BOER SYMPATHY IN ENGLAND

A Member of Parliament Proposes to Fight British Land Laws.

PRESS SAYS THE ELECTIONS DID NOT DECLARE FOR IMPERIALISM

The World Awaits the Weighty Words of Lord Salisbury That are Expected on the Chinese Question—Canadian Elections and Buller's Return.

Associated Press Advance Report to the Capital Journal.

LONDON, Nov. 9.—The Times this morning gives prominence to a two column letter from Mr. Leonard Courtney who represented the Bodmin division of Cornwall in the late Parliament protesting against the burning of the farm buildings of the burghers and other harsh measures adopted against the Boers.

Thomas Wallace Russell unionist who represented South Tyrone in the late Parliament, has resigned the parliamentary secretaryship of the local government board because Lord Salisbury declined to adopt his scheme of compulsory land purchase in Ireland, a project which would have involved the expenditure of £120,000,000.

At Woolwich last evening a seven round boxing contest between Dave Berry of Philadelphia and Harry Berry of London was declared a draw.

NEW YORK, Nov. 9.—A dispatch to the Tribune from London says: There was less excitement in the American corner of the stock exchange than on the previous days. Americans remained strong and there was no reaction from the high price but the movement was clearly speculative and to some extent

artificial. The effects of President McKinley's re-election has been discounted in advance and the bulk of the buying was on American account and was designed to stiffen prices in New York.

The English press is still commenting on the magnitude of the Republican victory. Much good feeling toward America is displayed and the result of the election is evidently popular in England. One or two journals insist that the American people have been converted to imperialism but the majority of the leader writers say that there is no khaki interest in the United States and that the currency question and industrial development are the controlling issues.

There is a growing feeling that direct taxation here has reached its limit, that the increased tax-payers cannot be bled further and that a tariff may become necessary as a means of raising money for naval armaments and for consolidating the empire. Lord Salisbury having reorganized the Cabinet will tonight break his silence at the Guild Hall banquet and make his earliest comments

on the British elections the Anglo-German alliance and European policy in China. He rarely prepares himself for important speeches but generally creates the impression that he is quietly thinking aloud on the spur of the moment. The American Ambassador will attend the banquet and can hardly avoid referring to the American elections.

Reference to the Canadian elections is pretty general in today's newspapers. The result is considered an overwhelming victory for the personality of Sir Wilfred Laurier whose action in giving Great Britain a preferential tariff and placing 5000 Canadians at Lord Roberts' disposal has received widespread approval. The Mail remarks that England has so far failed to make any return for Canadian loyalty.

General Buller will probably arrive tonight in time to attend the corporation banquet at Southampton and in any event he will have the honors of a military reception by the troops of a garrison town and receive the freedom of the city. He will have a most remarkable reception at Aldershot and subsequently in Devonshire. The loyalty of his personal friends and the pride of the military set of which he has been a conspicuous ornament will suffice to bring about these results. Military history will be written by experts more deliberately and his rightful share in the responsibilities for the failure of the early part of the campaign justly allotted when all the secret passages are known.

OREGON TEAM TO PLAY STANFORD

Chemawa Line up Against Salem at the Fair Grounds Tomorrow.

SAN FRANCISCO, Nov. 9.—The football team of the University of Oregon has arrived in this city with all the men in good condition. Their first game of the season in this state will be played with Stanford Saturday at Palo Alto. After a couple of days at Stanford the boys will go to Berkeley where they will play the University of Nevada, probably next Thursday. The University of California will be played two days later. The boys may stop at Ashland before returning home.

Salem Athletics Against Chemawa.

The American says of the football game arranged to take place at the Fair Grounds tomorrow afternoon between the Salem Athletic Club and Chemawa: "Chemawa has greatly improved since her game with Multnomah, in team work especially, and although the boys will be behind their 'bucky' opponents in weight, we guarantee that they will give a good account of themselves. The Salem team has been strengthened by the addition of Reuben Sanders, and several other men who have lately joined the team. Manager Durbin, of Salem, informs us that his men intend to play a good clean game, and Chemawa will do likewise.

The Porto Rican Election.

