THE WORKINGMEN'S CLUB.

Constitution Adopted and Speeches Made Last Night.

At the regular meeting of the Republican Workingmen's club a constitution and by-laws were adopted and other routine business was transacted.

It is proposed by the club to have uniforms, torches and other campaign paraphernalia. A grand McKinley jubilee will be held in Salem about Sept. 1st, to which all Republicans of the county will be invited.

RIVER NEWS.

On her trip down the river Friday morning, the Hoag ran onto a bar near Wheatland, where she remained for several hours. The Albany, which left Salem yesterday morning, also ran upon the Santiam bar, and at noon today had not succeeded in getting off.

The showers today will not affect the stage of water materially, although they may cause the river to remain at a stand still for a few days.

Steamer Grey Eagle went down the river this morning with her usual complement of passengers and good cargo of freight. She will return this evening.

Steamer Gypsy succeeded in reaching Salem last evening from Corvallis without any mishap and left for Portland this morning on time.

The following is taken from a Eugene paper concerning a small boat that was navigated on the upper river in the vicinity of Eugene for a short time:

Geo. N. Frazier's little steamer, the "Baby" has been raised from its bed on the bottom of the Willamette back of Skinner's butte and towed up the river to the bridge. The boiler and machinery have been removed from the hull of the boat and the little craft's days of service have been ended.

BRIDGE PIER ALL RIGHT.—After a thorough examination of the bridge piers Friday afternoon, Captain LaFollett reported it to be perfectly sound. In his work he discovered a large tree resting against the pier which he suggested should be removed since it would serve to catch all debris which would be a great strain on the pier.

TO SAVE HIM.—A bill of exceptions in the case of the state vs. Andrew Robinson, the rapist who was tried and convicted at the June term of circuit court for Marion county, was yesterday filed with the county clerk by defendant's attorney, Geo. G. Bingham.

AN AUGUST SHOWER.—This morning, at about the break of day, the long-looked-for and prayed-for rain commenced to settle down and was falling the greater part of the day.

NEARLY BURNED.—Yesterday while Mrs. Jas. F. Graham, of Garden Road, was destroying vermin in her poultry house by saturating the walls of the house with kerosine and burning them out the structure caught fire and came near burning to the ground.

LAWN SOCIAL.—Last Wednesday evening, the young people of the Congregational church, gave a successful lawn social at the home of R. B. Fleumming, corner Center and Cottage streets, when the ability of these young people to entertain, was again strongly in evidence.

HE GOT IT.—Last evening a "culled gemman" approached Recorder Edes and asked for 10 cents with which to purchase something to eat. He was placed in the city jail for the night and when released this morning left town immediately.

AMERICA'S GREATEST SHOWS.

Indisputably the Largest and Richest Show Ever Organized.

The great Adam Forepaugh & Sells Brothers enormous shows united which are booked for Salem, Saturday, August 22d, is positively the largest and richest show ever organized.

On her trip down the river Friday morning, the Hoag ran onto a bar near Wheatland, where she remained for several hours.

The following is taken from a Eugene paper concerning a small boat that was navigated on the upper river in the vicinity of Eugene for a short time.

DIVER FOLLET REPORTS.

Having Examined and Repaired the Water Pipes.

As is well known Capt. Follett, the expert diver has during the past week made an examination of the suction pipes of the Salem water company, and he has upon conclusion of his work made a statement of the condition of the same.

Salem, Oregon, July 31, 1896.

This is to certify that I have been engaged for the past three and one-half days by the Salem Water Company in examining and repairing their two suction pipes across the slough, also the crabs on which the pipes rest, and would say that they are now perfectly tight and in first-class condition, and have no reason to think but what they will remain so for years to come.

Subscribed and sworn to before me this 31st day of July, 1896. Wylie A. Moores, Notary Public for Oregon.
