

Procrastination is The Thief of Eyesight

Almost all serious eye troubles are the result of procrastination. Instead of taking the alarm at the first sign of eye weakness and going straight to an optician too many people neglect the little trouble until it has become a great one. If your eyes commence to bother you in even the least degree you will be doing a wise thing in allowing us to fit them with glasses. We have one of the finest and most elaborate equipments of ophthalmic instruments in the state and ample knowledge of how to use them. If we fail to properly fit your eyes we expect no pay.

OPENS AGAIN MONDAY

Miss Eva Thatcher Who Captured Portland

Will be There, Chenoweth the Cornetist, and Myers, Vocalist Among the Many Attractions

All amusement lovers are delighted to learn that Manager Shields will reopen his Salem park next Monday, and will bring together performers of great experience in vaudeville work. No expense has been spared to make this the most attractive week yet, and from the expressions heard on the street of this splendid bill to be offered, it is predicted that the Park seating capacity will be packed. The program will be headed by the queen of Irish comedy, Miss Eva Thatcher, who has won great laurels during her Portland engagement, and it was with great effort that her audience would let her leave the stage.

Chenoweth, the great cornetist, is also billed to appear, and from the press notices that he has already received, it may be assured that his superb cornet work will take here.

Every effort is now being made to secure Harry Sawyer, the great mimic, who does a very neat act, and has a way of his own in entertaining the public.

Hunt's dogs and monkey will take the children's eyes, and from the way the "old monk" cuts capers it will please the old folks as well. To make the entertainment complete Manager Shields has engaged Mr. J. W. Myers, recently of the San Francisco Chutes, to sing the illustrated songs. These are some of the features of the Shields' programs, and when they are in the hands of good singers they are much appreciated by the audience. The polycope will be more interesting than ever, and several thousand feet of new films will be shown. Gesner's orchestra will render a few choice selections during an intermission, which will give the patrons am-

ple time to refresh themselves at the lemonade stand, which has recently been installed, or to give time for a little friendly chat. Every convenience for the comfort of the patrons will be given by the management. The Salem Military band will give short band concerts, preparatory to the performance. The prices are 15 and 25c, which enables everyone with moderate means to attend.

Picnic at Liberty.
One of the most enjoyable picnics ever held in Liberty took place Friday at the Gibson home, under the direction of the Liberty Good Roads League. Mr. Gibson, who has just completed a fine new house and barn, took this opportunity of having his neighbors view them, and it proved to be a great success. A large number of neighbors brought their lunches, and when the time came there was a grand spread in the grove. In the afternoon there was a ball game, and at night a good, old-fashioned barn dance given in the new barn. Old and young joined in, and stopped only when supper (which Mrs. Gibson had prepared) was announced. Mrs. Gibson is a notable cook, and last night excelled herself, adding to her reputation in that line. Everyone voted the occasion the best of the season, and would call again on very slight persuasion. Quite a number of Salem people were present.

There is worse pure stuff than the usual mixtures used to adulterate spices; no great harm, except to adulterers. "Pepper" is shells and dust (3c lb) with one per cent of red pepper to hot it. "Cloves" are stems (2 or 3c lb). Wormy nutmegs are "worth" 5 or 6c lb by the ton.

Women of Woodcraft

The ladies of Silver Bell Circle, Women of Woodcraft, at their meeting held last evening, installed their officers for the ensuing term, in one of the most interesting lodge sessions of the year. During the evening the lodge presented Da Marguerite Pomeroy, the retiring guardian neighbor, with a magnificent cut-glass vase, purchased during that lady's absence from the city, as an acknowledgement of her splendid services in the principal chair of the lodge during the past two terms. Mrs. Mary E. Holcomb made the speech of presentation, and the happy recipient gracefully and fervently expressed her appreciation of the splendid gift. Mrs. Holcomb acted as the installing officer, and inducted the following well-known ladies into their respective positions:
