

**First Rule of Health**

Ask your doctor, "What is the first great rule of health?" Nine doctors out of ten will quickly reply, "Keep the bowels regular." While you are about it, ask him another question, "What do you think of Ayer's Pills for constipation?" We are willing to trust him. Are you? We have no secrets! We publish the formulas of all our preparations. J. C. Ayer Co., Lowell, Mass.

**SALEM COUNCIL PROCEEDINGS**

**Ordinance Passed For Uniforming the Police of the Capital City**

Gideon Stolz was made acting mayor pro tempore until Mayor Rodgers should arrive.

Mr. Downing from the committee on streets reported favorably on petition to open a street from the west terminus of Hickory street on High-land avenue to Front street. Adopted.

Mr. Haas from the committee on health and police reported on condition of city jail and recommends screens for windows and a light. Report adopted.

Same committee reported ordinance for uniforming police, amended so as to add an overcoat of same material. The report was adopted.

Mr. Goode of the committee on lights reported that the electric light company could not get poles or rights. Time was extended.

Mr. Jacobs asked why no action had been taken about installing three lights ordered in the Fifth ward.

Mr. Greenbaum asked that the city attorney be asked to give the council the law at the next meeting under which the lights were installed.

Mr. Radcliff asked that citizens of Pleasant Home be permitted to carry on some drainage work, and be furnishing with plank for a foot bridge.

Mr. Stockton asked that some action be taken to allow drainage of the city hall basement. Mr. Downing advocated connection with the sewer. Mr. Stockton accepted the suggestion. The nearer full the sewer could be kept the better from a sanitary standpoint. The new board under stood what a sewer was and would grant the privilege.

Mr. Fraser moved the mayor appoint a committee of three to confer with the state board of building commissioners and secure the proper permit.

Mr. Gesner said it would be impossible to build sewers big enough to carry off surface water.

Mr. Haas said the people of Twelfth street wanted that street improved and moved that the street committee report on the improvement of that street. They had once asked to have the street improved with gravel. The committee recommended macadam, and they had remonstrated against that.

Mr. Stockton said if the people would bring in a petition the council would be glad to order the street improved.

Mr. Gesner said the railroad com-

pany had no franchise on that street. It would do no good to gravel that street. A catch basin should be put in to take the surface water into the sewer.

Mr. Haas said there was only one sidewalk along Twelfth street. Very little had ever been done on that street. They wanted a grade and a curb line established. His motion was carried.

Mr. Goode spoke of the deplorable condition of Broadway. Mr. Tiffany, of the Oregon Electric, said his company was ready to do its part.

Mr. Downing said the people were ready to petition for a permanent improvement. The railroad company was ready to act if the city would establish a grade.

Mr. Stolz said the grades must be established for the whole ward. There was too much water now to get over the ground. At next meeting the street committee would bring in a report.

Mr. Low asked that the recorder write the Southern Pacific company requesting them to install electric alarms at street crossings.

Mr. Radcliff moved that the city attorney be requested to draw an ordinance to compel the Southern Pacific Company to install alarm bells at street crossings.

Mr. Bayne moved that a four-foot plank walk be constructed on lots of Andrew Osmenson on or before March 9.

Mr. Jacobs said he was opposed to four-foot walks as it gave an impression of being poverty stricken.

Mr. Downing said the resolution was out of order as it conflicted with the city ordinances. The council sustained Mr. Downing.

The resolution was referred back to Mr. Bayne with instruction to draft it in accordance with the sidewalk ordinance.

Mr. Goode moved the construction of a crossing on Broadway on North side of Belmont.

Mr. Stolz said he favored referring this to the street commissioner with power to act. Carried.

Mr. Jacobs asked whether the city charter had any provisions that gave a committee arbitrary power over crosswalks.

Mr. Bayne moved that the ordinance be referred to the city attorney for information.

Mr. Haas brought up the case of a citizen who had asked that his house be wired by the General Electric company. He wanted to know what rights the Portland General Electric company had to refuse to connect up lights with a citizen's house. He moved that the city attorney be required to report as to the rights of the people.

City Attorney Condit reported adversely on bill of Salem Hospital for \$105 for treatment of Mr. Dieck, who was shot by Policeman Busick. It was not a legal claim against the

city. Mr. Haas was opposed to the payment of the bill. Mr. Dieck had paid the bill once. He had a bill for \$105, on which \$60 was paid and \$45 was mutilated currency sent to Washington for refunding to the hospital. This was clearly an attempt to make the city pay a bill that was already paid. It was trying to collect a bill twice. He was opposed to this way of doing.

Mr. Gesner said the hospital could sue the city, or its friends could go around and "cuss the council." They would find the city ready to stand a suit.

Mr. Gesner introduced an ordinance to repeal the saloon license ordinance passed December 31, 1906. Referred to committee on ordinances.

The ordinance to uniform the Salem police was passed.

E. J. Bullitt asked right to put up a corrugated iron building at 126 South Commercial street. Referred.

Mr. Bayne asked that a sum from the \$2000 park fund of \$400 be set aside to install the new fountain that had arrived for Marion Square. Mr. Gesner wanted to know if this money was absolutely necessary. He was opposed to appropriating money until the city had it.

After hearing the objections of Mr. Gesner, Mr. Bayne moved that \$200 be set aside for freight on the new fountain, which had been bought by the ladies' committee of Marion Square. The warrant should be drawn payable to the park board. The motion was carried by Mr. Bayne.