SAN JUAN, Porto Rico, Nov. 9.—The official return of Tuesday's election are nearly all at hand from the various parts of the island. They show, as was anticipated and forecasted, the election by the republicans of the entire house of delegates and of Senator Frederico Dagueta as commissioner of congress. Only 151 federalists went to the polls, the total republican vote being about 68,000.

The Austrian steamer, Olga which went ashore on South Golden Gate beach, San Francisco, lies broadside on the beach has been got off. Large amount of cargo was jettisoned.

CLEVELAND FOR REGENERATION

General Jos. Wheeler's Explanation of Bryan's Defeat.

RICHARDSON OF TENNESSEE HAS A WORD ON THE FUTURE

Declares That Democrats Who Have Assisted the Republicans in the Last Two Campaigns Shall Not Define Issues or Shape Party Policies.

By Associated Press to the Journal.

NEW YORK, Nov. 9.—In response to a query from a correspondent of the World, ex-President Cleveland, at Princeton, wrote and signed the following:

"I have heard nothing about a movement on foot for the regeneration of the Democratic party, but I hope that steps will be taken in that direction.

"I am not willing to make any statement now."

Among expressions of views by prominent Democrats relative to the future of the party which are printed in the Journal and Advertiser today is that of Representative James D. Richardson of Tennessee. It is in part as follows: "As to Don M. Dickinson's scheme of reorganization I can say that the party wants all the supporters it can get. Every man who believes in Democratic principles is welcomed into the fold.

"But the Democratic Party can make no surrender of principles for expediency's sake. It can make no surrender to commercialism of the moment. When it does that it ceases to be Democratic and if it veers to catch every favoring breeze it will soon be as far from its original moorings as the Republican party is from its."

"Seven million voters revere the doctrine of Jefferson and advocate his principles."

The next platform will be Jeffersonian and all true Democrats will stand upon it. Those who do not wish to do so can stand on the Republican platform. "Undoubtedly the men who call themselves Democrats but who have been Republicans during the last two campaigns will not be permitted to define the issue and shape policies for the Democratic party.

"I believe the present organization will control. It exists in every hamlet, town and county in the nation. It is honest; it will go right ahead just as it has done in the last four years.

"Mr. Bryan is undoubtedly at the present the national leader of the people. He has an immense following to whom his sincerity, honesty and patriotism are an inspiration."

CHICAGO, Nov. 9.—James K. Jones Jr son of Senator Jones, chairman of the Democratic National Committee, has been removed to the Mercy Hospital from the Auditorium Hotel suffering from acute appendicitis. Several physicians called in consultation have decided that an operation will be necessary.

MONTGOMERY, Ala., Nov. 9.—General Joseph Wheeler has given out the following on the result of the election:

"I did not go to Decatur to hear the

returns Tuesday night. I do not like to go to funerals and I felt it and knew Mr. McKinley would be re-elected.

"There are two things the American people reverence—first their gold and second their flag. A word against either will bring down their condemnation. There never was a president defeated who conducted a successful war. Wars are popular in this country and are growing more popular with the masses and the party that opposes a successful war will meet with defeat."

CRUSHING THE TAGAL REBELLION

Both Army and Navy to Be Brought into Requisition

Detailed Plans of the Administration are to Be Carried Out by General Mac Arthur.

By Associated Press to the Journal.

NEW YORK, Nov. 9.—According to a special dispatch from Washington to the Tribune the operations to crush the Tagal rebellion which are about to be begun and prosecuted with extreme energy are to be of a thoroughly comprehensive character, the plan of campaign having been prepared by General Mac Arthur last month after a council of officers. The plan has received the unqualified approval of the War Department without material modification. It involves extensive naval co-operations including all the regular warships on the station as well as the numerous gunboats purchased from the Spaniards which are to be distributed in flotillas each with a large flagship. Admiral Remy on the flagship Brooklyn has just returned from China to Manila to assume personal charge of the operations afloat which Admiral Kempff in the Newark already at Cavite has been mapping out in conjunction with General MacArthur for several weeks.

The departure for Manila yesterday of two animal transports each with several hundred cavalry horses and pack mules for Vigan in Northern Luzon and for the southern islands indicates that the period of garrisons remaining on the defensive is about to give way to rapid offensive movements in the strongholds of the enemy. Coupled with the announcement of the beginning of a rebellion-crushing campaign the preliminary orders issued some time ago for bringing home the volunteers have been rescinded for the present. It was intended to start the first of these men home about December 1 in order that they could all be discharged in compliance with existing law before June 30, 1901.

