## SAYS JURIES INCLINED TO BE PARTIAL

### Master Fish Warden Thinks Arbiters of Justice Discriminate Against Big Fish

"Chief among the troubles and disappointments encountered in the prosecutions of violators of the state fishing laws," said Master Fish Warden Van Dusen, yesterday afternoon during a discussion of the failure of several juries to convict in the four recent cases cited at Oregon City and the consequent complaint of District Attorney Schuebel and statement that he would not attempt further prosecution of such cases until assured of the support of public sentiment, "is the fact that it almost invariably transpires that, while an ordinarily representative jury will find a verdict of guilty against a big corporation, the same body of men discriminates in favor of the less prominent and individual violator of the law."

He says that, while Attorney Schuebel was keenly disappointed in the failure of the jury in the case of the state vs. H. Bigelow, the Abernethy sawmill man, tried on the charge of permitting sawdust to be placed in the water of a tributary of the Clackamas river, to find a verdict of guilty of the defendant seemed undisputable, he does not think he will refuse to prosecute further violations of the law but will go ahead and do his duty whenever sufficient evidence of guilt is produced. Other cases cited in support of his argument that juries are inclined to discriminate against big corporations are those of the Crown-Columbia Pulp & Paper company, in which a verdict of guilty was found; and that of C. E. Bubeys, twice indicted resulting in a "hung" jury in the first case and a verdict of not guilty in the second.

### Cured Consumption.

Mrs. B. W. Evans, Clearwater, Kan., writes: "My husband lay sick for three months. The doctors said that he had quick consumption. We procured a bottle of Ballard's Honey-Syrup, and it cured him. That was six years ago. Since then we have always kept a bottle in the house. We cannot do without it. For coughs and colds it has no equal." 25c, 50c and \$1.00. Sold by D. J. Fry's drug store.

## SAVED BRYAN'S LIFE

Governor McWilliam Tasted Poison Intended for Great Commoner.

Washington, Nov. 8.—"There has never been anything in American politics equal to the devotion, almost idolatrous of the followers of William Jennings Bryan," said a well known newspaper correspondent who traveled on Mr. Bryan's special train in the campaign of 1896. "I never knew but on ediscord in this chorus of devotion, and that was in a little town in eastern Tennessee. It has never been accounted for.

"By general agreement at the time, nothing was said in the newspaper reports about the incident. It might have destroyed Bryan's vocal powers for all time, had it not been for the thoughtfulness of former Governor Benton McMillan. We had been doing some hard campaigning and Bryan's voice was impaired. He could hardly speak above a whisper.

"Just before the train pulled out of the little town where he had been speaking, a man stepped up to the rear platform and handed a bottle to a member of the Bryan party, saying that the mixture was a favorite prescription in his family, and a wonderfully effective remedy for throat trouble.

Would have Impressed Bryan. "He said that he wanted Bryan to use it. The person appeared to be a kind hearted, generous country fellow whose sincerity would have impressed the candidate, had he been permitted to meet the commoner. When McMillan saw the bottle handed up, he demanded that it be given to him before being passed to Bryan. After hearing an explanation regarding its contents, McMillan said: 'I guess I will see about this,' and removing the cork of the bottle he touched his tongue to the contents.

"Instantly he recoiled with a cry of pain. The fluid contained an acid of such corrosive properties, that it almost burned through McMillan's tongue. He was under treatment for several weeks, before recovering from the effects. Had Bryan tasted the contents of that bottle, he might never have been able to make another speech. Just why any person should have had any designs on the Democratic candidate for President, has never been satisfactorily explained. The story has never been printed before.

Guarded His Sleep. "Still another incident illustrating the personal devotion of Bryan's followers to him, but one which had a less serious aspect, occurred in North Carolina. I was finishing up my press report on the train, in order to file it at the next station. I had orders to interview the presidential candidate on a certain development of the campaign.

"Bryan had the accomplishment of being able to drop into a profound slumber when he was tired, day or night, and it seemed that he was in the midst of a doze when I stepped into his car. Standing beside him, waving a fan, over the commoner's closed eyelids, was a local North Carolina Democratic politician. Frequently he gazed into Bryan's face with a look of sincere devotion. As I called out at the door, he raised his hands deprecatingly, and with great dramatic effect, exclaimed: 'Hold! The President sleeps.'

