

**PROTECT YOUR BOOKS!**

They're too valuable to be strewn about the room or house exposed to dust and damage! Of course you can't help it, if your book-case is full and of the old style solid construction. Better get rid of such a case, or start a new one that will always accommodate your books without being either too large or too small—one that grows with your library and always fits it. The

**Globe-Wernicke**  
"Elastic" Book-Case

is the original and only up-to-date sectional book-case and is made by the largest manufacturers of such goods in the world. It's furnished in a variety of grades, sizes and prices, adapted to any and all requirements. It's a system of units, each unit fitted with the perfection dust-proof roller-bearing door. But we'll be glad to show them if you call, or will send illustrated catalogue on request.

**YOUNG SAWBONES HOUSED**

**Willamette Medical College One of the Best Arranged on the Coast**

At last the students and faculty of the college of medicine are safely housed in the handsome, substantial and well arranged new building on the northwest corner of the university campus. The first lectures were given in the new building yesterday, and the work will be arranged at once so that more than one lecture can be given at a time, which was impossible under the old conditions. This will make it much more convenient for pupils and instructors alike. The finishing of the new building has also relieved the crowded condition which has existed in the science department at the administration building.

The committee which has in charge the matter of holding suitable exercises for the dedication of the building was delayed in its arrangements, but in order that the structure should have some sort of an initiation before the classes assembled in its classic halls, the medical students took things in their own hands and held a "stag jolly-up" Saturday night. All but one of the 52 students were present and that one was compelled to be in Portland. It would be impossible for this or any other paper to print a full account of all that was done, but various competitive stunts were indulged in by members of the different classes and a rousing good time was had. As a grand climax to the evening's entertainment and amusement a "big feed" was partaken of.

The new building is a very commodious structure, being 52x72 feet in dimension, situated on the northwest corner of the campus and fronting north on State street. There is a full basement, 9 1/2 feet clear, which will not be finished on the inside at present, but which will eventually have a second floor and probably contain the chemical laboratory. The porch on the north is supported by large round pillars, surmounted by artistic capitals. The flooring, in the entrance way, is tiled and the front door is of heavy plate glass. The door opens into the main hall, which is large and inviting. The rooms from this hall are two on the west side, each 25x30 feet, and two on the east side, each 20x30 feet. That in the northwest corner is fitted up as a physiological laboratory, but the others will not be completed at present. There is also a cloak room, 10x24 feet, opening from the hall to the east.

On the second floor the two rooms on the north side are fitted up for lecture rooms with semi-circular tiers up on which are opera chairs with table arms for the use of the students. Fronting these auditoriums is a low railing, inside of which the lecturers stand. The southwest room is equipped as a chemical laboratory, with modern appliances and conveniences, and the southeast room is a laboratory for microscopical work and the development of bacteria and its study. There is a hallway and a cloakroom leading in between the lecture room and a toilet and wash room in the center of the south end.

On the top floor, which is lighted with fluted glass, is located the dissecting room and laboratory. This is undoubtedly the best room of its kind on the coast, and in fact it is doubtful if there is a better arranged college of medicine building anywhere in the northwest, as this is the first and only structure which has been constructed for that purpose alone.

The building is fitted with gas and electric light fixtures and is arranged for the future installment of a heating plant. There is also a dressing on each floor. The interior is plastered with wood fibre plaster, which makes an excellent wall and is finished in natural Oregon wood. Every room is well lighted with large windows and there are at present registered in the medical school 52 students taking the full course of four years. There are 14 in the graduating class and 18 in the junior class. With the new building and the added equipment, which gives Willamette a medical school equal to any on the coast, it is thought that the registration next year will reach 100.

**ONLY NINE DAYS REMAIN**

**THE SALE'S END IS DRAWING NEAR—DON'T DELAY COMING IN OR PHONING IF SAVING OF MONEY IS AN OBJECT.**

**Step Lively Now—Eilers Closing Out Sale Closes January 31st—The Sale That Saves You Money.**

If you are going to participate in the benefits that are to be derived in the way of immense savings and terms of payment most exceptional offered in this closing-out sale, you will have to attend to it promptly.

It is doubtful as to whether this offer will remain open during the remainder of this week (we are not ordering any renewal of the stock), but, at any rate, the sale will close within nine days from now.

You still have a chance to get any one of the eight piano snags remaining or of the organs and pianolas. The pianola is \$250 everywhere, but we have two very slightly used ones at large discounts. Call and see.

You have to see these instruments to appreciate what bargains we are offering for \$35, \$57, \$85, \$135, \$195, \$215, \$250, etc.

You run no risk in securing one of these pianos, and you can have your choice of the Schumann, established in 1847; the Kimball, Chicago's most popular piano; the Lester, the pride piano of Philadelphia; the Story & Clark, well known and reliable; the beautiful Bailey, or any other of the few pianos now remaining in stock.

The Eilers Piano House does not handle a piano that is not in every way warranted by the makers, and we, in turn, endorse every maker's guarantee, thus making assurance doubly sure.

