

QUOROM WAS NOT PRESENT

City Council Adjourned to Meet Next Monday Night

The city council failed to meet last evening, owing to the lack of a quorum, and a meeting is set for next Monday night. Considering the large amount of important business before that body, it is almost certain that a meeting will be held on that date. One of the important things is the request of the city for bids on lighting, which involves the business people in a long-term contract, and is perhaps somewhat complicated is the proposition of the city asking for bids for a water plant or lighting plant, with a view to purchasing and operating such a plant by the city. The city is also advertising for its wood supply, having rejected 100 cords recently delivered on a former bid, because the wood was not what the advertisement called for. Another matter of importance is the resolution of Alderman Acheson, asking that the Southern Pacific Railroad Co. maintain automatic gates or a flagman at their crossing on South Commercial street near the Freight depot, in the light of the very serious accident on Memorial Day which resulted in an instant death of a woman and the additional fact that a damage suit is being brought to recover \$5000 from the company for that accident. This becomes a very important problem. It is undoubtedly the expectation of the railroad company to give some kind of protection against accidents at these places, as the present condition of affairs most certainly are very unsatisfactory to the company. The freight business has grown to such an extent that it is almost a daily occurrence to have pedestrians and teams blocked in their travel back and forth, nearly all of the country people coming into Salem from the south, both on the river road and the Jefferson and Liberty roads are compelled to go into the city this way. This fact, with the additional number of trains and switching, makes the existing condition hazardous in the extreme and the company no doubt wishes to protect itself against this liability. It is certainly

LEADING WORKER IN CITY

Chairman Frank C. Baker of Republican Committee Visits Capital

Hon. Frank C. Baker, chairman of the Republican state central committee, is in the city today on business, and is everywhere receiving congratulations upon the phenomenal results of the recent election in Oregon. The magnificent majority of 24,000 for the Republican ticket was the largest ever experienced in the state, and naturally Mr. Baker feels a proper sense of pride in the results, although he very modestly gives the credit to the good workers in all the counties.
In order to show the state chairman a proper sense of appreciation for his services a large number of the Republicans of the city called upon State Chairman Baker at Hotel Wilamette this afternoon. County Chairman Murphy and State Committeeman Hal D. Patton, accompanied by a goodly number of the faithful, including several county officials, went over in a body and paid their respects and extended congratulations upon the splendid victory achieved. Mr. Baker complimented the local leaders in the highest terms, and said that old Marion was the only county in the state that had elected every Republican county officer and gave a good majority for every state and district candidate. He looks for even a greater landslide this fall for Roosevelt and Fairbanks, and, in fact, Mr. Baker predicts great things for the party in the future. Mr. Baker is probably in closer touch with the party workers and managers in all parts of the state than any other one man in Oregon, and, while he isn't one of the kind that "sees things," he says there is every reason to believe that a new era of Republican prosperity is in store, such as will make this nation greater than the most sanguine can now forecast. All joined in a hearty handshake, and in fact Chairman Baker felt at home, inasmuch as he was personally acquainted with nearly every man in the happy bunch. He left for home on the afternoon overland train.

RICH MINE STRIKE

Linn County Ledge Shows up Well Under Essay

Albany, Or., July 6.—The recent rich strike on the Linn county side in the Blue River mining district has not become less promising with further investigation, and there seems every indication that this property of the Oriental Mining Company will add another to the list of paying mines in the district. Assay returns have not yet been received from the ore which was recently sent out. The assay made some time ago showed \$22.50 to the ton. The recent find is much richer than that. It is also composed of the rotten quartz that makes free milling ore, which is easily mined.
A party of stockholders in the Oriental Mining Company will leave for the scene of the strike the last of the week, accompanied by a mining expert. The company is composed of some of the substantial business and professional men of Albany, who are determined to develop the new mine, if it gives indications of proving a paying property.
President J. F. Venner, of the Oriental Company, who has charge of the work that is going on in the Blue River district, states that the new find is a good one. The lead is the most promising he has seen in the district. It is situated on the old Poorman ledge, is five feet in width, and the surface ore is very rich. The Oriental Mining Company has had a number of men at work on its property for some time. Preparations are now under way to put a much larger force at work developing the new find.

