I had severe palpitation, shortness of breath and sudden pains that rendered me helpless all my life, but I will not allow this to prevent giving my testimony to the great cure your valuable remedy has wrought in me. I do this to show my appreciation of Dr. Miles' New Heart Cure. SAMUEL G. STONE.

Dr. Miles' Heart Cure

Stypticus was the ancient hero condemned by the gods to push a big boulder up a hill forever, lest it should roll down and crush him. When the myth-makers got up that story they must have been thinking of dyspepsia; for there is certainly no other trouble on earth that keeps you so everlastingly struggling against being crushed.

The trouble with most of the so-called dyspepsia cures, is that they don't cure. They give only temporary relief. Indigestion usually extends all through the digestive tract, from the stomach clear down to the large intestine; the liver too is frequently involved in the trouble being torpid and inactive. For a thorough, radical, permanent cure you must have a more vigorous remedy. Doctor Pierce's Pleasant Pellets will do it. They stimulate the liver and help it to actively secrete the bile; and act gently on the bowels to promote a regular healthy movement. This means a complete and lasting cure of digestive troubles.

The "Pellets" are not a severe cathartic. They act on the bowels naturally and comfortably though surely. The dose can be regulated to your needs, and when the "Pellets" have done their work they can be discontinued. You don't become a slave to their use, as with other pills. If the druggist suggest some gripping pill that gives him more profit, think what will profit you most.

Here is a Kick. TO THE EDITOR:—I have been reading your excellent paper for a long time, and in the main I find it a very satisfactory newspaper, but there is one feature that aggravates me beyond measure and makes me wear (sometimes) that I will stop the sheet. The thing that I complain of is those reading notices, which begin with an interesting newsy item and end up with the "best and most popular" or "between St. Paul and Chicago, and the best dining car service in the world, is via the Wisconsin Central Lines." The statement is truthful enough and I suppose that J. C. Pond, G. P. A., Milwaukee, Wis., or Geo. S. Batty, Gen'l Agt., 249 Stark St., Portland, Or., and this is a good way to meet and inform the traveling public of the advantages of traveling over their lines.
