Good Clothing!

It is an important factor in the Achievement of Success in Life.

This is a bit of philosophy that time and the experience of men have proved to be founded on fact. That being the case all who buy clothing should seek a store where the best clothing is sold at prices which suit all classes. Such a store is conducted by

BRYAN'S ACCEPTANCE

Has Been Given to the Public Today.

MONEY THE ISSUE. NOT TARIFF

Read His Letter and the Platform Which He Accepts.

LINCOLN, Sept. 9.—W. J. Bryan today sent to the members of the notification committee of the Democratic national convention his formal letter of acceptance.

NO SECOND TERM.
He announced that it is his fixed determination not under any circumstances to be a candidate for re-election, in case he is elected this time. He indorses unqualifiedly every plank of the national platform.

NO FEDERAL INTERFERENCE.
On the subject of federal interference he says: "While the United States guarantees to every state a Republican form of government, and is empowered to protect each state against invasion, it is not authorized to interfere in the domestic affairs of any state, except upon application of the executive when the legislature cannot be convened. This provision rests upon the sound theory that the people of each state, acting through their legally chosen representatives, are, because of their more intimate acquaintance with local conditions, better qualified than the president, to judge of the necessity for federal assistance."

NO LIFE TERMERS.
On the subject of the civil service he says: "A permanent office holding class is not in harmony with our institutions."

TARIFF NOT THE ISSUE.
In reference to the tariff he says it is not necessary to discuss the tariff question at this time. Whatever may be the individual views of citizens as to the relative merits of protection and tariff reform, all must recognize that until the money question is fully and finally settled. The American people will not consent to a consideration of any other important question. Taxation presents a problem which in some form is continually present and the postponement of definite action upon it involves no sacrifice of personal opinion on political principle, but the crisis presented by the financial conditions cannot be postponed.

Information From Cuba.
LONDON, Sept. 9.—The Times Tuesday morning publishes a long letter from its Havana correspondent, dealing with the state of affairs in Cuba, in the course of which he says:

"Careful study for the past four months convinces me that, despite serious losses, the rebels are holding their own against the troops. The wealthy agricultural districts are now completely under rebel control, and the whole sympathy of the islanders is with the rebels. Even Havana, which is more Spanish than any other town or district is permeated with animosity toward Spanish rule, and is honey-combed with intrigues on behalf of the rebellion.

"It is quite false to call it a color struggle. In the fighting ranks of the insurgents the proportion is 70 per cent whites to 30 per cent negroes."

Still Greater Gains.
ST. LOUIS, Sept. 9.—A special to the Post Dispatch from Little Rock, Ark., says: From the best estimate 170,000 votes were polled of which Jones received 125,000, Remmet 35,000, Files and Miller 10,000. Jones majority may reach 89,000.

Bank Failures.
NEW ORLEANS, Sept. 9.—The failure of the Union National bank was announced today.

Sadly Disappointed.

LAUREL, Del., Sept. 9.—Mrs. Warren, a widow residing near Sharptown, in this county, has been reading about the New York prophet who predicted the world was to come to an end on Wednesday last. She became convinced that the prediction would be verified, and spent Monday and Tuesday distributing all her worldly goods to her neighbors, and on Wednesday she donned a white robe and sat on front door step all day. The event failed to come off, and on Thursday she made an effort to secure the return of her property but failed. She will bring suit in court to recover.

Recovered Her Child.

SAN FRANCISCO, Sept. 9.—Mrs. Sam Snapper, the high kicker, known in the theatrical world as Florie Royce, is once more in possession of her 3-year-old baby, Beatrice. The child has been held for some weeks by Mrs. Clarindo Valento as security for an unpaid board bill. To secure possession of her offspring Mrs. Snapper yesterday swore out a writ of habeas corpus. The writ was heard by Judge Hebbard. Mrs. Valento appeared in court but made no show of fight. Judge Hebbard promptly made an order awarding the child to her mother.

Geo. Black Refuses Nomination.

CHICAGO, Sept. 9.—General John C. Black has written a letter declining the nomination for governor by the gold standard Democrats. He says: "I am convinced by my investigation in this state that the election for governor lies between Messrs. Tanner and Altgeld. The only effect on the election of my candidacy would be to diminish the chances of one on the other of these gentlemen for election. Men differ in their opinions as to who their chances would be the most seriously impaired."

Life Stamped Out.

WARDNER, Ida., Sept. 8.—Grant Shaw, a well-known teamster of Wardner, died last night from the effects of wounds received by him at the hands of Hank Willson in the street. Shaw drew a pocket-knife, tried to climb into the wagon, and used the knife on Willson. Willson knocked Shaw off the wheel, jumped on him and stamped him six or seven times. Shaw never regained consciousness.

