

A Dollar A Hat

There is that much saying, at least, in buying your Hats here. Besides that, we are not confined to any one style. We have all the fashionable shapes. We don't make Hats, but we sell the best that we can get.

We have Hats at \$1, \$2, \$3, and \$4 that would please any man. All the new Fall and Winter blocks are here—and Every Hat is Right. We don't sell Hats that'll disappoint you. If you buy your Hats here, you will save Hat troubles—and save Hat money.

The Weather.

Tonight and Saturday, partly cloudy.

OTTO WILSON FOR ALDERMAN.

The tie between Lon Gesner and Otto Wilson in the third ward necessitates another primary election between these two gentlemen.

Many business men believe the interests of the city will be best served by getting the services of a keen and progressive young business man like Mr. Wilson.

This city needs some of the best and most progressive young men at the front, and Mr. Wilson is one of that type—a quiet and gentlemanly, successful business man.

He is not tangled up with any political faction, and will be able on all occasions to give the city his first and best thought and services, instead of some other machine.

Mr. Wilson is interested in the strawberry industry, and, with his brother, has put out about twenty acres. He is a man who owns property, who pushes his own business and gives employment to others. He should be nominated and elected.

SHOW A SPIRIT OF PROGRESS.

The people should appreciate the spirit of progress that is shown in this campaign by the Republicans of this city.

They held their primaries early, and have given the people ample time to get other candidates in the field, if they desire.

The Republicans are the first to give the people the right to nominate their candidates by a direct ballot at the primary.

The right of a direct choice on the Australian plan does away with corrupting, log-rolling city convention.

When the people have the right to nominate candidates for mayor and other officers the whole graft of city politics is off.

It is a pleasure to commend men when they are doing things in the right direction, and the people can be trusted to do the rest.

DEMAND THE POPULAR LOAN.

At the coming city election the people should vote for the popular loan on the thirty thousand dollars of old city bonds that fell due the past year. Fifteen thousand of these were the

old bridge bonds for the big steel bridge across the Willamette.

The others are some old bonds for sewers that became due, and the new charter was not in effect, and they could not be refunded until it was.

The people should authorize taking these up on the popular loan plan just as three lots of school and city bonds were issued and placed among the people.

JOURNAL X-RAYS

The Republicans will hold no city convention. Their candidates were nominated by direct vote of the people, and that is as it should be.

Other cities are holding their city elections under the Australian ballot law. It is to be regretted that the Salem council, on the ground of economy, did not throw this protection around the election to be held in this city. Unwise economy.

The writer was recently asked in Portland who was running the Republican party in Marion county. "Nobody," was the answer. This, we think is correct. There is no one man in this country to be a dictator.—Woodburn Independent.

Iflinger Hermann does as well as Senator Fulton on committees, he will be a hard man to defeat for nomination next spring.

The Oregonian could build two buildings if it could beat the Portage road, and lock up the Inland Empire for twenty years to come.

The Santa Claus headquarters established at some of our leading stores are already drawing holiday shoppers, and there are very bright business prospects for Salem merchants.

In spite of the city campaign, bright weather and a surplus of shekels in the pockets of all the people causes the business men who advertise in The Journal to smile a smile that is a yard wide and all wool.

The Journal's bargain day has been extended to accommodate several hundred subscribers who could not get around in time to take advantage of our reduced rates. Several hundred new names on our books attest the benefits of the cash-in-advance plan of running a newspaper, and there's room for more.

Of course, the anti-saloon hand tinkering crusade has to be sprung always just before election. It wouldn't work at any other time.

Broke Her Thigh Bone.

Paris, Nov. 27.—The Princess Mathilde Bonaparte, the only surviving daughter of King Jerome Bonaparte, and niece of Napoleon Bonaparte, is desperately ill. She broke the femoral bone last August, and is advanced in years.

If your watch needs repairing bring it to W. Calvet, 158 State street, practical watchmaker, who will repair it in an artistic manner.

Water Power of the Globe.

Those who are looking forward with trepidation to the time when the world's coal supply shall be exhausted will find solace in some rough calculations by John Clark Hawkshaw, a prominent civil engineer, concerning the water power now going to waste. He says: "Assume a depth of 10 inches of rainfall to flow off each square inch of land surface, the mean height of which may be taken as 2250 feet above the sea level. Then the water from the whole surface falling through the mean height would give 10,340,000,000 horse power in perpetuity. Our present yearly output of 225,000,000 tons of coal would give that horse power for only a little over half a day."—Philadelphia Record.

CITIZENS PLANNING A CAMPAIGN

Secretary Oliver Jory Says Campaign May Be On New Lines

Other Reform Elements Getting Under Action and There Will Be a Warm Contest

There will be a citizens' ticket, and a continuance of the citizens' movement of the past few years in the politics of Salem. A meeting of the advocates of this movement was held in Dr. W. A. Cusick's office Wednesday night at which about thirty persons of this city were present, and steps were taken to launch the citizens' movement. Dr. Cusick was elected chairman of the meeting, and Oliver Jory, secretary. The meeting decided to call primary mass conventions for the several wards to be held tomorrow at 2 p. m., at which time candidates for aldermen will be nominated, and five delegates from each of the seven wards will be chosen to meet in convention at 7 o'clock Monday evening, in the city hall, to nominate a candidate for mayor.