If, after careful trial, you find that your instrument is not in every way satisfactory or as represented, we always stand ready to replace the instrument with another of same grade or value.

There can be nothing fairer or more equitable. Come in and investigate this before it is too late. Letters of inquiry will receive our most careful attention. Catalogues will be supplied free to all inquirers.

This closing out sale will continue only so long as the present stock lasts, and, in any event, will positively end January 31, 1906. Open evenings.

Eilers Piano House, Y. M. C. A. building, F. N. Smith, special salesman, phone Main 185.

**Deafness Cannot Be Cured**

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When the tube is inflamed you have a trembling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. F. J. CHENEY & CO., Toledo, O. Sold by druggists, 75c. Take Hall's Family Pills for constipation.

**Fred Huntington Wins**

The case of the State against Fred Huntington, ex-sheriff of Baker county, which has been before the supreme court for some time, was decided today. The court reversed the decision of the lower court, and the case was booked for a second trial.

**Sure Cure for Piles**

Itching piles produce moisture and cause itching; this form, as well as blind, bleeding or protruding piles, are cured by Dr. Ross's Pile Remedy. Stops itching and bleeding. Absorbs tumors. 50c a jar at druggists or sent by mail. Treatise free. Write me about your case. Dr. Ross, Philadelphia, Pa.

**Dr. Stone's Drug Store**

Does a strictly cash business, owes no one, and no one owes it; carries large stock; its shelves, counters and show-cases are loaded with drugs, medicines, notions, toilet articles, wines and liquors of all kinds for medical purposes. Dr. Stone is a regular graduate in medicine and has had many years of experience in the practice. Consultations are free. Prescriptions are free, and only regular prices for medicine. Dr. Stone can be found at his drug store, Salem, Oregon, from 6 in the morning until 9 at night.

**ELECT THEM DIRECT**

**Walter Lyon Locks Horns With the Statesman**

(Independence West Side Enterprise, edited by Captain Lyon, formerly Private Secretary to Governor Geer.)

This paper referred disapprovingly to the candidacy of J. M. Shelley, of Eugene, for the legislature, on the ground that he is against that feature of the primary nominating law that provides for the nomination of United States senators by the people. "Mr. Shelley does not declare against that part of the law which provides for the nomination of United States senators," says the Statesman. "He declares against the law as at present worded," the Statesman adds, and goes on to say that "the people of the state are beginning more and more to appreciate 'the nigger in the woodpile,' and also why he was put there. They are beginning to see that nothing is to be gained under the proposed system, because it is becoming more and more evident to the people that the present law not only brings out politicians as candidates for the United States senate, but keeps a number of men whom the people themselves would like to see making the race from doing so."

Too bad there is not some rule of language, or some interpreter of thought unexpressed, to reveal the Statesman's meaning. It is clear enough what the Salem paper is endeavoring to conceal—its opposition to the direct primary law, especially that part relating to the nomination of United States senators. Trying to evade the entire responsibility would, but dare not assume, the Statesman resorts to the use of that convenient word "they" and makes "they" speak for it. The people take the election of United States senators out of the hands of the legislature to nominate themselves and the Statesman's "they" sees a "nigger in the woodpile." "They" are beginning to see that the present law brings out only politicians as candidates. Such philosophy is amusing. The modest gentlemen stay at home. They sat in fifth-story bricks and planned election of legislators they could control. The legislature organized, they swooped down on that body, these modest gentlemen, and the legislature was theirs. No kinky-haired Ethiopian to frighten the Statesman when J. M. Shelley can be sent to the legislature with their "prerogatives" protected.

**A Grim Tragedy**

Is daily enacted in thousands of homes, as Death claims, in each one, another victim of consumption or pneumonia. But when coughs or colds are properly treated, the tragedy is averted. F. G. Huntley of Oaklandon, Ind., writes: "My wife had the consumption, and three doctors gave her up. Finally she took Dr. King's new Discovery for consumption, coughs and colds, which cured her, and today she is well and strong." It kills the germs of all diseases. One dose relieves. Guaranteed at 50c and \$1.00 by J. C. Perry, druggist. Trial bottle free.

The Czar has been so busy dodging that he has not had time to suggest that the whole matter be taken to The Hague for settlement.

**KEYSTONE FENCING**

Wherever Keystone Fencing is known or used it makes lasting impressions. The weave is continuous, and joint cannot slip, and the top and bottom wires are twisted cables. It comes in all weights of all poultry weights, and we carry a stock at all times. Now is the time to get at your fencing. Drop us a line for a catalogue come in and see the fencing.

**Young in the Pen**

Joe Young was brought to the penitentiary yesterday to begin a sentence of six years for the slaying of Kaspar Van Dran, on the morning of May 2d, last. His attorneys tried in vain to secure a stay of execution, pending the disposal of the appeal to the supreme court. If the lower court is reversed today is given a new trial will be granted. Young was brought to the penitentiary yesterday morning by Sheriff Word, leaving Portland on the train. His going had not been announced, and an attempt was made to keep it secret, the prisoner had agreed, it is understood, that he kept as quiet as possible. The for which Young yesterday done vict stripes was the beginning of a strange series of troubles for Van Dran, including the murder of his wife by a mysterious poisoning the suicide of Van Dran in the part of December. It forms one of the strangest chapters in the annals of Portland.