"It was a comic situation to every one, except to Bryan's faithful attendant. He never was more in earnest in his life."

Constipation. Health is absolutely impossible, if constipation be present. Many serious cases of liver and kidney complaint have sprung from neglected constipation. Such a deplorable condition is unnecessary. There is a cure for it. Herbine will speedily remedy matters. C. A. Lindsay, P. M., Bronson, Fla., writes, Feb. 12, 1902: "Having used Herbine, I find it a fine medicine for constipation." 50c a bottle. For sale by D. J. Fry drug store.

## The Badge of Honesty

Is on every wrapper of Doctor Pierce's Golden Medical Discovery because a full list of the ingredients composing it is printed there in plain English. Forty years of experience has proven its superior worth as a blood purifier and invigorating tonic for the cure of stomach disorders and all liver ills. It builds up the run-down system as no other tonic can in which alcohol is used. The active medicinal principles of native roots such as Golden Seal and Queen's root, Stone and Mandrake root, Bloodroot and Black Cherrybark are extracted and preserved by the use of chemically pure, triple-refined glycerine. Send to Dr. R. V. Pierce at Buffalo, N. Y., for free booklet which quotes extracts from well-recognized medical authorities such as Drs. Bartholow, King, Scudder, Cox, Ellingwood and a host of others, showing that these roots can be depended upon for their curative action in all weak states of the stomach, accompanied by indigestion or dyspepsia, as well as in all bilious or liver complaints and in all "wasting diseases" where there is loss of flesh and gradual running down of the strength and system.

The "Golden Medical Discovery" makes rich, pure blood and so invigorates and purifies the stomach, liver and bowels, and through them, the whole system. Thus all skin affections, blotches, pimples and eruptions as well as scrofulous swellings and old open running sores or ulcers are cured and healed. In treating old running sores, or ulcers, it is well to insure their healing by applying to them Dr. Pierce's All-Healing Salve. If your druggist don't happen to have this Salve in stock, send fifty-four cents in postage stamps to Dr. R. V. Pierce, Invalids' Hotel and Surgical Institute, Buffalo, N. Y., and a large box of the "All-Healing Salve" will reach you by return post.

You can't afford to accept a secret nostrum as a substitute for this non-alcoholic, medicine of known composition, not even though the urgent dealer may thereby make a little bigger profit.

Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. Sugar-coated, tiny granules, easy to take as candy.

Notice is hereby given that at the meeting of the Council of the City of Salem, held Monday, November 5, 1906, the following resolution was adopted:

Resolved, That the Council of the City of Salem, Oregon, deems it expedient and proposes to improve State street from the east line of Commercial street to the west line of Church street in the following manner, to-wit:

First—By taking up the artificial stone cross walks.

Second—By grading the roadway from the east line of Commercial street to the west line of High street a width of thirty and one-half feet on each side of the center line of the street, and from the east line of High street to the west line of Church street the space between the curbs as they are now in place, and the full intersection of Liberty street and High street to the proper subgrade.

Third—By paving the roadway and full intersections, save and except the space between the rails and one foot outside of the rails of the street railway tracks with Warren's Bitulithic Water Proof Pavement.

Fourth—By paving the space between the rails of the railway tracks and one foot outside of the track, belonging to the Portland General Electric R. R. Co., and Oregon Electric R. R. Co., with stones and blocks set on concrete and grouted with cement mortar and by replacing the rails now in use with grooved rails not less than seven inches in depth and weighing not less than seventy-five (75) pounds per yard. The concrete under the rails and stone blocks to be not less than six inches in depth.

Fifth—By constructing artificial stone curbs on each side of the street from the east line of Commercial street to the center line of High street, thirty-one and one-half feet from the center line of the street, and joining the curb with those now in place on Liberty street and High street, and by constructing artificial stone sidewalks over the space between the curbs now in place and the proposed new curb, and on other portions of the sidewalk area not now paved with artificial stone sidewalk.

Sixth—By constructing an inlet for the water at the northeast corner of the intersection of State street with High street and a catch basin at the northwest corner, and connecting the inlet and catch basin with six-inch vitrified sewer pipe, and connecting the catch basin with the sewer with six-inch sewer pipe. Said improvements to be made in