Jones Overpowered.

CHICAGO, Sept. 9.—Chairman Jones, of the Democratic committee, in speaking of the Arkansas election yesterday, said: "I expected a majority of about 40,000, but was entirely unprepared for what seems to be the result. I attribute the tremendous majority to bimetalism. The result in Arkansas shows what may be expected throughout the entire South and West, just as the result in Vermont foreshadows the result in the New England states.

Montana Republicans.

HELENA, Mont., Sept. 9.—The Republican state convention met today. There are contesting delegations from at least four counties including Silver Bow, without the latter county the convention seem divided pretty evenly between silver and McKinley Republicans.

Sons of Veterans.

LOUISVILLE, Sept. 9.—Two thousand Sons of Veterans, assisted by local uniformed societies, participated in the annual parade this morning. Great crowds gave the marchers a cheering welcome. The parade was concluded by a review of the column by Commander-in-Chief Russell and staff.

The Texas Fusion.

FORT WORTH, Tex., Sept. 9.—Up to 1 o'clock this afternoon the Republican state convention had not organized for work. There seems no doubt that there will be a fusion with the Populists and the gold standard Democrats.

Henry H. Payne Dead.
CLEVELAND, Sept. 9.—Henry H. Payne, ex-United States senator died today. Death due to paralysis.

Three National Platforms on Money. Republicans for Bimetalism in 1892, for Gold in 1896. Where Bryan Stands.

Voters Cut This Out and Preserve It for Reference at All Political Meetings:

REPUBLICAN 1892.
"The American people, from tradition and interest, favor bimetalism, and the Republican party demands the use of BOTH GOLD AND SILVER AS STANDARD MONEY, with such restrictions and under such provisions, to be determined by legislation, as will secure the maintenance of the parity of values of the two metals, so that the purchasing and debt-paying power of the dollar, whether of silver, gold or paper, shall be at all times equal. The interests of the producers of the country, its farmers and its workmen, demand that every dollar, paper or coin, issued by the government shall be as good as any other."

REPUBLICAN 1896.
"The Republican party is unreservedly for sound money. It caused the enactment of the law providing for the resumption of specie payments in 1873; since then every dollar has been as good as gold. We are unalterably opposed to every measure calculated to debase our currency or impair the credit of our country. We are, therefore, opposed to the free coinage of silver, except by international agreement with the leading commercial nations of the world, which we pledge ourselves to promote, and until such agreement can be obtained we believe the EXISTING GOLD STANDARD MUST BE PRESERVED. All our silver and paper currency now in circulation must be maintained at a parity with gold, and we favor all measures designed to maintain inviolable the obligations of the United States, and all our money, whether coin or paper, at the present standard, the standard of the most enlightened nations of the earth."

BRYAN'S PLATFORM 1896.
We demand the free and unlimited coinage of both silver and gold at the present legal ratio of 16 to 1, without waiting for the aid or consent of any other nation. We demand that the standard silver dollar shall be a full legal tender, equally with gold, for all debts, public and private, and we favor such legislation as will prevent for the future the demonetization of any kind of legal tender money by private contract.

Chairman Jones Goes East.

CHICAGO, Sept. 9.—Chairman Jones of the Democratic committee left for New York suddenly today, leaving word for callers that he had gone east on "private business." But it is believed that Jones will meet Treasurer St. John, National Committeeman Sheehan, of New York and Senator Hill. The New York senator is scheduled to deliver several speeches in Illinois. Opposition has developed to Hill speaking in the rural districts. The question will probably be settled before Jones returns. George T. Washburn, chairman of the western division of the Peoples party opened the Populist headquarters at the Auditorium annex today.

Refugees Returned.

CONSTANTINOPLE, Sept. 9.—Orders have been received from Russian ports to stop further consignments of Armenian refugees, as Russia is overstocked and declines to receive any further supplies. In consequence of these orders a number of Armenians who had already embarked were landed here again last night.

Will Recover.

BERLIN, Sept. 9.—Professor Bergmann, the eminent surgeon, has been to Warsaw, and after an examination expects that Count von Schouvaloff, governor of Russian Poland, who was recently stricken with paralysis, will recover.

Suicide.

TACOMA, Wash., Sept. 9.—Edmond Nevada Bailey, (colored), committed suicide this morning by taking a dose of morphine. She quarreled with her lover, William Mason, who also attempted to kill himself by the same means.

The Montana Republicans.

HELENA, Mont., Sept. 9.—The Republican state convention took two hours to elect temporary chairman. Silver men won by majority over fifty. J. Seligman, of Helena, elected temporary chairman. Friends Mantle and Hartman in control.

Senatorial Contest.

