# LEITER WILL IS A BIRD

## Charity and Public Treated With Selfishness Unheard

Washington, June 20.—The will of the late Levi S. Leiter was filed for probate this morning. His widow and son are named as executors, without bonds. There are no charitable or public bequests. The entire estate is valued at 25,000,000 to \$30,000,000, and is tied down for at least a generation of Leiters. The widow receives throughout her life one-third of the net income of the state, in lieu of dowry. Trustees are named to control the investments and distribution of the income from a fund of \$1,000,000, independent of the previous settlement; \$700,000 was set aside for the benefit of the wife of Lord Curzon, vice-regent of India.

### BERRIES GOING TO WASTE.

Public at Hood River was invited to Take Away 1000 Crates.

Returning delegates to the G. A. R. encampment at Hood River express appreciation of the hospitalities extended them during their stay. I McGowan, member of Sumner Post, No. 12, gives an account of a visit to the Ahmoteh farm. He says that J. W. Moore, manager and part owner of this farm, of which 30 acres are in Wilson strawberries, furnished the old soldiers transportation to that farm free of charge.

"From the Ahmoteh farm," says Mr. Gowen, "300 crates of berries have been shipped the present season and 100 remain unpicked because of no market, and Mr. Moore has thrown the place open to the public, inviting everybody to help themselves. During the picking season 125 people are employed, 83 in picking and 40 in packing, no Indians or Chinamen being employed.

### Court House Doings.

The will of B. F. Snyder was admitted to probate. The estate is valued at \$1000 and Sarah J. Snyder was named executrix. H. H. Olinger, W. T. Rigdon and John Gilpin were appointed appraisers.

Elizabeth T. Adair and Ida M. Lockwood have commenced an action against Claude and E. M. Hurst for \$90, alleged to be due for the rent of a hop yard for the year 1903.

Hulda Griswold is suing her husband, Philip Griswold, for a divorce. The parties were married in November, 1901, in the state of Michigan, and only resided together, so it is alleged, for about one month. The suit is brought on the grounds of desertion. Turner & Inman are attorneys in both cases.

Minister Chadwick cables from Tangier that Pericardis and Varley will probably be released tomorrow.

# "The Easy Running Tribune"

The wheel that never retrogrades. Always made as good as it could be, and nothing better ever made or marketed.

The proof of this statement lies in the service they give, and in the lasting qualities of every wearing part.

Tribune bearings never wear out. Tribune cranks don't break. Tribune forged crowns—never been a broken one known. Tribune bearings stay in adjustment.

Tribune cranks stay on. Tribune sprockets won't loosen. And coupled with all their inherent goodness they are so easy riding, due to the perfect Tribune Cycloidal sprockets—the original of all similar types—and to the perfect shape of the bearings, which are scientifically exact, and which positively cannot and will not bend or jam.

Call and see the wheels, and try one as long as you wish. That's the way we sell them. Sundries of all sorts, too, for all sorts of wheels. Some good bargains in ladies' wheels. Also a few men's.

administration's connection with the construction of the Panama canal, settlement of the coal strike, relations of labor and capital and Porto Rican and Cuban policies considered. The chief mission of the Porto Rico delegation is to secure a plank in favor of extending to the islanders recognition as citizens, and looking to ultimate statehood. Suffering from a cold caught in the recent Illinois deadlock convention, Speaker Cannon is confined to his room here, while his daughter administers medicine. Maintaining exclusion, the speaker yet admits his confidential cronies, and a few dozen newspaper friends. To the latter he said there was nothing to add to what he had already said on the vice-presidential boom started by the New Yorkers. He would decline if the nomination were tendered.

Shaw says there will be a Philippine plank promising some sort of autonomy to the Filipinos, that conditions will be attacked demanding a higher standard of civilization from the brown men before the step can be taken. It is also declared that the financial plank of the last two plat-

forms will be approved. Governor Cummins, of Iowa, who was sent to the convention as a delegate at large by the "stand-pat" convention, says there is a big change of sentiment since the adoption of the Iowa convention platform. "We believe the tariff should not be so high as to permit home producers to sell goods at a profit that be called unreasonably large."

Fight over Vice-Presidency. Chicago, June 20.—The Tennessee delegation this afternoon declared unanimously for Fairbanks, and the New York delegation, which meets tonight, will endorse him. Senator Cullum, of Illinois, will make the effort of his life in presenting Hitt's boom. Dolliver, of Iowa, will second the nomination of Hitt.
