THE YALE HOODLUMS.

No wonder the Salem Statesman refuses to print the disgraceful manner in which the Yale college students morning. broke up Bryan's meeting at New Haven!

It was a disgrace to the cause of turned today. McKinleyism. But it was in keeping with the cause of the kidglove, silkstocking fraternity all over the land.

These petty aristocrats want to hold the offices and rule the people. They don't want to earn their living by the sweat of their brow. They are the drones who should be driven out of the hive of humanity.

The great colleges have never produced a great commoner like Bryan. Little Hiram college produced a Garfield; a country log school house produced a Lincoln; a little Illinois college produced a Bryan; Yale college has the distinction of having produced the first display of un-Ameri- charge of a millinery store can hoodlumism in this campaign.
