

Nature's Way Is Best.

The function strengthening and tissue building plan of treating chronic, lingering and obstinate cases of disease as pursued by Dr. Pierce, is following after Nature's plan of restoring health.

He uses natural remedies, that is extracts from native medicinal roots, prepared by processes wrought out by the expenditure of much time and money, without the use of alcohol, and by skillful combination in just the right proportions.

Used as ingredients of Dr. Pierce's Golden Medical Discovery, Black Cherry Bark, Queen's root, Golden Seal root, Hoodroot and Stone root, specially exert their influence in cases of lung, bronchial and throat troubles, and this "Discovery" is, therefore, a sovereign remedy for bronchitis, laryngitis, chronic coughs, catarrh and kindred ailments.

The above native roots also have the strongest possible endorsement from the leading medical writers, of all the several schools of practice, for the cure not only of the diseases named above but also for indigestion, torpor of liver, or biliousness, obstinate constipation, kidney and bladder troubles and catarrh, no matter where located.

You don't have to take Dr. Pierce's Sarsaparilla alone as to this; what he claims for his "Discovery" is backed up by the writings of the most eminent men in the medical profession. A request by postal card or letter, addressed to Dr. R. V. Pierce, Buffalo, N. Y., for a little book of extracts from eminent medical authorities endorsing the ingredients of his medicines, will bring a little book free that is worthy of your attention if you need a good, safe, reliable remedy of known composition for the cure of almost any old chronic, or lingering malady.

Dr. Pierce's Pleasant Pellets cure constipation. One little "Pellet" is a gentle laxative, and two a mild cathartic. The most valuable book for both men and women is Dr. Pierce's Common Sense Medical Adviser. A splendid 1000-page volume, with engravings and colored plates. A copy, paper-covered, will be sent to anyone sending 21 cents in one-cent stamps, to pay the cost of mailing only, to Dr. R. V. Pierce, Buffalo, N. Y. Cloth-bound, 31 stamps.

New York Highway Convention. Albany, N. Y., April 3.—The New York Highway convention opened its annual session here today. Owing to the fact that the state legislature has passed the \$50,000,000 state bonding law, which opens a new era in road building in this state, the present session is of the greatest importance.

The six previous conventions have been held in the latter part of January or in the beginning of February, because their chief purpose was to urge liberal and adequate appropriations of money for the care of the money system roads, and the construction of the main highways under the two state aid acts. But this year, with \$50,000,000 at the disposal of the legislature, the situation is very much changed, since the funds are so large and the legislation desired so important that the executive committee considered it better to call the convention for a later date.

in Massachusetts; that the state designate the roads to be improved so that the apportionment can be made equitably between the counties of the state. It also recommends that grade crossings be eliminated; that county conventions be held to discuss highway improvements; that prison labor be employed in crushing stone for use on the roads, and that a law be passed to acquire the property necessary for good roads by condemnation proceedings, without the expensive practice now in vogue.

All About One-Fifth of a Penny. Berlin, April 3.—One of the most curious cases of red tape has developed from a case in bankruptcy at Düsseldorf, in which the German postal administration figured as a creditor for the sum of about 25 cents, a claim for unpaid telephone charges. The dividend declared was about 7 cents to every five dollars, and thus the post office became entitled to 1.2-3 of a pfennig in German money. Concerning this claim six voluminous letters have been written by the postal authorities to the official receiver in the bankruptcy, necessitating as many replies, and the end is not yet. The receiver is at a loss how to transmit the exact sum of 1.2-3 of a pfennig, and the postal administration declines to write off as a bad debt anything but the precise amount, including the fraction. There is every prospect of a voluminous dossier accumulating in this portentous matter.

Tuskegee Anniversary Celebration. Tuskegee, Ala., April 4.—Today is the opening day of the celebration in honor of the 25th anniversary of the establishment of the Tuskegee Normal and Industrial Institute and everybody seems to be in a fever of excitement and anticipation. The celebration will last three days and will begin this evening with a large meeting, which will be attended by the students, the members of the faculty, and a large number of invited guests, including Andrew Carnegie, President Eliot, of Harvard, Secretary of War Taft, Robert C. Ogden, president of the southern education board, Seth Low and many other men of distinction.