COLUMBIA, S. C., Sept. 9.—Complete returns of the senatorial primary have not been received, but there is no doubt of Earl's nomination over Evans by 5,000 votes.

New Jersey Democrats.

TRENTON, N. J., Sept. 9.—The Democratic state convention assembled here today. The sentiment was for silver. The gold men for the most part, having made no contest at the primaries.

Mrs. Parnell Ill.

DUBLIN, Sept. 9.—Mrs. Della S. Parnell, mother of the late Charles Stewart Parnell, is seriously ill at Bray.

A REPUBLICAN PRECINCT

Where There is a Growing Sentiment for Bimetalism.

BUTTEVILLE, Sept. 8.—The Bryan club at Butteville is now nearly 150 strong, and is led by such men as W. E. Her and Henry L. Bentz, prominent men in the community, men of intelligence and force of character, who are doing their own thinking and who do not propose that anybody shall dictate their politics or sell their vote to the gold barons. The Woodburn money broker was out in these parts last Saturday, and started a small organization of McKinleyites. The Bryan club is ready to meet them in debate and is not afraid of the issue.

If the Republican cause is to be advocated by men who will grind the faces of the poor, make a profit out of the necessities of their fellowmen by lending money at exorbitant rates, and who devour widows' houses, it is all the Bryan men ask for. It is a pretty good advertisement of the class of men who oppose silver coinage and the reasons therefor. A former Republican said to me the other day that he intended to stop about sixteen of the papers he was taking and take the "One Cent Daily." That is a new version of 16 to 1. It is time that free men disown and discontinue that class of newspapers that are subsidized by and mortgaged to the money power. We intend to do all we can these hard times for the "One Cent Daily," the paper that dares to be free, fearless and independent, and that most truly represents the cause of the people. We hope to see the editor down in these parts, and we will promise him a cordial reception.

If this community is a sample of the way Oregon is held for McKinley, the major will have little room to be proud of his following.

SPENCER SAYS 75.

The Oregonian Tuesday had this from Mr. Spencer:
On his recent visit to Butteville, where he talked to the hopgrowers on the question of protection, Mr. Spencer aided in organizing a McKinley club with 75 members.

TOOZE SAYS 50.

Following was sent from Woodburn to the Oregonian:
Hon. S. C. Spencer, of Portland, and Walter L. Tooze, of Woodburn, addressed a large audience at Butteville Saturday night. The Woodburn glee club furnished several campaign songs to enliven the occasion and were liberally applauded. At the conclusion of the exercises, a McKinley club with 75 members.

Highest of all in Leavening Power.—Latest U. S. Gov't Report.

Royal Baking Powder
ABSOLUTELY PURE

ley and Hobart club was organized, with the following officers: Charles Lambke, president; Hon. Clark Stephens, secretary. About 50 members signed the roll, among whom were several life-long Democrats. It is safe to say that Butteville will go overwhelmingly for McKinley and protection in November.

BIGGEST LIE OF ALL.

In the same paper appears the following.
Barkley, the free silver advocate, had recently visited the place and succeeded in getting together a club of 36 members, two-thirds of whom were women.

ANOTHER REPORT.

Hon. W. L. Tooze, the "Woodburn fog horn" and a ward striker from Portland by the name of Spencer, held a wet blanket Republican rally at this place Saturday night. Spencer made a "no smoke in the chimney" speech which fell flat. Tooze repeated the same old speech. I am told by two persons that the club organized with about twenty members. When the votes of this precinct are counted two or three will be for Bryan.

Court House Matters.

Sheriff F. T. Wrightman today turned over to County Treasurer G. L. Brown, \$4,225.13 delinquent taxes for 1895.

Butteville Lodge No. 59, I. O. O. F., of Butteville today filed articles of incorporation with the county clerk. The incorporators were E. A. M. Cone, W. E. Schmeer, and G. A. Ehlen, and the capital stock is \$500.

Scalp warrants were today issued as follows: D. Parker, \$5; Ed Gregory, 5 cents.

Chas. L. Ogle, G. V. Boles and W. L. Tooze, appraisers of the estate of Mary E. Hurd, today filed the inventory of the estate. It shows that the deceased owned lots 26 and 27, Bradley addition to Woodburn, of the value of \$100. Chas. A. Hurd, administrator of this estate, today petitioned the county court for an order to sell at private sale the real property of the estate, the proceeds of the sale to be devoted to the education of a minor child, of the deceased. September 21 is the day set for hearing the case.

Triumphed at Last.

GUAYAQUIL, Sept. 9.—The rebel leaders hypocritically called the uprising a religious war, for which reason the campaign has been a most difficult one. The government has triumphed completely over Cuenca and has pardoned the conquered. Alfaro has resumed the discharge of his functions as executive.
