WEATHER REPORT.

Tonight and Thursday contrast fair.

Kill Two Birds With One Stone. While taking a holiday to attend the "Fair" use a part of the time to visit Hobson's dry goods store. The proprietor and clerk will be glad to see you. They enjoy showing the fine goods. The weather will soon be cool, select a new cape or jacket for your wife and daughter. The boys must be clothed for school—this is your opportunity to get them a new suit, fit and price guaranteed—ladies, ask to see the Corset Belt Wrappers, something new. A full line of dry goods bought for cash to be sold for cash at prices to give satisfaction.

W. H. HOBSON,
297 Commercial street.

Mrs. Ralph C. Geer, who has been visiting at the home of Governor Geer and Bi Geer will start in a few days for her home in Honolulu, where her husband is in business.

THE LOST MAN.

Bianchard Has Been Sunday Looking for His Lost Property.

W. W. Walker, who lives on Twenty-fourth street, has taken much of the tragic element out of the disappearance of C. H. Bianchard of Linn county, who left his dog and blankets on the classic banks of Mill creek, and vanished in a haze of mystery.

The last report of the man which could be obtained by Chief of Police Gibson, left him in an intoxicated state on Saturday night. But about 10 o'clock Sunday forenoon, a man answering the description of Bianchard stopped at Mr. Walker's home to get a nearer view of a dog which was there, saying that he had left his dog and blankets some where and couldn't find them; thought some one had stolen them; hated to lose them but guessed he would have to go home without them; and pursued his uncertain way into the shades of obscurity.

Committed to the Asylum.

Julius Adler, aged 37 years, a native of Germany, of Hebrew extraction, was this morning committed to the asylum. The patient is a drummer, resident of Portland and this is his second attack. He was committed to the asylum two years ago, but was later discharged as cured. This time he lost his mind in Woodburn and raised considerable disturbance there, being confined in the jail over night. This morning he was brought to Salem by Constable W. C. Miller, of Woodburn. His violent acts were, but was under easy control while at the court house.

The Hero Arrived.

And every preparation has been made to give all who come a good dinner at the White House Restaurant.

WHEAT RECEIVED.

The Milling Company Will Be Ready Tomorrow Morning.

The Remaining Warehouse Will Be Utilized to Its Capacity of 50,000 Bushels.

The Salem Flouring Mill Company will begin to receive wheat again tomorrow, Thursday, morning. They have their office left and one warehouse which will hold 50,000 bushels.

This is the warehouse which stands west of the site of the burned mill and was saved by the heroic work of the fire department and the La France engine.

This is where a donkey engine has been put in to furnish power temporarily, until the water power plant can be repaired and utilized; not down at the brick mill, as has been erroneously stated.

Everything will be ready for business again in the morning, and farmers can bring in their grain.

In the mean time, a large crew of men are at work night and day sacking and taking care of the wheat. No wheat has yet been uncovered in the big pile that is in very good order, but some has been taken from the bins in the mill building, which is hardly damaged.

The Allen cannery plant is taking care of about 4000 bushels of the wet wheat per day and it is expected that this part of the work will be finished this week.

BONDS WILL BE READY.

Next Monday Recorder Judah Will Make Delivery.

The work of filling out and signing the blanks for the issue of funding bonds is nearing completion, and all will be ready for delivery next Monday as agreed upon.

The bond is payable to bearer and the body of it bears the signatures of the mayor and recorder, in addition to the city's seal. There are 20 coupons on each bond, in which is indicated the date of maturity and the amount of interest due. Each coupon is signed by the recorder, and as there are 207 bonds in all the volume of work in getting them out is no small undertaking. The work must be absolutely accurate, and in order to insure this, Recorder Judah will closely scrutinize and inspect each one after all have been completed.

At 8 o'clock Monday morning the bonds will be ready for delivery at the recorder's office, and it is probable that persons failing to call for their bonds on that day will lose the interest for that length of time or possibly lose the subscription. Only coin, currency or certified checks will be received for the bonds.

It is understood that the 8 per cent city warrants outstanding will be called in on the same day that the bonds are issued, and thus stop interest.

Tore Up the Track.

A gravel train was wrecked about three miles south of Salem last evening, causing other trains to delay several hours, however the track had been cleared in time for the overland passenger, which had been delayed at Woodburn owing to hot box, and left there 90 minutes late.

