

The Official Ballot. Insist

The Four Sets of Presidential Electors in Oregon.

The official Australian ballot for Oregon, to be voted on Tuesday, Nov. 2, is printed below.

The law requires the voter to mark with a cross four names of electors, on the official ballot, which he will receive at the polling booth from the election officials. The four electors who represent William Jennings Bryan of Nebraska for president and Independent American Bimetallism as our financial policy are marked with a cross on the ticket below for guidance only. The McKinley and Hobart electors also claim to be Bimetallists, to be fought about by inter-factional agreement with European nations. The gold standard (National) Democratic electors also claim to be Democrats.

More Curative Power

Is contained in a bottle of Hood's Sarsaparilla than in any other similar preparation. It costs the proprietor, manufacturer and jobber more and is worth more to the consumer. It has a record of cures unknown to any other preparation. It is the best to buy because it is the One True Blood Purifier.

Let The Whole World Know The Good Dr. Miles' Heart Cure Does

H

HEART DISEASE, has its victims at a disadvantage. Always fierce that heart disease is incurable, when the symptoms become well defined, the patient becomes alarmed and a nervous panic takes place. But when a sure remedy is found and a cure effected, after years of suffering, there is great rejoicing and desire to "let the whole world know." Mrs. Laura Winder, of Solville, Kansas, writes: "I desire to let the whole world know what Dr. Miles' Heart Cure has done for me. For ten years I had pain in my heart, shortness of breath, palpitation, and I was unable to do anything. I was unable to sleep and was very nervous. I took Dr. Miles' Heart Cure and before I finished the second bottle I felt its good effects, I feel now that I am fully recovered, and that Dr. Miles' Heart Cure saved my life." Dr. Miles' Heart Cure is sold on guarantee that first bottle benefits, or money refunded.

Insist Upon

Upon having just what you call for when you go to buy Hood's Sarsaparilla. There is no substitute for Sarsaparilla. It is an insult to your intelligence to try to sell you something else. Remember that all efforts to induce you to buy an article you do not want, are based simply upon the desire to secure more profit. The dealer or clerk who does this cares nothing for your welfare. He simply wants your money. Do not permit yourself to be deceived. Insist upon having Hood's Sarsaparilla.

And only Hood's fits the One True Blood Purifier.

Hood's Pills easy to buy, easy to take, easy to operate, etc.

A MODEL PLATFORM.

Adapted by the Democrats in National Convention.

The following is the full and complete platform as adopted by the National Democratic convention:

We, the Democrats of the United States in national convention assembled, do reaffirm our allegiance to those great essential principles of justice and liberty upon which our institutions are founded, and which the Democratic party has advocated from Jefferson's time to ours:—freedom of speech, freedom of the press, freedom of conscience, the preservation of personal rights, the equality of all citizens before the law, and the faithful observance of constitutional limitations.

During all these years the Democratic party has resisted the tendency of selfish interests to the centralization of governmental power, and steadfastly maintained the integrity of the dual scheme of government established by the founders of this republic of republics. Under its guidance, the government has found its best expression in the maintenance of the rights of the states and in its assertion of the necessity of confining the general government to the exercise of powers granted by the constitution of the United States.

The constitution of the United States guarantees to every citizen the rights of civil and religious liberty. The Democratic party has always been the exponent of political liberty and religious freedom and it renews its obligations and reaffirms its devotion to these fundamental principles of the constitution.

FINANCE.

Recognizing that the money question is paramount to all others at this time, we invite attention to the fact that the constitution names silver and gold together as the money metals of the United States, and that the first coinage law passed by congress under the constitution made the silver dollar the money unit, and admitted gold to free coinage at a ratio based upon the silver dollar unit.

We declare that the act of 1873 demonetizing silver without the knowledge or approval of the American people has resulted in the appreciation of gold, and a corresponding fall in the price of commodities produced by the people; a heavy increase in the burden of taxation and of all debts, public and private; the enrichment of the money lending class at home and abroad, the prostration of industry, and the impoverishment of the people.

We are unalterably opposed to monetary policy, which has locked fast the prosperity of an industrial people in paralysis of hard times. Gold monometallism is a British policy, and its adoption has brought other nations into financial servitude to London.

It is not only un-American, but anti-American, and it can be fastened on the United States only by the stifling of that spirit and love of liberty which proclaimed our political independence in 1776 and won in the war of the revolution.

FREE COINAGE.

We demand the free and unlimited coinage of both silver and gold at the present legal ratio of 16 to 1, without waiting for the aid or consent of any other nation. We demand that the standard silver dollar shall be a full legal tender, equally with gold, for all debts, public and private, and we favor such legislation as will prevent for the future the demonetization of any kind of legal tender money by private contract.

