## OREGON CROP REPORT

### Reports Show Some Injury by Frost and Other Information

The government crop report for the past week for Oregon has the following summary:

The past week has been cool and showery, with several frosty mornings. It was favorable for advancing farm work, but too cool for rapid growth. Fall wheat and fall barley are everywhere in excellent condition, and in some localities early sown fall barley is beginning to head. Spring seeding is nearly finished, except on the low, heavy lands, and the early seeded wheat, barley and oats have all come up to good stands. Pasture, grasses and such forage plants as vetch and clover are doing splendidly. Stock continues improving, and the flow of milk in dairy herds is excellent. Sheep shearing is well under way, with the indications that the clip will be an average one.

In a few localities hops have been injured by frost, and the vines everywhere have not done so well as they did the previous week. The cultivation of the hop yards for the first time has been practically completed, and the hops are now nearly to the top of the poles, or twine, as the case may be. Gardens are backward, and some tender varieties of vegetables have been slightly injured by frost. Late gardens and late potatoes are being planted, and considerable land is being prepared for corn, but not much has yet been planted. Frosts have badly damaged Italian prunes, and Royal Anne cherries are reported to have been severely injured in many localities. Petite prunes and peaches have set well, and there is a profusion of apple bloom.

**Willamette Valley.**  
Forest Grove—Weather fine; fall grain of all kind growing rapidly; pasture good; fruit trees full of bloom; hops half way up the poles and growing rapidly; stock doing finely.

**Sandy—**Weather cool and showery; crops making very slow growth; prunes about a total failure from cold rains and hail; plenty of snow in the mountains.

**Lafayette—**Italian prunes total failure; I believe it to be frost which caused their destruction; wheat doing well; gardens backward; pasture splendid.

**Maclean—**Weather too cool; frost has done some damage to fruit and hops; fall grain not looking as well

as a week ago; hops look well, and training nearly finished; stock doing finely.

**Pedee—**Weather cool and mostly cloudy, with frequent light showers; there was a light frost on the morning of the 3d, which caused slight damage to apple blossoms and early potatoes; all crops are making slow growth; grain has good color and shows even germination; sheep shearing in progress, and the clip is of average yield.

**Albany—**Week favorable for work and germination of grain; frost on the 3d and 4th did no damage so far as I can learn; about the usual amount of grain will be sown; grass good; stock doing well; apple trees loaded with bloom.

**Glenbrook—**Cold and cloudy with some rain; spring crops all in; grass and grain looking fine; gardens late; hay crop never better at this time of the year.

**Cottage Grove—**Weather fair; grain, grass and growth of gardens good; radishes and onions ready for table; potatoes not up, not many planted; plums and cherries setting nicely; currants and gooseberries uncertain.

#### Bishop Whitaker's 74th Birthday.

Philadelphia, Pa., May 10.—Today Right Rev. Ozi William Whitaker, bishop of the Protestant Episcopal diocese of Pennsylvania, entered upon his 75th year and was the recipient of numerous notes and cards of congratulations from his friends, both in and out of the church. No celebration of the anniversary was held owing to Bishop Whitaker's age and physical infirmities.

Bishop Whitaker is a native of Massachusetts and received his education at Middleburg college and the General Theological seminary in New York, graduating from the latter in 1863. Six years later he was elected missionary bishop to Nevada, and filled that position until 1885, when he was chosen bishop coadjutor of Pennsylvania to assist Bishop Stevens. When the latter died in 1887 Bishop Whitaker succeeded him. The active management of the affairs of the diocese is now largely in the hands of Bishop Mackay-Smith, who was chosen coadjutor bishop to assist Bishop Whitaker two years ago.

#### Good Spirits.

Good spirits don't all come from Kentucky. Their main source is the liver—and all the fine spirits ever made in the Blue Grass state could not remedy a bad liver or the hundred and one ill effects it produces. You can't have good spirits and a bad liver at the same time. Your liver must be in fine condition if you would feel buoyant, happy and hopeful, bright of eye, light of step, vigorous and successful in your pursuits. You can put your liver in fine condition by using Green's August Flower—the greatest of all medicines for the liver and stomach and a certain cure for dyspepsia or indigestion. It has been a favorite household remedy for over thirty-five years. August Flower will make your liver healthy and active and thus insure you a liberal supply of "good spirits." Trial size, 25c; regular bottles, 75c. At all druggists. At Dr. Stone's drug stores.

#### Baseball Rates.

Account of the Oregon State Baseball League, the Southern Pacific Co. will sell special round-trip tickets between Salem, Eugene and Roseburg. Rate—one and one-third fare for the round trip. Date of sale—Saturday and Sunday of each week, except that tickets may be sold on Friday from Salem to Roseburg, and from Roseburg to Salem. Limit—Sunday following date of sale, except when sold on Sunday limit to date of sale. This rate expires September 18, 1904.

"I have no more nervous headaches and rest very well at night."

When a woman suffers from female weakness and irregularity or other forms of womanly disease, the effect is certain to be marked in her nervous system, the general effect being, as in Mrs. Woodin's case, "nervous headaches, restlessness at night" and a run-down condition. It is simply common sense then which says if you cure the female weakness, irregularity, etc., you will cure the nervousness, sleeplessness and other consequences of womanly disease.

Dr. Pierce's Favorite Prescription cures the womanly diseases which undermine the general health. It establishes regularity, dries enfeebling drains, heals inflammation and ulceration, and cures female weakness. It cures headache, nervousness, sleeplessness, etc., by curing the womanly diseases which cause these ailments.

Sick women are invited to consult Dr. Pierce, by letter, free. All correspondence strictly private. Address Dr. R. V. Pierce, Buffalo, N. Y.

I feel more than grateful to you for the benefit I have received from Dr. Pierce's Favorite Prescription and Golden Medical Discovery," writes Mrs. Kreie E. Woodin, of Millerton, Dutchess Co., N. Y., care of Box No. 1. "For a number of years I had been troubled with female weakness, nervous headache, irregularity, restlessness at night, and in fact was all run-down, but after taking three bottles of 'Favorite Prescription' and one of 'Golden Medical Discovery' I feel that I am entirely cured. I have no more nervous headaches, and rest very well at night; in fact, feel like a different person. Thanks to your kind advice and wonderful medicine, I earnestly advise all who suffer from any similar troubles to write to Dr. Pierce at once. They will not regret it."

"Favorite Prescription" has the testimony of thousands of women to its complete cure of womanly diseases. Do not accept an unknown and unproved substitute in its place.

Dr. Pierce's Pleasant Pellets should be used with "Favorite Prescription" whenever a laxative is required.