The wreck was caused by a broken car wheel, which caused the train to run on the ties for about 80 rods causing considerable damage to the track. Only one car was derailed, which was pulled back on the track and the train sidetracked in Salem at 11 o'clock, and was passed 15 minutes later by the regular passenger.

Co-operative Brotherhood.

In answer to many questions asked since his return Rev. W. K. Copeland, will lecture next Sunday night on "The New Civilization as Illustrated by the Co-operative Brotherhood at Burley, Washington."

Green's Ferry Bridge.

The bids for putting in a pier at the Green's Ferry bridge, were opened at Albany yesterday, and C. E. Royal & Son, of Salem, being the lowest of the four bidders, the contract was awarded to them at \$625.

The New Railroad.

Secretary Henry B. Thibison informs us that it is probable that a delegation of citizens and business men will be over from Dallas on Thursday or Friday to confer with the Chamber of Commerce in regard to the Salem & Pacific Coast railroad.

STEAMSHIP FOUNDERED

And Capsized in a Heavy Sea Off Jamaican Coast.

By Associated Press to the Journal.

KINGSTON, Jamaica, Sept. 26.—Particulars regarding the wreck of the Atlas, line steamer Adula, Captain McAnley, from Kingston to Baltimore, which foundered Monday, off the coast of Jamaica, have just been obtained. She left Kingston for Baltimore via Port Antonio, where she was to have loaded bananas. She took from here a deck load of 2000 barrels of oranges. When off Manchioneal, between this port and Port Antonio, she encountered a heavy sea from the Windward passage, and the steamer turned over, filled and sank in 50 fathoms of water, about two miles from the shore. The crew had no opportunity to make use of the boats, and tried to reach shore by swimming with portions of the wreck. Chief Officer Percy and four seamen were drowned. The others succeeded in gaining shore. Carpenter Connor died shortly afterwards.

THE YARDS WILL BE MANNED.

An Ancient Custom Will Be Reviewed.

By Associated Press to the Journal.

New York, Sept. 27.—When the Olympia on the day of the Dewey naval parallel, rounds the stakeboat in North river, the school-ship St. Marys, the boys, wearing their white working suits, will man the yards in the saluting custom which obtained when Dewey was a junior officer. This, it is believed, will recall pleasant memories to the admiral.

The choral union of which Frank Damronch is director, intends to go down the bay at 7 o'clock on Thursday evening on the steamer Warwick and serenade the admiral with songs.

PAN PRESBYTERIAN ALLIANCE.

By Associated Press to the Journal.

WASHINGTON, Sept. 27.—Delegates representing 25,000,000 of the Presbyterians throughout the world are assembled this morning to attend the first session of the Pan-Presbyterian alliance.

Judicial Hearing Granted.

By Associated Press to the Journal.

WASHINGTON, Sept. 27.—Attorney-General Griggs today gave a hearing to Hon. Wayne MacVough, counsel in the court-martial case of Capt. Carter, of the army. MacVough asked for a judicial hearing in the case. The record was, he contended, saturated with errors of law.

DESTRUCTIVE STORMS IN INDIA.

Three Hundred People Lost Their Lives at Darjeeling.

By Associated Press to the Journal.

CALCUTTA, Sept. 27.—As the great storm of Sunday and Monday, which caused the destructive land slides and flood moved north, giving heavy rains at Calcutta, Dinjapur, Rangpur and Jalpaiguri. Simultaneously another storm gathered at Rangpur and passed Westward from Purne to Monghyr. It is estimated that in Darjeeling 300 persons lost their lives.

Crossing the Rockies.

The most delightful ride across the continent is through Utah and Colorado, over what is known as "The Scenic Route of the World." It matters not at what season of the year the trip is made, at no time does the scenery grow monotonous. It is an ever changing panorama of the beauties of nature. One moment you are passing through gorges walled in by rocks thousands of feet high, and the next you are above the snow line, skirting peaks that tower above you until they seem almost to reach the sky. One of the characteristics of the Colorado climate is that the extremes of temperature are never met with. It is neither so cold in winter nor warm in summer, as upon the lines of railways which cross the deserts and plains. The traveler over the Rio Grande Western also has the privilege of a stopover, if he so desire at Salt Lake City, or anywhere between Ogden and Denver, on all classes of tickets.

For information as to rates, etc., and for descriptive pamphlets, call on the nearest Ticket Agent of the O. K. R. & N. Co. or Southern Pacific Co., or address:

J. D. MANSFIELD, Gen'l Agt., Rio Grand Western Railway, 122 Third street, Portland, Oregon.