BONDS.

We are opposed to the policy and practice of surrendering to the holders of the obligations of the United States, the option reserved by law to the government of redeeming such obligations in either silver coin or gold coin.

We are opposed to the issuing of interest-bearing bonds of the United States in time of peace, and condemn the trafficking with banking syndicates which, in exchange for bonds and at an enormous profit to themselves, supply the federal treasury with gold to maintain the policy of gold monometallism.

ISSUE OF MONEY.

Congress alone has the power to coin and issue money, and President Jackson declared that this power could not be delegated to corporations or individuals. We therefore condemn the issuance of notes intended to circulate as money by national banks as in derogation of the constitution, and we demand that all paper which is made a legal tender for public and private debts or which is receivable for duties to the United States shall be issued by the government of the United States and shall be redeemable in coin.

TARIFF.

We hold that tariff duties should be levied for purpose of revenue, such duties to be so adjusted as to operate equally throughout the country and no discriminate between class or section, and that taxation should be limited by the needs of the government honestly and economically administered.

We approve of the refusal of the Pacific railroad funding bill, and denounce the efforts of the present Republican congress to enact a similar measure.

PENSIONS. Recognizing the just claims of deserting union soldiers we heartily endorse the rule of the present commission of pensions that no names shall be arbitrarily dropped from the pension roll, and the fact of enlistment and service should be deemed conclusive evidence against disease and disability before enlistment.

TERRITORIES. We favor the admission of the territories of New Mexico, Arizona and Oklahoma into the United States, and we favor the early admission of all the territories having the necessary population and resources to entitle them to statehood, and while the officials appointed to administer the government of any territory together with the District of Columbia and Alaska, should be bona fide residents of the territory or district in which the duties are to be performed.

The Democratic party believes in home rule and that all public lands of the United States should be appropriated to the establishment of free homes for American citizens.

We recommend that the territory of Alaska be granted a delegate in congress, and that the general land and timber laws of the United States be extended to said territory.

MONROE DOCTRINE. The Monroe doctrine is originally declared, and as interpreted by succeeding presidents, is a permanent part of the foreign policy of the United States, and must at all times be maintained.

CUBA. We extend our sympathy to the people of Cuba in their heroic struggle for liberty and independence.

THIRD TERM. We are opposed to life tenure in the public service. We favor appointments based upon merit, fixed term of office, and such an administration of the civil service laws as will afford equal opportunities to all citizens of ascertained fitness. We declare it to be the unwritten law of this republic, established by custom and usage of one hundred years and sanctioned by the examples of the greatest and wisest of those who founded and have maintained our government, that no man should be eligible for a third term in the presidential office.

WATERWAYS. The federal government should care for and improve the Mississippi river and other great waterways of the republic, so as to secure for the interior states easy and cheap transportation to tidewater. When any waterway of the republic is of sufficient importance to demand aid of the government such aid should be extended upon a definite plan of continuous work until permanent improvement is secured.

Confiding in the justice of our cause and the necessity of its success at the polls, we submit the foregoing declarations of principles and purposes to the considerable judgment of the American people. We invite the support of all citizens who approve them and who desire to have them made effective through legislation for the relief of the people and the restoration of the country's prosperity.

Chicago, Milwaukee & St. Paul Ry.

GLANCE AT THIS MAP.

Or the Chicago, Milwaukee and St. Paul Railway and note its connection with all transcontinental lines at St. Paul and Omaha, and remember when going east that its cars are lighted with electricity and heated by steam. Its equipment is superb. Elegant Buffet, library, smoking and sleeping cars, with free reclining chairs. Each sleeping car berth has an electric reading lamp, and its dining cars are the best in the world. Other lines are longer than this, but none are shorter, and no other offers the above luxurious accommodations. These are sufficient reasons for the popularity of "The Milwaukee." Coupon ticket agents in every railroad office will give you further information, or address

The compartment sleeping cars

in service on the Burlington Route between St. Paul and Chicago are a new thing comparatively. Only a few lines use them. The first Western route to do so was the Burlington Route.

For ladies traveling alone or with escort, nothing as the compartment sleeper has ever been invented. Each compartment has its own washstand and toilet convenience. There is plenty of room to dress. And absolute privacy—an impossibility in an ordinary sleeper—is assured.

For tickets via the Burlington Route, or for information about its service to Omaha, Kansas City, St. Louis and Chicago, call on any railroad ticket agent or write to
