

Beautiful Specimens of the Silversmith's Art.

In these announcements of ours whenever we touch on silverware we are much more apt to refer to the great stock of silver plated goods we carry than to our solid Sterling Silver—probably because the former is most popularly priced. But let none think that we are not also as well supplied with the latter. All the year round, at any and all seasons, we have on hand a very large line (by comparison of what most stores carry) of the very best Sterling Silver. Every piece of Sterling Silver shown here is a beautiful specimen of the silversmith's art—graceful in form and superbly wrought—representing the truest taste in design and utmost excellence of execution. Make no purchase in Sterling Silver without inspecting our offerings.

Corner of State and Liberty Streets, Salem, Oregon.

Goes to the Pen.

Washington, March 5.—Justice Pritchard this morning overruled the motion for a new trial of the case of Samuel Groff, the inventor of the patent letter box fastener, and sentenced him to two years in the Moundsville, W. Va., prison, and to pay a fine of \$10,000, the same as the other defendants in the postoffice conspiracy. At the trial Groff was released on \$20,000 bonds, pending an appeal.

Dropped Dead.

Thomas C. King, who for years worked on the Wallace farm, dropped dead this morning at the home of John Schindler. He has been suffering from valvular heart trouble for a number of years.

The funeral will be held tomorrow afternoon, at 2:30, at the Presbyterian church, and the burial will be had in the City View cemetery.

"Tom King" will be remembered as the colored man who for so many years held a responsible position on the big Wallace farm. He was intelligent and thoroughly upright, and a valuable hand wherever placed. He has prospered in the past few years, and has been looking after work and business of his own. He has a timber tract in Tillamook county, having only just recently returned from there. His friends think that possibly the unusual exertion of his trip may have been responsible for the attack which caused his untimely death. All who know Tom remember him with pleasure, and his death will cause a feeling of regret among his many friends.

Prominent Lecturer Coming.

Hon. Fred G. White, national lecturer for the Modern Woodmen of America, is making a tour of the Pacific coast states, and while here is visiting some of the leading camps of the order. He expects to be in Salem next Thursday evening, and the members of the local organization of the order have arranged an open meeting for the occasion, and will give the distinguished visitor a reception at their hall.

Is Still On

The meat war which has been carried on in this city for some time has not yet been declared off, and E. C. Cross, the reliable State-street meatman, is better than ever prepared to supply all with the choicest of meats. His prices are so low everybody can afford to eat meat.

EXHIBIT FILLS TWO CARS

Splendid Collection Leaves Salem for the Big St. Louis Exposition

J. R. Douglas, of Albany, who has spent the past few days here packing and loading the Oregon exhibit at the fair grounds, to be shipped to St. Louis, leaves this evening for Portland, where the work of loading and packing will be completed. Mr. Douglas has the finest collection of agricultural and horticultural specimens ever gathered in this state, nearly filling two freight cars. In one car were 46 boxes, two sacks and four special cases of agricultural exhibits, while the other contained 22 cases of horticultural specimens, everything nicely packed and neatly numbered. The cars were taken to Portland, where more exhibits, gathered during the winter, will be added to the shipment, and the cars started for St. Louis. As loaded here no changes will be made, and the cars will only be opened in Portland for the purpose of adding to the collections. The exhibit is a fine one, and Mr. Douglas is proud of the results of his work. He expects to be in St. Louis April 1st, when he will at once prepare his exhibit for the opening of the exposition.

Sets Out to Kill

MRS. ETZ ATTACKED TWICE AND LEFT IN A PITIABLE STATE.

Saved from Fatal Results of Second Encounter With Grip by Dr. Williams' Pink Pills.

Not content with smiting down its victims once, the grip often repeats the attack and is followed by such distressing after-effects that many sufferers succumb through exhaustion and sheer discouragement. It is just here that Dr. Williams' Pink Pills have proved such a help to thousands of despondent people.

