CONGRESSIONAL

The Tariff Bill Progressing

Numerous Amendments Embodying the Wilson Rate.

WASHINGTON, June 3.—The senate made greater progress on the tariff bill than on any day since the debate opened, completing more than half of the important schedules. The speaking was by Democratic Senators, the Republicans taking no part in the debate, except at rare intervals, to answer questions which would be expediate the advance of the bill.

Jones, of Arkansas, and Vest urged numerous amendments, embodying in the main the Wilson rates, but these were rejected with one exception. This exception relates to rails, on which Vest secured a reduction from 2 to 1½ cents per pound. It was the first change made without the assent of the committee, and was due mainly to the listless manner of many senators in voting.

REED THREATENED.

WASHINGTON, June 3.—Speaker Reed, like every other public man in high official station, has received threatening articles from time to time, but never has paid any attention to them. Yesterday, however, one was received of such a nature that it seemed to command more than ordinary attention, and the speaker's private secretary, without Mr. Reed's knowledge, turned it over to the police who, after investigation, have come to the conclusion that it was written by some one desirous of perpetrating a hoax for sensational purposes.

This afternoon Police Inspector Hollinberger conferred with District Attorney Davis and concluded that there was no law covering the case. The writer, accordingly, will not be arrested. Sending threatening languages, written on an envelope or on a postal card, is illegal, but sending such in an enclosed letter is not.

Cheyenne Trouble.

WASHINGTON, D. C., June 3.—A telegram received at the Indian bureau from agent Stouch, at the Tongue river reservation announces the arrest of Stanley, the Cheyenne, whose admitted murder of Hoover, a shepherd precipitated the Indian trouble there. Stouch says he is endeavoring to investigate the murder, but will ask the sheriff to withdraw from the reservation and if he refuses, will order him off.

He says the Indians have behaved well, except when the sheriff is present. The agent has been telegraphed to note the wired instructions of last night from the interior department, directing him to co-operate with the civil authorities, and to use every effort to avert further trouble. That Capt. Stouch has shown himself competent to handle the difficulty, the officials believe to be manifest from the telegraphic history of the trouble.

Affairs in Corea.

SAN FRANCISCO, June 3.—According to mail advices a crisis has been precipitated in Korean affairs by the action of Russia in virtually forcing the acceptance of her offices as instructor after the cabinet had decided to abandon the proposal. All the ministers, including Kim Pyongsi and Cho Pyong Choeng, who had opposed the scheme, have tendered their resignation.

Twakutia, in the neighborhood of Talpeh, Ferrosa, was attacked by about 600 bandits at 3:30 o'clock on the morning of May 8. The Japanese troops, police and gendarmery who had been preparing for the attack engaged the bandits, and after a fight lasting two hours repulsed them. In the encounter about 100 rebels were killed, including the ringleader, named Tang Ching, 50 wounded and 17 captured.

A woman in Massachusetts has given \$10,000 "for the relief of aged and impecunious cats."

Murdered and Cremated.

STERLING, Ill., June 3.—Robbed murdered and cremated.

That tells the awful fate of George Kauffman. He stood guard over his father's granary to protect it from thieves, who killed him at his post and sought to wipe out the evidence of their heinous crime with fire. Today all that remains of him is a corpse with its throat cut, its skull crushed and its head bullet-pierced, a charred lump of flesh. There is no clue to the murderer who committed the crime, but bloodhounds are on the trail.

George Kauffman was the son of Tobias Kauffman, a prosperous farmer living about five miles north of Sterling. He was 23 years old. Farmer Kauffman, has two dwelling-houses with about a quarter of a mile between them. He left his old home for his present dwelling a year ago, but used some of the buildings at the former residence.

Lately Kauffman discovered that thieves were raiding his granary, located near the old residence. He asked his son George to take up his night quarters in the deserted home and watch for the plunderers. George Kauffman began his vigils two weeks ago. He was unsuccessful and regularly went to the other house for his breakfast. Tuesday morning he did not come in at the usual hour. The family waited some time without concern. Then his father started for the old house accompanied by the hired man. They went to the house, but there was no trace of the young man.

They soon scented the strawstack, which had been nearly burned down and was still smoking. They were horrified to find on top of the smoking straw the body of young Kauffman, burned to a crisp. The victim had been clubbed and his skull crushed. His throat had been cut and the head was nearly severed from the body. A bullet hole showed that the murderer had shot the young man.

Bloodhounds were put on the trail, but so far without success. The surrounding country is intensely stirred over the crime and friends of the young man are demanding vengeance at the end of a rope without the quibbles and delays of the law.

Silver Issue.

CHICAGO, June 3.—Silver is to be made an issue in the congressional campaign, and the advocates of the white metal are coming to Chicago next Tuesday to hold a conference at the Sherman house. The future of the Silver Republican organization will depend, it is said, largely upon the deliberations.

