### June White Days In Salem

Our special sale man was the inaugurator of the "White Days Sales" in Salem.

Many years ago he inaugurated the idea of selling white goods at reduced prices during the month of June. And today he is more enthusiastic than ever over his special sales. John Wanamaker was the originator of "June White Sales," and now every first-class store in America has adopted the scheme.

Our White Sale is creating much interest among the Salem people, because they know when we offer our goods at reduced prices they are sure to get value received, "and then some."

## PECULIAR DIVORCE STATUE

### Many Complications Might Ensnare From a Test of Present Law

Portland, June 2.—A divorce case here brought out the novel fact that in this state a statute exists which provides that in all divorce suits there must be given 10 days' advance notice to the district attorney, who is then supposed to represent the missing party. The statute has been ignored for years. It is held that a case brought on these grounds, and sustained, would invalidate nearly all the divorces granted in Oregon during the past five years, including the alimony provisions and property distributions.

**Negro Murderer is Lynched.**

## PICTURE SOLD HIGH

### Russian Artist Painted Scene of Vessel on Which He Lost His Life

St. Petersburg, June 2.—The last drawing of Verestehagrin, the Russian painter, who lost his life on the battleship Petropavlovsk, has been sold to a Moscow dealer for \$20,000. The drawing depicts the late Admirals Makaroff and Moias, both of whom went down in the ship, holding a conference aboard the ill-fated vessel. It is a sensational picture, and many believe it was inspired by a presentment of the artist's fate.

**Russian Anarchist Arrested.**  
Chicago, June 2.—Abel Gabinska, a Russian 24 years of age, was arrested last night, after he had attempted to shoot a man named Frank Adams, whom he had never seen before. He fired several shots at the police officers who took him to the station.

He declared to the police, after being arrested, that he had been sent to Chicago by a society in St. Louis, with instructions to "kill fat and prosperous looking men." A paper found in his pocket contained the names of Mayor Carter H. Harrison and Alderman Honore H. Palmer. He would not admit that he intended to assassinate these two men, but said his instructions made it necessary to kill "five fat and prosperous men."

It cannot be definitely ascertained whether the man is demented or an anarchist. The police, however, are of the opinion that there is some truth in his story.