"I suffered from two attacks of the grip," says Mrs. Mary M. Etz, of No. 309 West Clinton street, Elmira, N. Y., "and the second attack was followed by terrible after-effects. I suffered for nearly a year, and during a great part of that time my symptoms were constantly increasing in severity, although I was under the care of a doctor and a nurse.

"There was an incessant ringing noise in my ears which was distracting to an extent that I cannot describe. I had very heart action and I believe that my kidneys became affected. There were terrible pains in my back and limbs and my feet and ankles were swollen. I had night sweats and some times a cold numbness would come over my limbs.

"My trouble was complicated with sciatic rheumatism and at times I could not raise my foot two inches from the floor. The rheumatism grew gradually worse as my system was weakened by the poison the grip had left in my body. About this time a friend of mine who lives in Portland

recommended that I try Dr. Williams' Pink Pills for Pale People. I did so and had taken but one box before I was relieved. In all I took six boxes and was cured. One remarkable thing I noticed about the pills was that they began to give me strength almost as soon as I began the treatment. I shall be glad to have you publish my statement and I hope the pills will be as much of a blessing to others as they were to me."

Dr. Williams' Pink Pills are so promptly helpful in obstinate cases where other remedies fail because they act directly on the blood, expelling all poisons and supplying the elements upon which the entire system depends for its strength. They also repair shattered nerves and minister hopefulness to overcome the depressing effects of diseases like the grip. They are sold by all druggists throughout the world. Fifty cents a box; six boxes for two dollars and a half.

PERSONALS

R. D. Gilbert went to Jefferson this morning for a day's visit.

John M. Watson, of Turner, was a Salem visitor this morning.

Mrs. C. B. Shelton went to Portland this morning for an over-Sunday visit.

O. West is in Portland and Oregon City today, for a short business visit.

R. D. Eley went to the Siletz reservation this morning, to visit his ranch for a few days.

Frank L. Brown went to his ranch on the Siletz reservation this morning for a short stay.

Mr. and Mrs. J. C. Goodale, Jr., went to Eugene this morning for a few days' visit with relatives.

O. P. Coshaw left for his home in Roseburg this morning, after a few days' visit with relatives.

O. L. Darling went to Grants Pass this morning, where he will take the position of telegraph operator.

C. W. VanWinkle left last evening for his home in Colfax, Wash., after a visit with his brother in this city.

Fly Wins a Fortune.

The superstition of gamblers is well recognized, but it seldom that their reliance upon omens brings them such luck as was the case at Monte Carlo the other day. At what is known as the "suicide table," in the Monte Carlo gambling rooms a remarkable incident occurred last Saturday, writes a correspondent whose wife witnessed it.

A fly alighted on No. 13 on the roulette table at a time when the players had suffered a persistent run of bad luck. The superstitious gamblers exchanged covert glances and searched their pockets for money with which to stake. In a few moments the "middle dozen"—that is to say, the numbers 13 to 24—were liberally covered with stakes.

Then an elderly gambler arose, and piled napoleons round the square on which the fly had alighted, thus backing the numbers from 10 to 17. Less confident players staked smaller amounts on the "transversales."

The ivory marble was sent spinning round the roulette wheel, there was a moment of suspense, and then the croupier announced the winning number 13. But what is far more extraordinary, the same number came up three times in succession. That fly cost the casino \$25,000.

Western raisers of cattle are complaining bitterly that they are getting less money a pound than they received a few years ago. Eastern buyers are walling because their steaks and chops are still extravagant in cost.

Six of the housekeeping questions are settled:

tea baking-powder spices
coffee flavoring extracts soda

and settled for good.

Schilling's Best at your grocer's; moneyback.

Have you enough Money to build you a house?

Then buy an acre-tract of land in Smith's Fruit Farms No. 2, and build you a house on it. You pay only \$5 a month for the land until paid for. This is cheaper than paying house rent. Then when you pay your installment, which is virtually house rent, it is money being put into your own home, not into some other person's pocket. Can you not see the great advantage of looking into this offer we are making you? These tracts are only Three minutes from the cars, with a plank walk all the way.
