

Humbugs are the worst kind of bugs and there is more of this sort of bugs in couches and other upholstered furniture than the uninitiated will believe. It is possible to make a nice looking couch that really is worth but little. We make the very best and sell none that will not bear the closest inspection.

DR. J. F. COOK

Has come to the conclusion that all profession of the healing art outside of the vegetable kingdom is a failure. When your system is run out without pure blood. You will only find vitality in the vegetable kingdom. Poisonous drugs nor doctors' knives nor thunder and lightning will not remove the cause, but lay the foundation for all kinds of disease. Those poisons go into your bones, and kill the life of them and create all kinds of diseases, cancerous tumors, consumption, dropsy, bone diseases, etc. You must bear in mind that his medicine is not a poisonous tonic, nor a stimulant, nor temporary relief which you get from poisonous drugs, where the results are sure death sooner or later. Do not blame the medicine, when it takes an effect and stirs up the poisons or disease in the system. You must not expect to be cured in a few days, for your sickness or disease has been a long time coming on, and it will take a long time to get it out of your system. It will take months or a year to build a new body from the bones up. This is what the people do not understand. They are used to being humbugged. His medicines are composed of Nature's Herbs—what the human system requires. When the animal gets sick they will help themselves to those herbs, for they have the instinct, and the people have not, so we have to make a study of it. It has been a life study with Dr. Cook. Do not get weary; this life is too short and too sweet to worry out of this world.

PRETTY INDIAN MAIDENS

Willing to Put Up Their Money to Get White Husbands

Marriage Brokers Take Advantage of This Weakness to Drive Bargains With Choctaw Girls

Grafters in the Indian Territory are resorting to a unique method for making money. It has long been known that the Indian squaw readily falls in love with the first white man she meets who is willing to pay her attention, and it does not matter very much whether he is handsome and stylish, or ugly; whether he is old or young, rich or poor. This makes easy sailing for the grafters of the territory, who have been making profitable use of the Indian maidens, by contracting with her to furnish a white husband for a cash consideration. Money has no value to the redskins, and it is said that in some cases they have been known to pay as much as \$400 in cash for a husband.

The brokers have no trouble in finding the husband, as the girls are to come into possession of some very valuable land. When the Choctaw allotment is made every maiden in that section will come into possession of 320 acres of land and about \$2500 in cash as one share of the tribal funds on deposit in the United States treasury.

Some of these girls are very pretty, yet they could be easily picked as Indians. Many of them have received educations at the Indian schools, and most of them are willing to marry as soon as they get their allotment and the cash in hand. In many cases the brokers pull strings at both ends. They accept a contract from the girl to furnish her a husband at from \$25 to \$100, and then they advertise in some of the Eastern papers for the husband. They make him a proposition to furnish him with a pretty Indian girl for from \$100 to \$250. When the Eastern lad with a desire for the West learns that he is to get a bride with a fortune, and that he will have nothing to do for a year at least but spend her money, he becomes an easy customer for the marriage broker.—Exchange.

SO DIFFERENT. Lots of Claims Like This But so Different—Local Proof is What Salem People Want.

There are a great many of them. Every paper has its share. Statements hard to believe, harder to prove.

Statements from far-away places. What people say in Florida. Public expression from California. Oftentimes good endorsement there but of little service here at home. Salem people want local proof. The sayings of neighbors, friends and citizens. Home indorsement counts: It disarms the skeptic beyond dispute.

This is the backing that stands behind every box of Doan's Kidney Pills. Here is a case of it: James A. Tanser, farmer, corner Thirteenth and Lewis stls., says: "So many suffer from kidney complaint that for a time I was alarmed about myself for I was troubled with my back aching in the region of my kidneys. I think it was caused first by a strain from heavy lifting I did two years ago. I kept getting worse instead of better and finally consulted a doctor. He told me I had gall stone in the bladder, but trouble with kidney secretions existed their too frequent action disturbed my rest from fifteen to twenty times a night. This was very annoying and I was in a bad way when I read of Doan's Kidney Pills and procured a box at Dr. Stone's drug store. To say I was surprised at the speedy effect of their use is putting it mildly. (I have recommended Doan's Kidney Pills to others and will always have a good word for them."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name Doan's and take no substitute. Just Fresh. A fine lot of fruit cases can be found now at the California Bakery, on Court street.

INCURABLE.

That is What the Books Say of Chronic Kidney Disease, But the New Fulton Compound Have a Record of 87% of Recoveries Among Chronic Cases Incurable by All Other Medicines.

Druggists know that kidney disease that has hung on eight or ten months has become chronic and that it is then regarded by physicians as incurable and that up to the advent of the Fulton Compound that nothing on their shelves would touch it. It is a proven fact that nearly two-thirds of all cases are now curable, and druggists themselves are taking the new Compound. One of the recoveries was Dr. Felix Kinsell, the pioneer druggist of 222 Pacific street, San Francisco, and he gave it to over a dozen others who recovered. Here is another interesting recovery. (We copy from the Sacramento News of November 16, 1902.) "After a serious illness of over a year Judge E. H. Allen of this city has recovered and he feels himself most fortunate in successfully battling with what is generally regarded as a fatal malady, Bright's Disease of the kidneys, in speaking of his case Judge Allen said: 'I believe that the treatment given me by my physician was in accordance with the best medical advice in the regular practice of medicine, but it afforded me no relief. Hearing of the Fulton Compound I went to San Francisco to try it and was soon convinced I should undergo the treatment. It was three months before I noticed a change for the better. I used the medicine faithfully for nearly a year and can now lead an ordinary life. The disease had been entirely eliminated. My appetite is good, I have gained seventeen pounds in weight and will be pleased to describe my experience to anyone who may call or write.'—Sacramento News, Nov. 16, 1902.

The editor of the News himself was the friend who told Judge Allen of the Fulton Compound. They are the only things known that cure kidney disease after as well as before they become chronic, which happens about the tenth month. Equally efficient in dropsy, gout, rheumatism from uric acid and bladder troubles. Fulton's Remedial Compound for Bright's and Kidney Diseases, etc., \$1. For Diabetes, \$1.50. John J. Fulton Co., 69 Washington street, San Francisco, sole compounders. Free analyses for patients. Send for pamphlet. We are the exclusive agents for this Compound in this city.
