

TO SUPPRESS THE JUNTA

Of Filipinos Who Are Still Doing Business at Hong Kong

A POLICY OF SUBJUGATION ENDORSED BY THE AMERICAN PEOPLE

A Program Has Already Been Mapped Out and Sent Forward to General MacArthur --- The Rainy Season Nearly Over

By Associated Press to the Journal. New York, Nov. 8.—A special to the World from Washington says: Great Britain will be requested by the Government to suppress the Filipino junta at Hong Kong. The Administration has had this in contemplation for some time and now that no political obstacle presents itself the action is to be taken without delay. Secretary Hay has already been advised of the administration's wishes in the matter. He will direct Ambassador Choate to represent to the British government that the Filipinos are maintaining a junta at Hong Kong for the purpose of aiding Filipinos in their rebellion against the authority of the United States in the Philippines and that they are practically making Hong Kong a base of supplies for the insurrectionists. Objection will be based on the ground of a violation of the laws of neutrality. Great Britain is expected to promptly comply with the request. In this same connection it may be said that Lopez, the representative of Agoncillo, who recently came to the United States from Europe, will be closely watched and if excuse be found by reason of his conduct he will not be permitted to remain within the borders of the United States. The suppression of the junta, at Hong Kong, is in accord with the policy now

AND CALIFORNIA GIVES 40,000

All the Congressmen and the Legislature Republican

Rogers a Sure Thing Winner in the Evergreen State and Arizona Goes Democratic as Usual. By Associated Press to the Journal. SAN FRANCISCO, Nov. 8.—Nearly complete returns from the state show that California has given McKinley and Roosevelt close to 40,000 plurality. The figures so far as compiled are: McKinley 150,352; Bryan 112,283; plurality for McKinley 40,000. The precincts yet to be heard from gave the following vote in 1896: McKinley 12,748; Bryan 15,914. If the average of Republican gains is maintained in these precincts they will swell the plurality for McKinley about 2000, making it reach the 40,000 mark. There is no longer any doubt that California has returned a solid Republican delegation to congress. The second district, the only one in which the contest was close, Samuel D. Woods will have 1500 plurality over J. D. Sproul. Julius Kahn has 5300 plurality in the Fourth district, and McLachlan 5132 in the Sixth district. Both branches of the legislature will be Republican by phenomenal majorities. The senate will stand 34 Republicans to six Democrats, this being the result of the election of but one Democrat. The hold-overs are: Republicans, 15; Democrats, 5. This gives the Republicans a clear majority of 13 hold-overs for the legislature, which will choose a senator. The assembly according to the best figures now obtainable composed of 62 Republicans and 18 Democrats. The former assembly was made up of 59 Republicans and 14 Democrats this legislature on joint ballot will show 11 more Republicans than in the last. The Republican plurality in San Francisco with one precinct missing is 9961.

They were attired in curious costumes and carried rddly figured and shaped banners. After the parade they repaired to the Eleanor Reed Chapel and campaign addresses were made. SAYS BRYAN WAS HONEST

But the English Press Rejoices Over His Defeat

They Declare America Has Refused to Strike the Stars and Stripes From the Pacific

By Associated Press to the Journal. LONDON, Nov. 8.—Most of the morning papers in their comment upon the American election take the lines followed by the Daily News which says: "The swing of the pendulum has ceased in the United States as it has here. The Republicans are as unshakable there as the Conservatives are in the United Kingdom. The elections mark the end of Bryanism and an approval of the policy of expansion."

There is no reason to doubt Mr. Bryan's honesty. No man with a bad private character could face the unexampled publicity of a Presidential election. He is straightforward and sincere, but he is the victim of a hopeless infatuation and practical men felt no confidence in him. The adhesion of Tammany Hall is not Mr. Bryan's fault, but his misfortune."

The Daily Telegraph observes: "America has refused to strike the Stars and Stripes in the Pacific. She accepts and endorses the expansionist policy which has nothing in common with artificial aggression but which is on the contrary the sign and index of her vitality and of her coming of age and as a great power. Whether she has chosen to go forward and whether the fact is welcomed or disliked when America chooses to go forward she must go forward. The result of the election is important for Great Britain. It suggests the co-operation of the two great Anglo-Saxon powers in the far east. This co-operation can hardly fail to become more vigorous and definite. With the exit of Mr. Bryan and free silver, American competition will be more efficiently equipped for progress in external markets than ever before."

The Daily Mail remarks: "We shall be forgiven for not shedding tears over Mr. Bryan. Mr. McKinley has governed with discretion through a stormy period and brought prosperity. He has managed the inevitable tail-twisting in the campaign in a gentlemanly manner that we have not been harmed by it. In other respects he is not unfriendly toward England and the force of events ultimately brings the two powers together. We must be patient on both sides."

The Times reverting to the question this morning comments upon the "astonishing and unexpected completeness of McKinley's victory," and says: "All well wishers may repeat Lord Salisbury's words to the American Ambassador at the Guild Hall banquet after the election of 1896 and congratulate the Americans upon their splendid pronouncement made in behalf of the principles which lie at the base of all human society."
