Coal Mine Explosion.
Buda Post, March 21.—An explosion of fire damp in the Brankova coal mine today killed 12 and seriously injured four. Twelve more are missing.

Poisoned By Pin.
Mrs. S. C. Kightlinger, who lives in South Salem, was taken to the Salem hospital yesterday, suffering from blood poisoning. The accident occurred last

Wednesday while Mrs. Kightlinger was taking care of a neighbor's baby. In some manner she ran a pin into her finger, but, not thinking the hurt serious, she neglected the proper treatment of the wound until the pain caused her to visit the doctor, who immediately pronounced the wound serious, and advised her to go to the hospital for treatment. According to last accounts Mrs. Kightlinger was resting easier, and no doubts were entertained as to her ultimate recovery.

Rathbone Sisters at Aurora.
The Rathbone Sisters of district No. 3 will hold their second annual convention at Aurora next Wednesday morning at 10:30. During the forenoon the work will principally consist in the organization and roll call of those present, while the afternoon will be taken up by a contest in ritualistic work, participated in by the several temples present. Papers will be read relating to the work of the lodge, and matters of general interest to all will be discussed. The delegate to go from Salem lodge is Mrs. C. W. Knox. Among others attending from this city will be Mrs. L. R. Stinson, Mrs. St. Helens and Mrs. Parmenter.

Enlarging Office.
The Standard Liquor Company is remodeling the office at the wholesale house. It will be enlarged and refurnished to meet the demands of the business.

COURT UPHOLDS SECTION

Columbus, O., March 21.—The supreme court today upheld the constitutionality of the criminal section of the Valentine anti-trust law.

Offered Presidency.
Omaha, Neb., March 21.—If he wants the job, at a salary of \$100,000 a year, Horace G. Burt, ex-president of the Union Pacific, now traveling in Europe, may be placed in charge of the construction work of the Panama canal. It is stated that Mr. Burt has been approached several times on the subject, at the instigation of President Roosevelt. The position offered him, according to a statement given out today by the president of one of the Omaha banks, who is a close friend of Mr. Burt, and in constant communication with him, would place him over Mr. Wallace, the chief engineer.

Whether Mr. Burt would be willing to sacrifice ten years of his life at Panama, even for the inducements offered him, none of his friends here is able to state. The last letter from Mr. Burt received in Omaha was dated at Rome on February 25th. It is believed he is now in Vienna.

Golden Jubilee.
Tomorrow will be celebrated the golden jubilee of profession of Sister Mary Sceronia, of the Sacred Heart Academy, of this city. It is quite a notable event in the school and church circles of the Northwest, and exceedingly more notable in the life of Sister Mary Sceronia, as it is 50 years since she first entered upon her sacred duties. It will be celebrated with appropriate exercises at the academy, and this summer it will be more highly honored at St. Mary's.

\$100 Reward, \$100.
The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

OFFICER NOT TO BLAME

Headquarters Detective Joe Day was last night exonerated from blame for the shooting of Louis Schram, alias Schumer, the jury impaneled by Acting Coroner A. L. Finley bringing in a verdict saying he was justified. Schram was a forger. He attempted to escape when placed under arrest last Friday night, refusing to halt when warned. He died Sunday night at Good Samaritan hospital, and to determine the right of Day to shoot, the inquest was held.

What made a clear case for Detective Day, aside from other testimony, was the finding of City Physician Zan, Assistant Slocum and Dr. Ray Matson, of the Good Samaritan staff. They performed the autopsy, and decided Schram came to his death from fatty degeneration of the heart, following the shock of the wound in his left leg.

The verdict of the jury was as follows:
That L. Schram came to his death on March 19, 1905, at Good Samaritan hospital, from exhaustion, due to fatty degeneration of the heart, caused by shock following the effects of a gunshot wound in the left leg, the said shot having been fired by Joseph Day, a detective in the employ of the city police department, who was detailed to arrest said Louis Schram for passing forged checks, in an attempt to stop the said Schram from making his escape after he had been arrested.

And it is the opinion of the jury that the action of the detective in this matter was justifiable.

START MODEL SALOONS

Los Angeles, March 21.—A syndicate of Los Angeles capitalists has made in good faith a proposal to the city attorney and board of police commissioners to have the present \$200 liquor licenses revoked, and instead 50 or 75 licenses issued to the company. The members would place their saloons in charge of competent persons, under such regulations as do not now exist in any American city. Treating would be considered a misdemeanor. Coffee and soft drinks would be served, as well as intoxicants, and a forfeit would be paid for every drink sold to an intoxicated person. The drinking places would be made attractive, and the prices uniform.

But for the fact that this proposal is seriously backed by a number of men of wealth, it would be taken as a joke. A formal offer is made to guarantee the city \$150,000 per year for the exclusive privilege, and to spend a liberal amount in public improvements. The syndicate will make the offer, and if it is refused will assist in the present strenuous campaign to bring to a vote in Los Angeles the question of saloons or no saloons.
