FOLLETT, THE DIVER, HERE.

He is Examining the Water Works Suction Pipes.

Mr. Follett, of Portland, a professional diver, is in the city engaged upon an examination of the Salem Water company's two suction pipes from the crib across the slough to the works. Mr. Follett is the diver, has had charge of the steel railroad bridge at Portland for eight years, and was for twenty years in charge of the "Q" bridge across the Mississippi at Burlington, Ia. He usually gets \$50 per day for his services besides expenses, and the water company will require him for a week.

The paraphernalia necessary for the diver weighs 180 pounds. He is supplied with air from an air pump on a flat-boat, which is worked by two men, and Mr. Follett's son assists him in the matter receiving signals, and supplying his demands while under water. The diver, can hear nothing under water, and all his observations are taken with his sight and feeling. He takes tools with him; every joint is thoroughly examined, and the bolts all drawn up where found loose. One small leak on the old suction pipe has been discovered near the crib, where the lead on a sleeve joint became loose. When this work is completed it will be absolutely certain that no leakage exists in the suction pipes, and the work will redound to the great satisfaction not only of the people, but the company as well.

Notice to Contractors.

Sealed bids will be received by the undersigned, at the office of the clerk of the district until Thursday evening, July 30, 1896, for repairing the four furnaces at the East Salem school house. The furnaces must be taken to pieces, and every defective part replaced with new material, in accordance with the scale on file at the office of the clerk, and the furnaces are to be examined by the committee before they are bricked up. The committee reserve the right to reject any or all bids.

L. EXCHANGE.

IMPROVEMENTS.—Edward Snell is having a kitchen rebuilt on his residence in Yew Park to take the place of the one that was destroyed by fire several weeks since. The handsome and commodious residence of Gen. W. H. Odell on East State street is rapidly nearing completion and will soon be ready for occupancy. State Treasurer Phil Metschan has recently had erected a beautiful stable on his residence property corner of State and Twelfth streets. It is a well constructed building and makes the surroundings even more attractive. Section Foreman P. D. Prunty and force of Chinamen are engaged in repairing the Southern Pacific railroad track in the vicinity of Center and Marion streets by replacing several of the old rotten ties by new ones. The appearance of the Moore property just east of the First Methodist church has been greatly improved lately with a coat of paint. The Congregational society of East Salem has recently purchased lots in East Salem and will probably soon erect a modern church edifice. Judge R. S. Bean has just completed a valuable addition to his East Salem home. The roof has been remodeled, and a substantial addition made to the west end. The entire building and barn are also being treated to a new dress of white paint. It is reported the O. R. & N. company may erect a passenger office soon for the accommodation of the many patrons of this company. Such improvement will be looked forward to with considerable eagerness by the company's patrons who are now obliged to content themselves with standing room, waiting for in-coming and out-going boats.

SUCCESSFUL CHURCH SOCIAL.

The East Salem People Are Capital Entertainers.

That the East Salem Evangelical church is an entertaining crowd of people, was clearly demonstrated last evening, at the social given by this denomination at the home of L. M. Benninghoff, in East Salem.

The social was a grand success both socially and financially, and the guests express themselves as greatly pleased with the evening's many pleasures. The church realized \$10.00 clear and above all expenses, which will go far towards defraying the minor expenses of the church during the coming winter, for which the social was given.

C. T. Doty, superintendent of the Sunday school, made the guests feel at home in his few well chosen remarks, in the opening address.

Miss Mabel Harrington executed an instrumental solo quite skillfully. Miss Fannie Smith delighted the audience with a recitation. The vocal duet, by Misses Emma and Ada Smith, was greatly enjoyed. Miss Nora Richter's recitation was very good and was heartily applauded. The trio, by the Bittner brothers, was one of the most enjoyable numbers. Walter Ostrander recited very well.

and the instrumental duet, by the Misses Lillian Bowen and Mabel Harrington, was rendered very acceptably. The vocal duet, by Bernice and Merle Williams, was faultlessly delivered. Following the program ice cream and cake were served, and a most enjoyable evening brought to a happy conclusion.