Congressman Hartman, of Montana, the only member of the Montana delegation who bolted the national Republican convention at St. Louis, is slated for chairman. Thomas M. Patterson, Charles Thomas and Senator Teller, of Colorado, are expected to attend, as well as former Senator Dubois, of Idaho, John P. Altgeld and other Chicagoans of pronounced silver tendencies will take part in the conference.

William J. Bryan has been invited to attend, but cannot do so, owing to engagements of a lecture tour. I. N. Stevenson, of Denver, has announced his intention of attending the conference. Prominent Populists will be invited to attend, and it is likely plans for fusion in the next congress will be talked over.

Race War.

LITTLE ROCK, June 3.—Officials from Atkins are now on the scene trying to quell race disturbances in Polk county. The negroes defy arrest and are being upheld by a few white men. They are armed and these may be further rioting when the officers attempt to take those for whom warrants have been issued. Situation is serious.

Elected to Congress.

ST. LOUIS, June 3.—A special to the Post-Dispatch from Hannibal says T. J. Lloyd, Democrat, has been elected to congress in the First District by at least 5000 majority.

CUBA

The Canovas Cabinet Resign.

Weyler May Be Recalled--American Steamer Fired Upon.

MADRID, June 3.—Premier Castillo has tendered to the queen regent the resignation of the cabinet, owing to the difficulty experienced by the ministers in carrying the government, in view of the parliamentary situation caused by the liberals refusing to take part in the deliberations of the cortes. The trouble was due to the recent personal encounter between the Duke of Tetuan and Senor Comas.

RESIGNATIONS ACCEPTED.

LONDON, June 3.—The Madrid correspondent of the Times says:

The queen regent has accepted the resignations of the cabinet of Senor Canovas del Castillo. It has caused a profound sensation. Before finally taking this step her majesty begged Senor Canovas to remain in office until tomorrow, in order that she have another opportunity to consider the matter in council, but this only meant that the resignation would be accepted. Senor Canovas tendered his resignation because he could not again undertake to re-establish relations with the liberals. He preferred to leave the crown full liberty to decide as to the best solution.

Both houses of the cortes voted without debate the financial supplies necessary to enable the cortes to adjourn sine die, and granted authority for the issue of treasury bonds and the contraction of loans guaranteed by the Spanish treasury to cover the expenses of the war in Cuba and the Philippine Islands, with a special lien on the revenues of Spain for the Cuban war loan.

The queen regent signed the decree suspending sittings, whereupon Senor Canovas immediately tendered his resignation.

MAY MEAN WEYLER'S RECALL.

NEW YORK, June 3.—A World dispatch from Madrid says:

The crisis is extremely grave. The excitement in political and financial circles is intense. Never since the death of King Alfonso XII, in 1885, has Queen Christiania found herself in so serious and difficult a position. One of two things she must do: She may keep Senor Canovas as premier, with his conservative cabinet intact, or modified, and keep General Weyler in Cuba to persevere in his political policy with the ample means recently voted by the cortes, or she may call on Senor Sagasta to form a liberal cabinet, in which case Senor Moret probably would minister of foreign affairs, with opportunity follow his well-known inclination to come to an understanding with the United States. Senor Maura, the great home ruler, minister for the colonies, Marshal Lopez Dominguez, war minister, and Spain's best financier, Senor Gamazo, minister of finance. Such a cabinet probably would send Marshal Campos to Cuba with full power to conciliate the insurgents and the loyalists by establishing more radical home rule than Senor Canovas contemplated, and thus disarm the United States.

The queen can only pursue the latter course, after duly considering all the prospects, because it would be virtually staking everything on the success of the liberal government and policy. The liberals seem confident, and the conservatives are downcast. In the military and political clubs the majority believe that the queen will decide to have a liberal government. The general impression throughout the city tonight is that Senor Sagasta is likely to succeed Senor Canovas as prime minister, as the latter could hardly revise the colonial policy or recall Weyler.

FIRED ON AMERICAN VESSEL. HAVANA, via Key West, June 3.—

The Ward line steamer Valencia, which arrived an Cienfuegos, reports an exciting experience while off Guantanamo bay. The Spanish cruiser Reina Mercedes signaled to the Valencia to display her colors. As the Valencia did not immediately reply, the Reina Mercedes fired a blank shot, which was followed almost immediately by a solid shot, falling out of range. The Valencia then displayed her colors.

It is understood that the United States vice-consul at Santiago de Cuba has lodged a formal protest against the act of the cruiser. Capt. Quesada left yesterday by the steamer Mexico to investigate the affair, which has assumed serious aspects.

May Go As Baggage.

NEW YORK, June 3.—The Pennsylvania railroad has issued an order that in future dogs will be carried as passengers' baggage. Hitherto the express companies having the contracts with the various railroad companies have claimed the right to carry dogs at excess rates, that is, double the ordinary rates. The consequence of this action has been that fanciers and breeders have to a great extent ceased sending their dogs to distant shows.

Ejected.

ST. JOSEPH, Mo., June 3.—A constable ejected the family of Herbert Crowley because the rent was not paid, and of the six children who were down with the measles, five have died and the other will die from the exposure.
