 The pompous gentleman with the \$1000 watch fob was being piloted through the food show by his beautiful daughter. Suddenly one of the demonstrators halted them and said:
 "I will now show you the process in which I serve."
 The pompous gentleman started and looked as though he was about to run. "Please don't say anything about serving processes," cautioned the daughter; "it always makes pa nervous. You see he is a trust magnate." Chicago News.

X-RAYS
 That story of finding Adam's "hell-fire" compound sounds like some one was putting up a job, and not a particularly bright job, either.

 Strange that a man should open one bottle of Adam's burning mixture, and then hide the balance.

 Considerable gossiping is being done in Albany—Albany Democrat.
 Has the good Democratic deacon up the creek been attending the ladies' sewing circle. He ought to pass a blue law putting an end to such a crime as gossiping in the Godly town of Albany.—Salem Journal.

Weak Stomach
AND SICK HEADACHE CURED BY DR. WILLIAMS' PINK PILLS.
 Another Triumph for the Tonic Treatment for Disorders of the Digestive System.
 A great many people who are suffering from indigestion are suffering unnecessarily. They can be cured. Proper attention to the diet and the right remedy to tone up the weakened organs are all that is required. Are you one of the sufferers and are you willing to do your share to make your life happier? The first step is to send to the Dr. Williams Medicine Co., Schenectady, N. Y., for a copy of their diet book, "What to Eat and How to Eat." It is free on request.
 Indigestion is not always recognized as such. Those people who are always tired, worn out and miserable, who have fits of melancholy or of ill temper without apparent reason, should know that indigestion is often the direct cause of all these troubles.
 The symptoms of stomach trouble vary. Some victims have a ravenous appetite, some loathe the sight of food. Often there is a feeling as of weight on the chest, a full feeling in the throat. Sometimes the gas presses on the heart and leads the sufferer to think he has heart disease. Sick headache is a frequent and distressing symptom.
 A very delicate stomach requires easily digested food, but nature never intended that the food should be digested before it is eaten. The stomach must be strengthened to perform its own work and what it needs is not food already digested, but a tonic. The processes of digestion are controlled by the blood and nerves, and medical science has produced no better digestive tonic than Dr. Williams' Pink Pills. This is shown by the statement of Mr. A. C. Merrill, a mining man, of Oneals, Cal., a veteran of Battalion C, Third U. S. Regular Infantry. "I had never been well since I left the army," he says, "always having had trouble with my stomach, which was weak. I was run down and debilitated. Could keep nothing on my stomach, and at times I did not care whether I lived or died. My stomach refused to retain even liquid food and I almost despaired of getting well, as I had tried so many kinds of medicine without relief. Then I was bitten by a rattlesnake and that laid me up from work entirely for a year, six months of which I spent in bed.
 "One day a friend recommended Dr. Williams' Pink Pills to me and I began taking them. They cured me when all other medicines had failed. I have recommended the pills to a great many, for during my recovery everyone asked me what was helping me so and I told them Dr. Williams' Pink Pills. I cannot speak too highly of them."
 Dr. Williams' Pink Pills are guaranteed to be safe and harmless to the most delicate constitution. They contain no morphine, opiate, narcotic, nor anything to cause a drug habit. They do not act on the bowels, but they actually make new blood and strengthen the nerves. If you want good health you must have good blood. Bad blood is the root of all common diseases, like anemia, rheumatism, sciatica, neuralgia, St. Vitus' dance, nervousness, indigestion, debility, general weakness, paralysis, locomotor ataxia and the special ailments that only women-folk know. The only way to cure these diseases is to strike straight at their cause in the blood.
 Dr. Williams' Pink Pills are sold by all druggists, or sent, postpaid, on receipt of price, 50c per box, six boxes for \$2.50, by the Dr. Williams Medicine Co., Schenectady, N. Y.

Talking Shop.
 A bright 10-year-old girl whose father is addicted to amateur photography, attended a trial at court the other day for the first time. This was her account of the judge's charge.
 "The judge made a long speech to the jury of 12 men and then sent them off into a little dark room to develop."

Gives Health, Vigor and Tone
 Herbine is a boon for sufferers from anemia. By its use the blood is quickly regenerated and the color becomes normal. The drooping strength is revived. The languor is diminished. Health, vigor and tone predominate. New life and happy activity results. Mrs. Belle H. Shriel, Middleborough, Ill., writes: I have been troubled with liver complaint and poor blood, and have found nothing to benefit me like Herbine. I hope never to be without it. I have wished that I had known of it in my husband's life time. 50c. For sale by D. J. Fry.

Not His Property Sandwich.
 An urchin who occasionally ventured behind the scenes of a theater on the lower east side of New York during rehearsals, was one day observed by one of the actors sitting in a corner lovingly eyeing a huge sandwich which was held in his grimy hands. He regarded it for a few moments and then, cautiously lifting the top layer, extracted a piece of pickle and ate it. Then he closed it down again very carefully and accurately made all as before. A few moments later he repeated the performance, taking out another piece of pickle and a small fragment of meat and again carefully restoring the sandwich to its original form. After another short interval he took out more pickle and more meat, so that now there was very little of the original layer left, and again he closed it up carefully.
 "What are you doing that for, Tommy?" the actor asked. "That's no way to eat a sandwich. Why don't you eat it all, if you want it, and not pick at it like that?"
 Tommy lifted a scornful eye to the actor's uncomprehending face and muttered laconically:
 "Tain't mine."—Harper's Weekly.