The ward meetings tomorrow afternoon will be held at the following places:

- No. 1, Freeland's factory.
- No. 2, City Hall.
- No. 3, Freeland's store.
- No. 4, Manning & Ferguson's warehouse.
- No. 6, S. S. Gimble's residence.
- No. 7, Jory's fruit drier.

Campaign committees were appointed and a determination manifested to carry on an active campaign, and to continue the policies of the citizens' non-partisan administration of the past few years. Secretary Jory, of the citizens' meeting, in speaking of the movement this morning, said:

Secretary Jory Speaks.

"The movement is entirely non-partisan, and men of all political opinions were present and expressed their determination to continue the non-

partisan administration. The interest taken and the character of those present, guarantee a strictly non-partisan movement, and a continuance of the policies of the past administration. An active canvass will be made, and, while the campaign may not be on the lines of the last two or three, the result will be the same. I know there is being careful work done in the different wards to bring forward representative men for a clean city government in Greater Salem."

Among those present at the meeting of Wednesday evening were the following representative men: R. P. Boise, W. F. Bolthby, W. Breyman, T. L. Davidson, C. D. McCoy, O. C. Reeves, E. P. Walker, J. P. Frizell, Max Buren, A. W. Dennis, Geo. J. Pearce.

Anti-Saloon League.

A mass meeting will be held in the Methodist Episcopal church on Monday night, at 7:30, in the interests of the Anti-Saloon League. Addresses by Dr. Tufts and Captain Mahone. Business will be transacted of special interest to every citizen. Be sure to come. If absent you may regret it.

Leading Socialist Talks.

R. R. Ryan, candidate for governor on the Socialist ticket, was asked this morning if his party would take any active part in the coming city election. He said they would probably put no ticket in the field, but would probably work under the banner of a Labor-Union ticket, and support the Citizens' movement. He was favorable to the greatest progress of the city, and public ownership of the water plant at the earliest day possible.

HARMLESS ENVELOPE HANDED HIM

Alarms the Special Detectives Who Are a Body Guard to the President in New York

New York, President and Mrs. Roosevelt arrived here this morning, and are attending the Grace funeral. Secretary Loeb and Secretary Cowles are also in the party.

Just as President Roosevelt was coming out of the church, after attending the services over the remains of his uncle, a white-bearded man stepped up and handed him an envelope. The President took the paper, looked at it, and threw it on the ground. Detectives seized the man and hustled him to police headquarters. The crank gave the name of Dennison.

LITTLE RUSSIAN PRINCESS

Her Death Now Believed to Have Been Caused By Poison

Berlin, Nov. 27.—The Morning Post says a commission has been appointed to ascertain how poison was placed in the food of the czar's party, that caused the death of the little princess.

Woman's Health

Depends largely on the condition of the stomach. If this important organ is allowed to become weak, Constipation develops. Then follow Nausea, Sick Headache, Nervousness, Insomnia and General Weakness. To preserve health there is nothing so good as Hostetter's Stomach Bitters. It will aid digestion, promote regularity and cure Dyspepsia and Constipation. A trial will convince you of its value. For Sale by Druggists.

HOSTETTER'S STOMACH BITTERS

BRAIN FOOD

Is of Little Benefit Unless It is Digested.

Nearly everyone will admit that as a nation we eat too much meat and too little of vegetables and the grains.

For business men, office men and clerks, and in fact everyone engaged in sedentary or indoor occupations, grains, milk and vegetables are much more healthful.

Only men engaged in a severe outdoor manual labor can live on a heavy meat diet and continue in health.

As a general rule, meat once a day is sufficient for all classes of men, women and children, and grains, fruit and vegetables should constitute the bulk of food eaten.

But many of the most nutritious foods are difficult of digestion and it is of no use to advise brain workers to eat largely of grains and vegetables where the digestion is too weak to assimilate them properly.

It is always best to get the best results from our food that some simple and harmless digestive should be taken after meals to assist the relaxed digestive organs, and several years' experience have proven Stuart's Dyspepsia Tablets to be a very safe, pleasant and effective digestive remedy which may be taken daily with the best results.

Stuart's Dyspepsia Tablets can hardly be called a patent medicine, as they do not act on the bowels nor any particular organ but only on the food eaten. They supply what weak stomachs lack, pepsin diastase and by stimulating the gastric glands increase the natural secretion of hydrochloric acid.

People who make a daily practice of taking one or two of Stuart's Dyspepsia Tablets after each meal are sure to have perfect digestion which means perfect health.

There is no danger of forming an injurious habit as the tablets contain absolutely nothing but natural digestive; cocaine, morphine and similar drugs have no place in a stomach medicine and Stuart's Dyspepsia Tablets are certainly the best known and most popular of all stomach remedies. Ask your druggist for a fifty cent package of Stuart's Dyspepsia Tablets and after a week's use note the improvement in health, appetite and nervous energy.
