

GOLDITES IN INDIANA.

Cleveland Will Uphold the Boltocrats.

BUT THEY MAY WITHDRAW.

Canadian Banks Don't Want Our Money.

WASHINGTON, Aug. 22.—There is excellent authority for saying that President Cleveland will write a letter to some friend at the Indianapolis gold standard national convention, opposing the endorsement of McKinley for his protectionist views and favoring the nomination of a Democrat, who believes not only in maintenance of the present gold standard, but also for revenue only. It is said, however, he may include the suggestion that it may be advisable after on in the campaign to withdraw this third ticket, if it shall appear that the gold standard cause is thereby jeopardized.

Don't Want Our Money.

TORONTO, Ont., Aug. 22.—The banks of Toronto are daily becoming more suspicious of American money. Not one of them will accept any form of American money at par, to any great extent. Yesterday the bank of Montreal, in Montreal, refused to take United States bill or silver from any one.

Bryan's Stumping Tour.

UPPER RED HOOK, Aug. 22.—Every indication was toward what is a settled fact—that W. J. Bryan expects and has been assured of Eastern support. Letters continue to pour in asking him to speak at Eastern points. Nearly every city of any size between New York and Chicago has asked him to make a stop, and without exception the invitations came from Democratic leaders. Bryan showed no surprise this morning at the stories that the New York state organizations had decided to support him. He did reflect a little bit upon the statement that Senator Hill had told Danforth that he would support and work for him (Bryan). He said in relation to that question: "It is not Senator Hill's custom to speak through others, and I doubt if Mr. Danforth gave out a statement purporting to be made by Senator Hill. The senator will probably make his own announcement."

New York Racket

is relieving goods of all kinds direct from New York, bought from one of the largest establishments of the kind in the world. All their goods are bought for cash, and sold for cash. Those buying from such a house get their goods cheaper than in an ordinary time house; that is clear. We are also able to sell our goods at cheaper rates, that also is clear.

We keep a large line of laces, embroideries, lace curtains, bed spreads, linen and cotton towels, crash, table linen, ladies vests, and all kinds of underwear, corsets, white and work shirts, suspenders, hosiery, purses, combs, brushes, and a large line of notions of all kinds, call and see for yourselves, we sell at close prices.

E. T. BARNES.

It was said today, on very good authority, that Mr. Hill would take part in the demonstration in honor of Bryan at Albany Tuesday night. The statement needs authentication, however.

The receipt of a letter from Leader Sheehan, of Tammany, asking Bryan to speak in New York, added another chain to the circumstances leading up to proof of a thorough understanding between Bryan and the New York Democracy.

The published statement that Richard Croker had approved Sheehan's and Tammany's course in endorsing Bryan caused the candidate a great deal of satisfaction.

Today the party goes to the Tivoli, where Mr. Bryan will speak, and on Sunday they will attend church. Monday they go to the Winnisnook club, in the Catskills.

Saving McKinley.

CANTON, Ohio, Aug. 22.—About 2,000 farmers, merchants and other artisans, of Mew Castle, Elwood and other parts of Lawrence county, Pennsylvania, called on McKinley today. Bands played, and thousands of enthusiastic voices cheered, cannons boomed and steam calliopes added noise to the medley. People stood in the rain for hour waving banners and beating tin helmets. Among the motto banners were: "We want back good old McKinley times." "We want furnaces and factories started, not rich men's silver mines." "Honest money and a chance earn it." Visitors presented to McKinley by ex-Congressman Jackson.

Bryan's Crowds.

UPPER RED HOOK, N. Y. Aug. 22.—The Democratic presidential candidate, W. J. Bryan, spoke at Tivoli late this afternoon. It was the first speech of importance he has made since the Madison Square Garden affair. Bryan's list of callers has increased every day. This morning a perfect stream kept coming and going His mail too, assumed tremendous proportions.

Hoke Smith Has Resigned.

WASHINGTON, Aug. 22.—The Associated Press is in a position to state definitely and certainly that Secretary Hoke Smith has resigned the cabinet portfolio and his resignation has been accepted by President Cleveland.

John M. Reynolds, second assistant secretary of the interior department, has been mentioned frequently as Smith's probable successor.

Oregon Gold Democrats.

PORTLAND, Aug. 22.—About one hundred and fifty gold Democrats met at Arion Hall today for the purpose of choosing eight delegates to the Indianapolis convention, September 2. The meeting was called to order by

L. L. McArthur. The convention was organized by the election of L. L. McArthur chairman and Anton Pionner, of Forest Grove, secretary.

In accepting the chairmanship, McArthur commented on the absence of a political agitator, "those in whom lust for office had stifled every feeling of manly independence." He could not accept the Chicago platform, for the reason that it departed from the true path of democracy. Neither could he support McKinley. Committees on order of business and resolutions were appointed.

The convention then took a recess till 1:30 p. m.

