health while her child's undeveloped being is still a part of hers. Her health at this critical period is of tremendous consequence to the little one's whole future existence. Every prospective mother will find direct nourishment, comfort and sustaining strength in Dr. Pierce's Favorite Prescription. It will maintain her vitality both bodily and mental; shorten the period of confinement and make labor easy and almost painless. It imparts strength and elasticity to the organs concerned in parturition, invigorates the mother with recuperative energy against any after period of weakness and depression, and aids in the secretion of healthy nourishment for the child. It is the unfailing cure of all "female weaknesses."

Dear Doctor—Your "Favorite Prescription" is the best medicine I have before consumed. I feel as if I had never known it. It proved so with me. I had a little with me with any of my children. I had with my last, and she is the healthiest we had on my feet long enough to wash my dishes without suffering almost death; now I do all my housework, washing, cooking, sewing, and everything for my family.

# CASTORIA

for Infants and Children.

MOTHERS, Do You Know that Peperoric, Bateman's Drops, Godfrey's Cordial, many so-called soothing syrups, and most remedies for children are composed of opium or morphine?

Do You Know that opium and morphine are stupefying narcotic poisons?

Do You Know that in most countries druggists are not permitted to sell narcotics without labeling them poisons?

Do You Know that you should not permit any medicine to be given your child unless your physician knows of what it is composed?

Do You Know that Castoria is a purely vegetable preparation, and that a list of its ingredients is published with every bottle?

Do You Know that Castoria is the prescription of the famous Dr. Samuel Pitcher. That it has been in use for nearly thirty years, and that more Castoria is now sold than all other remedies for children combined?

Do You Know that the Patent Office Department of the United States, and of other countries, have issued exclusive right to Dr. Pitcher and his assigns to use the word "Castoria" and its formula, and that to imitate them is a state prison offense?

Do You Know that one of the reasons for granting this government protection was because Castoria had been proven to be absolutely harmless?

Do You Know that 33 average doses of Castoria are furnished for 33 cents, or one cent a dose?

Do You Know that when possessed of this perfect preparation, your children may be kept well, and that you may have unbroken rest?

Well, these things are worth knowing. They are facts.

The fac-simile signature of *Chas. H. Pitcher* is on every wrapper.

Children Cry for Pitcher's Castoria.
