## The Modesty of Women

daturally makes them shrink from the Indelicate questions, the obnoxious examinations, and unpleasant local treatments, which some physicians consider essential in the treatment of diseases of women. Yet, if help can be had, it is better to submit to this ordeal than let the disease grow and spread. The trouble is that so often the woman undergoes all the annovance and shame for nothing. Thomsands of women who have been cured by Dr. Ricros's Favorito Prescrip-tion write in appreciation of the cure which disputed with the examinations and local treatments. There is no other medicine so sure and safa for delicate women as "Fave as reactivition." It cures debilly in a reactivition." It female weathers. It always helps. It almost always cures. It is strictly nonalcoholic, non - secret, all its ingredients being printed on its bottle-wrapper; contains no deleterious or habit-forming drugs, and every native medicinal roc entering into its composition has the full endorsement of those most eminent in the several schools of medical practice. Some of these numerous and strongest of professional endorsements of its ingredients

will be found in a pamphlet wrapped around the bottle, also in a booklet mailed free on request, by Dr. R. V. Pierce, of Buffala, N. Y. These professional en-dorsements should have far more weight than any amount of the ordinary lay, or non-professional testimonials. The most intelligent women now-a-days insist on knowing what they take as meticine instead of opening their months like

a lot of young birds and guiping down whatever is offered them. "Favorite Prescription " is of ENOWN COMPOSITION. It makes weak women strong and sick Women well. Dr. Pierce's Medical Adviser is sent free