When the convention reconvened, reports of the committee on those entitled to seats and order of business read and adopted. A committee of fifteen was appointed to recommend eight delegates, two from each congressional district and from the state at large. The temporary organization made permanent.

The following were elected delegates to Indianapolis: C. E. S. Wood, L. L. McArthur, Zera Snow, W. M. Whidden, Multnomah; J. H. Albert, Marion; J. W. Bennett, Coos; E. G. Canfield, Clackamas; E. R. Skipworth, Lane.

Bland in Maryland.

LAUREL, Md., Aug. 22.—The Democratic national campaign in this state was opened in this city, the home of Senator Gorman, tonight, ex-Congressman Bland, of Missouri, being the principal attraction. Mr. Bland's speech was mainly devoted to replying to the arguments against the free coinage of silver at the ratio of 16 to 1.

Silver Democratic Primaries.

KANSAS CITY, Aug. 22.—In the Democratic congressional primaries, held here yesterday, ex-Mayor W. S. Cowherd, free-silver Democrat, carried everything and will be his party's nominee for congress. The gold Democrats had no candidate before the primaries.

CHICAGO, Aug. 22.—Professor Ross, of Stanford university, last night delivered an address on coinage to a number of students of Chicago university. Prof. Ross spoke for free silver. At 1 o'clock this (Saturday) morning the remains of the Bailey woman and an unknown man were taken from the ruins.

PROGRESS OF THE WAR

Spanish Gunboat Captures an Insurgent Sloop.

HAVANA, Aug. 22.—The gunboat Aguilta, while near a river on the coast of the province of Pinar del Rio, captured a number of insurgents concealed on a sloop. It is supposed they were hovering near the coast for the purpose of exchanging confidential dispatches between some of the insurgent leaders.

Americans connected with the insurgent army recently destroyed the railroad at landing places of the village of Banes. This is a port from which the people of Holguin obtain a considerable portion of their supplies. An engine was burned and a number of cars, as well as the baggage stored in them, were destroyed. A majority of the inhabitants are abandoning the village and taking refuge in the seaport town of Gibrara.

Reports from the province of Pinar del Rio are to the effect that the insurgents have taken rails from the railroad tracks for the purpose of throwing up entrenchments near Tago Taco. It is estimated that at least two kilometers of track have been torn up. For this reason, passenger trains and two freight trains have returned from Artesma and through traffic on the railroad is now interrupted.

Gapero, a naturalized American citizen, alleged to be an insurgent leader of considerable prominence, has been served with papers by the Spanish authorities which will result in his transfer for trial to the Santa Clara criminal court. He will be sent at once, accordingly, to the Santa Clara jail, where he will remain until the charges against him can be heard by the Santa Clara judges.

Reinforcements of the Spanish army are expected here shortly. These reinforcements consist of 670 infantry officers and 34,382 privates, four cavalry officers and 456 cavalrymen, 34 artillery officers and 1252 artillerymen 34 officers in charge of the engineering corps and 1540 men belonging to the corps.

According to official advices received here, Captain Leon del Monte, one of the insurgent leaders in the province of Matanzas, has surrendered to the Spanish authorities.

Heavy Rain Storm.

MILWAUKEE, Aug. 22.—A special from Boscobel, Grant county, Wis., says the heaviest rain storm for many years, was experienced in that section last night. A small stream which winds through the village, overflowed and swept away bridges, sidewalks and small buildings. Reports from Bloomington Patch Grove and surrounding towns, say much damage was done by water and lightning.

A Portland Man Killed.

ROCK SPRINGS, Wyo., Aug. 22.—Her man Eich was killed by the eastbound passenger train in the yards this afternoon. He was stealing a ride on the platform of the baggage car with a companion. A brakeman appeared and ordered them off. Though the train was moving at full speed, Eich let himself down until his feet touched the ground and let go, when it was presumed he fell.

He was struck on the forehead by the wheels and the top of his head torn open, letting his brains out. His right arm was torn in shreds to the shoulder. Upon his person was found papers showing that he was employed as a solicitor for the Fire Brand, a socialist paper printed at Portland Or., and was on his way to Omaha.

Premature Explosion.

PARRY SOUND, Ontario, Aug. 22.—While men were blasting a rock out near here today a heavy charge of dynamite prematurely exploded. Two men named Smith and Hillman were instantly killed. John Olsen was injured, and others seriously hurt.

Everybody is going to the circus on a silver basis.

THE WHEAT STEALING CASE.

Hugh and F. J. Eldridge Being Tried Today.

The case of state vs. Hugh and F. J. Eldridge charged with the theft of 1,000 bushels of wheat and 500 grain sacks valued at \$325 was called before Justice H. A. Johnson this morning. The complaining witness is F. Goffin, Attorney H. J. Bigger and Acting District Attorney J. H. McNary appeared for the state while the defendants have retained J. A. Carson and W. B. Holmes as counsel. The case is being very hotly contested. This morning the services of J. C. Booth were needed as French interpreter, one of the witnesses being a Frenchman who has not yet become acquainted with the American tongue. At noon an adjournment was taken until 2 o'clock when the trial was resumed. It is not probable it will be completed before late this afternoon.