It was estimated that the 32,000 volunteers now in the Philippines could not be returned on the regular army transports and chartered vessels in less than five months. It is expected that fully one half of the volunteers now in the Philippines will be anxious to re-enlist and remain in the islands. In that case the transport can easily bring home the remainder in three months. The military force under General MacArthur including the troops coming back from China this week aggregate 71,000 officers and men in addition to 3000 marines and 5000 naval officers and enlisted men. The total strength ashore and afloat exceeds that of last winter by nearly 12,000 men.

AND THERE WERE OTHERS

Woolley Second and the Social Democrats Third

The Honor of the Church Was Appealed to With Marked Success in Some States.

By Associated Press to the Journal.

CHICAGO, Nov. 9.—Besides McKinley and Bryan there were five other men in the field with aspirations to the office of President of the United States.

In Chicago alone Eugene V. Debs, as head of the Social Democratic ticket lead the other minor candidates by a total vote of 8022; John G. Woolley the Prohibition candidate followed second with a vote of 3335, while the Social Labor party with Joseph F. Maloney received 295; Winona Barker for the People's party 189 and Seth H. Ellis of the "Union Reform for Direct Legislation" party found 90 scattering votes. At the National Prohibition headquarters it was estimated last night that the total vote in the nation would exceed 400,000. This estimate was based on the receipt of about 400 telegrams received from 29 states. This is more than three times the vote cast for Levering in 1896.

John G. Woolley anticipates a vote approximating 500,000, basing his claim upon the country precincts, which are yet to report. Indiana, Ohio, Michigan, New York and Pennsylvania are thought to have polled a vote fully four times as large as in 1896. Illinois is estimated at nearly three times the vote of 1896, or 27,000.

GEO. MURPHY MAY LOSE HIS EYE

Farmer Murphy, who was severely punished in a political row with W. G. Martin, has been removed to the Salem hospital. It is the opinion of the attending surgeon that Murphy will lose his right eye, and Dr. Gillette went out this afternoon to remove it.

NEBRASKA AND KENTUCKY

Blue Grass State Will Settle its Contest in the Courts.

REPUBLICANS RELY ON OFFICIAL COUNT DEMOCRATS PROBABLY GET IT

Republicans Carry Nebraska By Two to Six Thousand and Claim the Legislature Also on a Very Narrow Margin.

By Associated Press to the Journal.

LOUISVILLE, Ky., Nov. 9.—Those of the party leaders still in the city refuse to alter their claims, Democrats placing Beckham's plurality close to 5000, and Republicans putting faith in the official count which begins in each county today. Briefly, the Democrats say their candidate for Governor is elected. Republicans say if their candidate Yerkes is beaten, it will be done by unfair means.

LEXINGTON, Ky., Nov. 9.—Canvassing of returns is likely to cause trouble in various ways. The county clerk neglected to furnish the election officers duplicate forms for certifying returns. Thus it happens that in several precincts the only official certificate of the vote is locked up in the ballot boxes, which under the law cannot be opened for six months. It is possible the whole vote of a county may be affected. A mandamus has been granted directing the opening of one of the boxes this morning.

OMAHA, Neb., Nov. 9.—Almost complete returns give McKinley a plurality in Nebraska of over 6000. The republican state ticket is elected by 1600 to 2000. The legislature probably will stand, senate: Republican 16, fusionists 16, vacancy 1. House: republicans 51, fusionists 49.

Their Graves to be Marked. CHATTANOOGA, Tenn., Nov. 9.—Eighty seven years ago today, fifteen Tennessee veterans belonging to General Andrew Jackson's army were killed at Talladega, Ala., in battle with the Creek Indians. The bodies were buried in one grave after the battle, and there they have rested since November 9, 1813. Recently the Daughters of the American Revolution started a movement to have

the bodies removed and buried in Oak Hill cemetery at Talladega, where the graves could be properly marked. The remains taken up filled a box four feet long, eighteen inches wide and twelve inches deep. It is proposed erecting a handsome marble monument over the graves bearing the names of the dead, and Congress will be asked to appropriate \$10,000 toward erecting the monument.
