### COASTER-BRAKE BICYCLE FREE.

Everybody is interested in the census that is now being taken, and in order to promote the greatest possible publicity for this most important event in the recent history of our city, The Capital Journal has decided to give a fine new bicycle to the person guessing nearest to the number of people in our city, as revealed by the new official census. It will take several weeks to close the enumeration and compilation, and during this time The Journal will give reports from day to day of the progress of the work, and the probable results.