A decision will be rendered by Justice H. A. Johnson at 5 o'clock this afternoon.

NARROW ESCAPES.—As the 2:20 local was approaching the depot this afternoon, a boy of about seven summers who had been standing in the midst of the large crowd, on the platform, started to cross the track, not being aware how close the train was. W. J. D'Arcy, the brilliant young lawyer, who was standing near the boy, managed to grasp his coat collar just in time to jerk him back from the track in time to prevent a fatal accident. Just after the circus procession had passed up State street, a woman was struck by a buggy, at the intersection of State and Liberty streets, and knocked to the ground, but fortunately sustained no serious injury.

NEARLY AN ACCIDENT.—When near Woodburn on her trip up from Portland last evening, the Salem local came near meeting with an accident. The break beam of the tender became detached and dropped almost to the track. The engineer discovered the trouble at once and made a quick stop when temporary repairs were made and the trip was continued. Had the beam dropped a few inches farther, a serious accident would have been inevitable.

A PLEASANT EVENT.—Last evening after the usual routine business had been transacted, Willamette Tent No. 6, K. O. T. M. carried out, successfully, a surprise they had planned for Queen Hive No. 5, L. O. T. M. The Ladies were invited in when they partook of delicious watermelon and enjoyed a season of social converse. It was a very pleasant occasion and Ben Taylor, the mail carrier, proved himself to be the hero of the hour.

THE FIRST SUR.—President J. M. Wallace of the Salem Water company, who is also a large stockholder in the Salem Woolen Mills, this morning left an order with C. H. Lane, the Salem tailor, to make him a complete suit out of the first cloth turned out of the Salem Woolen Mills Worsted Works. There is nothing small about Mr. Wallace, whether it is his subscription to a home enterprise or the amount of cloth it takes for a suit.

NOT CAST OUT.—The Seven Devils Mining and Real Estate company, of Baker City, stock \$130,000, fled articles with the secretary of state today.

NEW NOTARY.—D. C. Southworth, of Portland, was commissioned by the governor today.

Was taken with La Grippe and tried all the physicians for miles about, but of no avail and was given up and told I could not live. Having Dr. King's New Discovery in my store I sent for a bottle and began its use and from the first dose began to get better and after using three bottles was up and about again. It is worth its weight in gold. We won't keep store or house without it." Get a free trial at Fred A. Legg's Drug Store.

GEER, OF MACLEAY,

Talks Before the Workingmen's Club.

HE IS ASKED SOME QUESTIONS

And Presents His Usual Evasive Goldbug Answers.

Hon. T. T. Geer was announced to speak at the Armory Friday evening before the Salem Workingmen's Republican club—the regular Salem campaign organization for McKinley and Hobart. One would get the impression from the title of this club that Salem was a great center of labor organizations, but such is not the case. Salem has no labor unions to speak of, many of the people living without laboring.

Senator Patterson, banker E. P. McCormack and banker Z. F. Moody were well up toward the front. At 8:10 President Earl Race and Jos. Fones proceeded to the platform with Mr. Geer, who was introduced.

"Come up this way gentlemen," said Mr. Fones. "There's plenty seats here for 25 or 30 of you." The seats were all taken, although there was quite a crowd about the door, where they remained. There was a large number of ladies present and some had to stand all the way through.

MR. GEER'S TALK.

"Coming from the farm, I am glad to say I do not know all about this question. A great many before me probably differ from my views. I do not feel that it is necessary to abuse anyone." A Democrat had asked him if he would treat him well if he came. Of course he would. Our pockets were touched. We want a remedy and we want it now. Let us get at the bottom facts.

TALKS ABOUT MONEY.

Times began to get hard with the advent of the Populist party in this country. They made a concerted attack on a certain class of our people—the class who had the wealth, the money, the bankers, the millionaires, the plutocrats, the goldbugs. What was complained of? Money was not in circulation. We could only get it from those who had it. We can't get it from people who haven't got it. The rich always have the money. The money is never in the hands of the poor. Unless those who opposed the Republican party changed their tactics, and quit fighting the only men who had money, we could get no relief from making war on the rich. Times were good about 1892, and changed to the worse with the advent of the Democratic party under the Cleveland administration.

But now to change from the Democratic to the Populist party was like changing from a man who had just got out of the penitentiary for theft to one that was indicted for murder in the first degree. Mr. Geer repeated his argument that the silver question was not the issue in 1892 but that the tariff question was the paramount question now. In 1892 there were \$45,000,000 more of farm products exported than the year before. He would not dodge the financial issue. He was surprised at the amount of education the people all needed on this question. At North Yamhill a man had been led to believe that the silver dollar was not a legal tender above \$5. He referred
