CAR LOAD OF DYNAMITE EXPLODES

TWELVE KILLED OUTRIGHT

Twenty Injured, Many of Whom Will Die--The Dead Are Frightfully Mangled, and Many Buildings Are Wrecked

Paso, Texas, Aug. 16.—By the explosion of an entire carload of dynamite at 4 o'clock yesterday, at the Bulalia mines, 12 miles from Lubbock, Mexico, 12 people were outright and two score injured so that many will die. The dead were frightfully mangled. Warehouses and dwellings near the car were demolished and almost all the lives in the entire camp were lost. Two Americans, whose names are as yet unlearned, were among the killed. The cause of the explosion is not definitely known, but the finding of the corpse of a boy with a 32-rifle among the dead is believed to furnish a clue. It is thought he fired into the car or a pile of dynamite, causing the whole to explode. The dynamite was unloaded from the car by a number of laborers, among whom was the largest mortality.

Negro Farmers Hold Meeting.

Memphis, Tenn., Aug. 16.—Under the auspices of the Southern Negro Farmers' Educational bureau a large convention of negro farmers met here this morning. The session was opened by Superintendent Stanley P. Mitchell, who will be one of the principal speakers at the meetings. The principal object of the bureau is to educate the negro on the importance of the farmer to the government, the retention of his farm lands and the importance of doing everything possible to prevent the negro farmer from being supplanted by white farmers. Another point is to teach the negroes to be more provident, raise more of the necessities of life and buy less on credit.

(Four O'clock Edition.)
Lakeview, Or., Aug. 16.—The rush to the new strike, 25 miles northeast of Lakeview, in Coyote hills, keeps up. Five wagon loads of people arrived here today from California. A new ledge was found yesterday three miles south of the original find. Dirt picked up in the ravines in the vicinity of the strike pans \$6 per pan. A body of book leaf ore has been discovered that assays \$50,000 per ton. A ledge has been discovered within half a mile of Lakeview that shows values of \$2.85 in gold. The old Sagehen mine, 10 miles from Lakeview, is being relocated and 20 claims have been taken there. The ore closely resembles the Tonopah ore and runs from \$200 to \$500 per ton. WILL ELECT TODAY

Grand Army Addressed by Corporal Tanner--Order Gains Membership

Minneapolis, Min., Aug. 16.—The G. A. R. will elect a commander and select the next place for the encampment today. Brown, of Ohio, leads for Tanner's chair. Ireland will likely be the next chaplain. After the preliminary business Tanner made the annual address. He said partly:

"Despite 9000 deaths, which led me to expect a decrease inevitable the G. A. R. last year increased its membership 3,500. During the last year, while the public conscience was outraged by the exposure of corruption in high places, the minutest investigation reveals the fact that not one veteran of the civil war was among the fallen and guilty. The G. A. R. responded royally to the appeal for funds for the relief of San Francisco. I hope Memorial day will be kept sacred and desire that all work for the suppression of ball games, races and other sports on that day. I am assured of the cooperation to all possible extent of the president in securing \$12 monthly for all veterans, and \$12 for all their widows, although it will take \$34,000,000 from the treasury at the start."

He referred to the accident in which his wife was killed, and paid her a touching tribute. He said nothing in life touched him so, not even the loss of Bull Run.