Some of the invited guests have already arrived, while others are expected here this afternoon. Mr. Ogden, who is also president of the board of trustees of the institute, will bring a number of his friends from New York on a special train. The list of speakers who will deliver addresses during the three days of the celebration includes, besides those already mentioned, the following: Bishop William Crosswell Donae, who will preach the anniversary sermon; Dr. M. C. B. Mason, corresponding secretary of the Freedmen's Aid and Southern Education society of the Methodist Episcopal church of Cincinnati; Principal Booker T. Washington of Tuskegee institute; Judge W. H. Hurt of Tuskegee; Prof. S. O. Atkins, secretary of the board of education, African Methodist Episcopal church of Kansas City; J. C. Napier, president of the One Cent Savings Bank, Nashville, Tenn.; President John H. Abercrombie of the University of Alabama; Dr. E. C. Morris, president of the National Baptist convention, Helena, Ark.; Dr. Lyman Ab-

"DO IT TO-DAY!"

"And to think that ten months ago I looked like this! I owe it to German Syrup." The time-worn injunction, "Never put off 'til to-morrow what you can do to-day," is now generally presented in this form: "Do it to-day!" That is the terse advice we want to give you about that hacking cough or demoralizing cold with which you have been struggling for several days, perhaps weeks. Take some reliable remedy for it to-day—and let that remedy be Dr. Boschee's German Syrup, which has been in use for over thirty-five years. A few doses of it will undoubtedly relieve your cough or cold, and its continued use for a few days will cure you completely. No matter how deep-seated your cough, even if dread consumption has attacked your lungs, German Syrup will surely effect a cure—as it has done before in thousands of apparently hopeless cases of lung trouble. New trial bottles, 25c; regular size, 75c. At all druggists.

Sold in Salem by S. C. Stone.

Dr. H. B. Friesell, principal of Hampton institute; Dr. W. Bruce Evans, principal of the Armstrong Manual Training school, Washington, D. C.; Bishop G. B. Galloway of the Methodist Episcopal church south, of Jackson, Miss.; Oswald Garrison Villard, of the New York Evening Post, and others.

A Lucky Postmistress. Is Mrs. Alexander of Cary, Me., who has found Dr. King's New Life Pills to be the best remedy she ever tried for keeping the stomach, liver and bowels in perfect order. You'll agree with her if you try these painless purifiers that infuse new life. Guaranteed by J. C. Perry, druggist. Price 25c.

U. of M. Produces Japanese Orator. Ann Arbor, Mich., April 4.—For the first time in history the University of Michigan will be represented by a student of an eastern race in the contest of the Northern Oratorical league, which will be held this year at Oberlin, O., on the evening of May 4. The young man who will have the honor of representing the University of Michigan in that inter-collegiate contest against representatives of the six other universities and colleges is Kiyu Sue Inui, of Kobe, Japan, a member of the senior class in the literary department.

Ever since he entered the university four years ago Mr. Inui has taken a prominent part in oratorical contests, always winning high rank and honors. Last year in the university oratorical contest he won second place with an oration on "The Sick man of Asia and His Doctors." This year he won first place with an oration on "The Mission of New Japan." Every summer he arranges a lecture tour through Michigan and adjoining states. His favorite topics are the various phases of the eastern question. He is a member of the Alpha Nu literary society and the founder and first president of the Cosmopolitan club.

Little Chance for Promotion. Washington, April 4.—The promotion of 15 civil engineers from the rank of lieutenant, junior grade, to that of lieutenant, comes as a surprise to the members of that corps, but it has not, by any means, represented the wishes of those who desire that the rank of the civil engineers shall be changed in order to make the branch more attractive to civilian candidates. A proposition was recently made in favor of having the rank so fixed as to make additional numbers to the higher grades.

Under the law this can be done by the President by an executive order. The recommendations made by representatives of the civil engineers was not adopted; instead the President decided to confine the change to the rank of lieutenant and lieutenant-junior grade, so as to have promotion with the line officers with whom they take precedence, as is the case with officers of the other staff corps of the navy. This has the immediate effect of promoting 15 junior civil engineers, but it is not considered as affording the relief which the civil engineers have been a holding out' as their just due.

Too Willing. A darkey wanted very much to propose to his lady love, but, strange to say, he didn't have the nerve. Some one suggested he resort to the telephone, so he called her up. "Dat you, Dinah?" "Yass," was the reply. "Say, Dinah, I want to ask you somethin'." "Yass." "Dinah, will yer marry me?" "Yass; who is it please?"—Lippincott's.