A Pleasant Way to Travel

The above is the usual way for the traveler using the Missouri Pacific railway between the Pacific coast and the east, and we believe that you will find the same excellent service and accommodations given on this statement. From Denver, do Springs and Denver there are through trains daily to Kansas and St. Louis, carrying Pullman standard electric-lighted cars, chair cars and up-to-date sleeping cars. The same excellent service operated from Kansas City and St. Louis to Memphis, Little Rock and Springfield. If you are going south, write for particulars and information.

W. C. M'BRIDE, Gen. Agt. 124 Third St., Portland, Ore.

**STATE SOCIAL NEWS**

**Silverton Notes**

Girl Gadey was in the city last week. Philis Crawford, of Salem, was in the city last week.

Mr. Frank Wray made a business trip to Portland Thursday.

Mrs. Ed Smith made a business trip to Portland last week.

Misses Lela and Lila Dolan, who have been in the city for some time, returned to their home in Portland Monday.

Mr. Frank Rhoads, of Salem, who coached the Silverton basketball team for two weeks, returned to Salem Friday.

The basketball game played between the Salem and Silverton high schools Saturday evening was in favor of Salem, 3 to 7.

There was a social given at the home of Mr. and Mrs. C. M. Wray's Friday evening. A large number attended and a nice time was had.

There was a card party given at the home of Miss Pauline Mascher Thursday evening. Those present were Pauline Mascher, Jennie Barkhart, Alta Schlader, Gertrude Wolcott, Dick Down, Otto Buffe and Frank Rhoads.

Rev. Carlisle B. P. Martin, L. L. D. Of Waverly, Texas, writes: "Of a morning, when first arising, I often find a troublesome collection of phlegm which produces a phlegm and is very hard to dislodge; but a small quantity of Ballard's Horehound Syrup will at once dislodge it, and the trouble is over. I know of no medicine that is equal to it, and it is so pleasant to take. I can most cordially recommend it to all persons needing a medicine for throat and lung trouble." Sold by D. J. Fry.

**Snow in Eastern Oregon**

State Engineer Lewis returned last evening from a business trip to the Ontario country. He reports heavy snow all the way from Pendleton to Ontario.

**YOUR INVITATION**

If you have never had any dealings with us, please consider this an invitation to give us a trial.

To those who may wish to cast their lot with us, we promise our very best service.

**Salem State Bank**

L. K. PAGE, President  
E. W. HARRIS, Cashier

**X-RAYS**

That proposed Portland oil trust is not going to throw any light on the subject.

Portland is trying to establish a coal oil refinery, and the promoters estimate that a \$250,000 plant will pay \$250,000 a year. This looks like Rockefeller himself was taking a whack at the public.

Those Portlanders who propose refining California petroleum, and to make a profit of 150 per cent a year on their investment, are not such humble followers of the great John D. They have some of his instincts, and can give him pointers for gall.

Senator Newlands, of Nevada, thinks it would be cruel to the Filipinos to let their sugar come into this country duty free, because some time they might, as a people, be given their freedom, and then their sugar would be worth \$35 a ton less—someone must be paying somebody \$35 a ton more than sugar is worth now.

**Spilled Her Beauty**

Harriet Howard, of W. 34th street, New York, at one time had her beauty spoiled with skin trouble. She writes: "I had salt rheum or eczema for years, but nothing would cure it, until I used Bucklen's Arnica Salve." A quick and sure healer for cuts, burns and sores. 25c at J. C. Perry's drug store.

**Ready for Saturday's Game**

The girls' basketball team of the University is practicing faithfully these days to get into the best possible condition for the coming game with the Hingler team of Portland, to be played in this city Saturday evening. This will be the best game played in this city by the girls this season. Both teams are among the best in the state. This will be the second game of Willamette, the first being with the Salem high school, which was easily defeated by a score of 14 to 6. The Hingler team, on the other hand, has had several games already, and has never yet been defeated. The local girls will have the advantage of playing on their own floor, and before a crowd composed almost entirely of friends.

**Imperfect Digestion**

Means less nutrition and in consequence less vitality. When the liver fails to secrete bile, the blood becomes loaded with bilious properties, the digestion becomes impaired and the bowels constipated. Herbine will rectify this; it gives tone to the stomach, liver and kidneys, strengthens the appetite, clears and improves the complexion, induces new life and vigor to the whole system. 50c a bottle. Sold by D. J. Fry.

**Cured Lambago**

A. B. Cannon, Chicago, writes March 4, 1903. "Having been troubled with lambago at different times and tried one physician after another, then different ointments and liniments, gave it up altogether. So I tried once more and got a bottle of Ballard's Snow Liniment, which gave me almost instant relief. I can cheerfully recommend it, and will add my name to your list of cures." Sold by D. J. Fry.