OREGON STATE LEAGUE

Eugene Managers Quit the Game and Pay Off Their Players

The following dispatch from Eugene appears into day's Oregonian:
The Oregon State League exploded with the national day fireworks. Small towns can't stand high salaries and four-game schedule. The standing of the clubs at the close was: Salem, .675; Eugene, .573; Albany, .467; Roseburg, .375.
President Sroat, of the league, was in communication with President Hampton, of the Eugene team, this afternoon.
The latter said their board of managers had discussed the situation, and had concluded to draw out of the league. They paid off their men this morning, and disbanded the team.
President Sroat informed Mr. Hampton that the state league board of directors would at once sue on the bond signed by that club at the time the league was formed, if the games were not played according to schedule. The bond is for \$250, and guarantees that the series will be finished.
In discussing the matter with a Journal reporter, he said that, if the four teams in the league desired to disband, the proper way would be to call a meeting and mutually cancel the obligations, but for one team to drop out at this time was uncalled for and unnecessary. Mr. Hampton says, in justification of the disbanding of the Eugene team, that the club was losing about \$25 a game, and the stockholders could not stand the loss.

Call for Bids.

The City of Salem, Oregon, does hereby call for bids for the public lighting of its streets by arc electric system, in full accord with the plans and specifications now on file in the office of the recorder of said city, and for the interior lighting of the city hall in said city in the same volume and system now in operation in said building. All bids in response hereto to be filed with the recorder of said city on or before 5 o'clock p. m. on Monday, August 1, 1904. And the city of Salem reserves the right to reject any or all bids filed in this behalf. Done by order of the common council this 28th day of June, 1904.

OREGON PERMITS IDAHO

To Transport Troops Through the State Enroute to Camp

Governor John T. Morrison, of Idaho, yesterday sent the following communication to the executive office in Oregon:
"The state of Idaho asks permission to move troops with proper military equipment through the state of Oregon en route to and from the encampment at American Lake."
Governor Chamberlain is absent from the state, but his private secretary, W. N. Gatens, replies as follows:
"Governor Chamberlain cheerfully grants permission to the state of Idaho to move troops through the state of Oregon, en route to and from the encampment at American Lake and the adjutant-general has been instructed to issue the proper order."

Do It Today.

The time-worn injunction, "Never put off 'till tomorrow what you can do today," is now generally presented in this form: "Do it today!" That is the terse advise we want to give you about that hacking cough or demoralizing cold with which you have been struggling for several days, perhaps weeks. Take some reliable remedy for it TODAY—and let that remedy be Dr. Boschee's German Syrup, which has been in use for over thirty-five years. A few doses of it will undoubtedly relieve your cough or cold, and its continued use for a few days will cure you completely. No matter how deep-seated your cough, even if dread consumption has attacked your lungs, German Syrup will surely effect a cure—as it has done before in thousands of apparently hopeless cases of lung trouble. New trial bottles, 25c; regular size, 75c. At all druggists. At Dr. Stone's drug stores.

CHICAGO THUG CAUGHT

Officer Kane Arrives to Take His Man Back for Trial

Police Officer Thos. Kane, of Chicago, is in the city, and will leave probably tomorrow with Frank Burrouf, alias Harry Holt, who is wanted in that city on the charge of attempted robbery and murder. He twice shot a man in a holdup and escaped.
The officers followed him to Tacoma, where Burrouf went "broke." He wrote back to a Chicago friend for cash, and the friend "peached." When the officers arrived in Tacoma he had moved on, and was located here by Chief Gibson, who arrested him while he was working in local printing offices.
Officer Kane is waiting to have his requisition papers completed, when he will start back with his prisoner.