F. F. Carey was granted right to erect a sign in front of his place of business, subject to direction of street committee.

Mr. Greenbaum called up the matter of bad sidewalks and flooding of Twenty-fourth street. Street commissioner reported that matters had been fixed.

Report of Chief Savage, of fire department, was read for past month.

Mr. Stolz expressed his appreciation of the work done by the fire department at his factory recently. It had been very well handled.

Recorder Moores read request of Mrs. A. F. Huntley to fill ditch on north side Waller street.

Webster Holmes served notice asking for warrant for \$20.25 in case of A. Smith vs. city in dog suit.

C. D. Jones and 18 others asked that taxes collected from them by the "unnecessary and illegal tax on dogs in this city," and that as the circuit court had declared it illegal, it be repealed and money collected be refunded.

The city payroll was read and adopted.

The bill of the city librarian for \$30 was on motion of Mr. Gesner referred to the city attorney for an opinion.

Communication from Mr. Page and Portland General Electric company relating to concrete bridge on North Commercial street, was read. Same was referred to city attorney. Application for liquor licenses of F. H. Collins and Pratt & Co., referred to license committee.

An ordinance by Mr. Radcliff to license insurance companies was introduced and read twice. Referred to committee on ordinances.

**SET UP THE CIGARS.**

**Max Buren Had to Be Shown, and He Furnished the Smokers.**

Notwithstanding the court house improvement controversy has grown somewhat hot, everybody is glad to have a little fun out of it, and to hear a good story on either side. In this connection a little episode has occurred that will bear repeating, but then The Journal is not going to rub it in. The joke is on Max Buren, and he seems to enjoy it as well as any one else, if not a little more so. Max, it will be remembered, has done some solid protesting about the high taxes, and when it was stated last week that his taxes would be less this year than last he took it as a joke, but at last, as a true Missourian, he went up to the assessor's office to have them "shown him."

Fred Rice and Billy Hall received him with a smile of satisfaction and proceeded to figure it out. When the whole matter was sifted it was found that last year his total taxes were \$260.30, while under the new full-value-double-header-county court house improvement assessment and levy it will cost him \$267.55, or just \$2.72 less than last year. It is needless to say that the young furniture dealer "ducked," and forthwith sent a box of good cigars up to Assessor Rice with his compliments. He promised to "lay down" and be a good dog, and never howl again until he knew what he was discussing.

**CASTORIA.** The Kind You Have Always Bought.

**The Knock-out Blow.**

The blow which knocked out Corbett was a revelation to the prize fighters. From the earliest days of the ring the knock-out blow was aimed for the jaw, the temple or the jugular vein. Stomach punches were thrown in to worry and weary the fighter, but if a scientific man had told one of the old fighters that the most vulnerable spot was the region of the stomach, he'd have laughed at him for an ignoramus. Dr. Pierce is bringing home to the public a parallel fact; that the stomach is the most vulnerable organ out of the prize ring as well as in it. We protect our heads, throats, feet and lungs, but the stomach is utterly indifferent to, until disease finds the solar plexus and knocks us out. Make your stomach sound and strong by the use of Dr. Pierce's Golden Medical Discovery, and you protect yourself in your most vulnerable spot. "Golden Medical Discovery" cures "weak stomach," indigestion, or dyspepsia, torpid liver, bad, thin and impure blood and other diseases of the organs of digestion and nutrition.

The "Golden Medical Discovery" has a specific curative effect upon all mucous surfaces and hence cures catarrh, no matter where located or what stage it may have reached. In Nasal Catarrh it is well to cleanse the passages with Dr. Sage's Catarrh Remedy fluid while using the "Discovery" as a constitutional remedy. Why the "Golden Medical Discovery" cures catarrhal diseases, as of the stomach, bowels, bladder and other pelvic organs will be plain to you if you will read a booklet of extracts from the writings of eminent medical authorities, endorsing its ingredients and explaining their curative properties. It is mailed free on request. Address Dr. R. V. Pierce, Buffalo, N. Y. This booklet gives all the ingredients entering into Dr. Pierce's medicines from which it will be seen that they contain not a drop of alcohol, pure, triple-refined glycerine being used instead.

Dr. Pierce's great thousand-page illustrated Common Sense Medical Adviser will be sent free, paper-bound, for 21 cent stamps, or cloth-bound for 31 cent stamps. Address Dr. Pierce as above.

The above cut shows our brick-lined Torrid Zone Furnace. Guaranteed gas and dust proof. Economical and durable; for the particulars inquire at

**A. L. FRASER**  
254 State Street.

**SEEDS**

This is the season for selecting your seeds. We have a large cargo of

**NEW SEEDS**

Made by THE SYDNEY POWER COMPANY, Sidney, Oregon. Made for family use. Ask your grocer for it. Bran and shorts always on hand.

**P. B. Wallace AGENT**

Portland baseball players will go to California next month for practice.

Neighbors Got Fooled.

"I was literally coughing myself to death, and had become too weak to leave my bed; and neighbors predicted that I would never leave it alive; but they got fooled, for thanks be to God, I was induced to try Dr. King's New Discovery. It took just four one dollar bottles to cure the cough and restore me to good sound health," writes Mrs. Eva Uncapher, of Grovertown, Stark County, Ind. This King of cough and cold cures, and healer of throat and lungs, is guaranteed by J. C. Perry, Druggist. 50c and \$1.00. Trial bottle free.
